SIXTY-EIGHTH YEAR | Telephone 26121 | EDMONTON, ALBERTA, WEDNESDAY, FEBRUARY 25, 1948 | PRICE 5 CENTS | 20 PAGES

—Photo by Bland.

MRS. MINA GASSER, 70-year-old lady who arrived from Switzerland by plane Tuesday was greeted by her son Eugene Gasser of Camrose. It is 20 years since they had seen each other, as Mr. Gasser came to Canada in 1928. (See story Page 13).

TERMED OF DOUGLAS-BYRNE VIRUS

"What About Hooke?" Roper Inquires in House

Fate of the provincial secretary (Hon. A. J. Hooke) "who has always been the most vocal disher-outer of the Douglas-Byrne virus," and of the "Three Musketeers of the Social Credit Board" was questioned by Elmer E. Roper, Alberta CCF leader in a speech prepared for delivery in the Throne Speech debate in the Alberta legislature on Wednesday.

Mr. Roper was referring to the recent resignation of R. Earl Ansley (SC Leduc) from the education portfolio and to the dismissal of L. D. Byrne, deputy minister of economic affairs, who were said to have held "views at variance with those of the government."

NO "ADMIRATION"

He could not look on the government's position with "admiration or charity," Mr. Roper said.

"I cannot forget that I have sat here for five years, listening, for a good share of each session, to the kind of poisonous drivel which has poured from Mr. Byrne's pen," he said.

"Has he (the provincial secretary) recanted?" he queried, also questioning the position of the Social Credit Board. "Are we to hear from them, or will they crawl in a hole and pull the hole in after them?"

HURLS BACK CHARGE

The charge that the CCF was to be "wedded" to the Labor-Progressive party was hurled back at the government benches. Mr. Roper recalled that in a federal by-election in 1938, which had been won by Orvis Kennedy, Social Credit candidate, with Communist support. Communists and Social Crediters had joined in the rejoicing which followed the victory.

Premier Ernest Manning, then provincial secretary, Hon. Lucien Maynard, KC, attorney-general, then minister of municipal affairs, had spoken on that occasion from the same platform as Neelis Morris, Communist national secretary, and Jan Lakeman, prominent local communist of that day.

The speaker reminded Mr. Manning of the statement: "People who live in glass houses should undress in the dark."

Charges that the CCF had opposed every government measure even when designed to aid the people of the province were denied by Mr. Roper, who cited instances in which his group of two had supported the government.

B.C. Police Capture Suspected Murderer

VANCOUVER, Feb. 25.—(CP)—Police last night captured William Piercy, 39-year-old truck-driver, charged with the shot-gun slaying of Bernard H. Smith, 40, millworker.

He was arrested in the heart of Vancouver's downtown area. He offered no resistance.

The shot-gun-blasted body of Smith was found in a woodshed at his isolated North Vancouver home Monday night.

His slaying was one of three violent deaths in British Columbia within 24 hours.

At Creston, B.C., a boy has been charged with the murder of his brother, killed by a rifle bullet during a family quarrel. Police withheld details. The body of the brother, Nicholas Nespiak, was found at his farm home.

At Kamloops, authorities investigated the death of an unidentified Indian woman whose body was found on the banks of the South Thompson river.

Investigators believed a neighborhood feud was responsible for the slaying of Smith.

Piercy, police were told, confessed to a Vancouver lawyer: "I've done it. I've killed a man."

FLEES IN NIGHT

Rae Anderson, the lawyer, telephoned police, but before officers arrived, Piercy fled, later in the night making his way to Vancouver.

The trail was lost when he entered a taxi on the waterfront.

Earlier Piercy allegedly threatened three men in North Vancouver, including Smith's father-in-law, James Cummings.

"There's going to be trouble tonight," Piercy told one of the men.

A few minutes later, Smith, standing beside a chopping block, was shot in the back. The slayer had come out of the surrounding bushland.

Piercy has a wife and four children in North Vancouver. Smith is survived by his widow and two young daughters.

Packing Workers Seek Further Pay Boost Next Fall

TORONTO, Feb. 25.—(CP)—Fred W. Dowling, Canadian head of the United Packinghouse Workers of America (CIO), predicted yesterday that his union will make another demand for wage increases this fall.

Just back from Regina where he attended a meeting of the union's Saskatchewan council, Mr. Dowling said that wage hoosts last October which followed a lengthy packinghouse strike have been "almost completely wiped out" by price increases.

DEVELOP NEW SECRET ARMS

LONDON, Feb. 25.—(BUP)—The British army is developing "wholly new types" of secret weapons, Secretary of State for War Emanuel Shinwell told the house of commons today.

He said the army must continue heavy overseas commitments, so that 18-year-old conscripts will be trained in the British zone of Germany this year. Heretofore, recruits have been trained in England.

He estimated the army's budget for the fiscal year beginning March 31 would be $1,360,400,000—$664,912,000 less than for 1947-48.

Player-Gambler Link Is Still Being Probed

DETROIT, Feb. 25.—(CP)—President Clarence Campbell of the National Hockey League said today the Detroit police department has offered full co-operation in investigation of hockey gambling charges but so far there is little definite information to go on.

He told The Canadian Press all he could do for the present was to await further investigation by Detroit police into the gambling reports which linked two NHL players with an ex-convict's betting activities. He added he probably would return to Montreal and come back to Detroit only if developments warrant.

Campbell said that if "strong circumstantial evidence of a player-gambling tie-up" is uncovered it will be investigated.

He spoke after an hour-long conference with Detroit Police Commissioner Harry Toy, who told the NHL head he has reason to believe that conversations between NHL players and Gambler James Tamer did take place. However, Toy said he did not know who the players are and it might take a week or more to uncover the information.

WANTS TALK TO TAMER

After the Toy conference, Campbell decided to appeal to Gov. Kim Sigler for permission to question James (Caso) Tamer, 36-year-old ex-convict named by the Commissioner as the man to whom calls were made originating at bets.

Campbell said he hoped to learn from Tamer the names of the players reported involved in gambling. The league president said he would ask that Tamer be made available for questioning by officials of various hockey clubs.

A "big field for investigation" exists in professional hockey, Campbell said, "if events took place as reported."

"I believe there is some circumstantial evidence, or at least some questionable condition."

"Hooke Am I Saying!

Alberta Govt. Must House Immigrants Warns Mayor

Violence Flares As Benes Bows To Reds' Might

Communist Cabinet Accepted To Complete Swift Coup

By George Pipal

PRAGUE, Feb. 25.—(BUP)—President Eduard Benes gave in tonight to terrific pressure and Premier Klement Gottwald put the seal of authority on the Communist seizure of Czechoslovakia by setting up an all-leftist cabinet composed mostly of his own henchmen.

At the very hour Benes accepted the Communist ultimatum for the new cabinet, students marching to the presidential palace to ask him to hold out reported that police fired into their ranks, wounding five, and clubbed 15 or 20 more with rifle butts.

Benes failed to speak by radio to the nation at 7 p.m., as scheduled. An unimpeachable source said he cancelled the speech of his own volition.

An hour and a half earlier, Gottwald told a crowd of more than 300,000 packed into Wenceslaus Square that the Communists had won. He tolled off the names of his cabinet, and paused for cheers after each name.

APPROVED BY BENES

It was the cabinet list—12 Communists, 11 other quasi-politcos mostly fellow travelers—which Benes had approved under a mountain of pressure directed at him by the Communists.

The opposition, Gottwald said, which tried to upset the people's democratic regime finally "has been crushed and defeated." That was the epitaph of the coalition government which under Gottwald had ruled Czechoslovakia under an uneasy truce.

The milling throng heard another Communist speaker, Vaclav Kopecky new minister of information, promise that the regime would "remove all traces of reaction, no matter how well they are hidden."

COUP COMPLETED

The announcement of the cabinet marked the technical completion of the swift Communist coup which converted Czechoslovakia into a police state. In effect it was accomplished yesterday, when Communist action committees were armed with administrative authority over all towns and villages in the country.

Two processions marched today toward the 14th century Hradcany Castle on a hill at the western rim of Prague where Benes lives. One was made up of factory workers,

U.S. Senate Passes Rent Control Bill

WASHINGTON, Feb. 25.—(AP)—The Senate today passed by a voice vote the House of Representatives-approved bill extending United States rent control one month beyond next Sunday.

The measure will be flown to the Caribbean for President Truman's expected signature. Truman is vacationing there.

U.K. Forces Quit Palestine By August 2

LONDON, Feb. 25.—(Reuters)—Government quarters last night reaffirmed that Britain will relinquish the Palestine mandate May 15 and withdraw the last of her forces by Aug. 2 at the latest, despite any developments which may take place in the United Nations Assembly.

This statement followed a request by the United States to the United Nations Security Council to consult at once with the General Assembly's Palestine commission, Britain, and Jewish and Arab representatives in an effort to reach agreement on the plan for partition.

Political quarters found it difficult to interpret the words of Warren Austin, United States delegate to the United Nations, that "the Security Council must first of all determine whether there is a threat to international peace in the Palestine situation."

PICKING MATE IS MADE EASY AT JAPAN FAIR

UJI-YAMADA, Japan, Feb. 25.—(BUP)—The Chamber of Commerce of this shrine city near Kyoto announced today that a "bride and groom finding" will be held in connection with the Peace Fair which opens April 1.

Young women and men anxious to find a suitable marriage partner will be given a chance to get acquainted on April 3 and 4 when the Fair will throw open its grounds to those desiring marriage. Candidates for matrimony will be presented with special heart-shaped badges with numbers to wear.

Anyone who spots a suitable partner will be asked to make a note of the number on the badge and inform fair authorities. "The mayor of Uji-Yamada and the Chamber of Commerce will act as go-between in effecting an introduction.

Rush Reserves

ATHENS, Feb. 25. — (BUP) — Greek army units were rushed today to reinforce the town of Kerkini, near the Bulgarian border, under assault by a large guerilla force, Athens newspaper reported.

ALBERTA WEATHER DOES TURN-ABOUT

Albertans ceased to shiver under zero and sub-zero weather conditions Wednesday morning when thermometers began to climb to a near-freezing-point level.

Forecasters said that little relief from the cold could be expected north of Grande Prairie, but the rest of the province could look forward to warmer conditions which varied from 27 degrees above in Edmonton to 35 above in Lethbridge.

Most postmen on Wednesday had discarded their heavy fur winter caps, but city police still wore them. Length of the warm spell was not predicted.

California Faces Power Shortage Due to Drought

SAN FRANCISCO, Feb. 25. — (AP) — Northern and central California's worst winter drought in history resulted today in orders to cut the consumption of electrical power almost to wartime dimout proportions.

Lighting of all shop windows and outdoor advertising except theatre marquees was banned. Floodlighting of all outdoor sports events was ordered reduced 50 per cent.

Housewives, industrial and agricultural users must reduce their power use by at least 10 per cent.

FASHION SHOWS OUT, BARBARA IS DISAPPOINTED

PARIS, Feb. 25.—(CP)—Barbara Ann Scott of Ottawa today was the toast of Paris but was disappointed because she had no time to see a fashion show.

The champion figure skater performs tonight before a sell-out crowd of 18,000 at the Palais Des Sports, before leaving tomorrow for Bern, Switzerland. After exhibitions there she will skate in London. "Then I am going back to Canada on the first boat I can get."

Huey Long's Kin Elected Governor

NEW ORLEANS, Feb. 25.—(AP)—Earl K. Long, brother of the late Senator Huey Long, was chosen last night as next governor of Louisiana.

Democratic voters—who had rejected him twice in the past eight years—gave him a tremendous lead over Sam Houston Jones, who defeated him in the 1940 race for governor.

Victory in yesterday's runoff primary assured election in Louisiana, where Republicans haven't claimed more than 5,000 registered voters since the middle of the last century.

Returns from 319 of the state's 1,878 precincts gave Long 64,209 votes and Jones 34,240.

Yesterday's verdict was a resounding comeback for Long after eight politically-lean years. He was seeking a return to political power after two successive defeats at the hands of Jones or a Jones' ally.

DISTRICT JUDGE Thomas L. Cross of Edmonton has been appointed district judge of the district of Northern Alberta, succeeding Judge Joseph Duncan Matheson, retired, the justice department at Ottawa announced today.

Responsibility Is Not That of Municipalities

Responsibility for housing immigrants brought to Alberta under the provincial government's immigration plan must be assumed by that government, Mayor Harry Ainlay stated Wednesday.

The mayor was commenting on the Alberta-sponsored plan to bring a total of 100,000 Britons to this province over a 10-year period. The proposal is receiving sympathetic consideration by members of the British cabinet, according to word today from Hon. A. J. Hooke, Alberta minister of economic affairs who is now in London.

The municipalities have not the resources to cope with the housing problem that would develop with the influx of 40,000 immigrants annually.

Housing is a major problem in Edmonton. There is a back-log of approximately 5,000 houses to be caught up with to adequately accommodate residents now living in sub-standard quarters, or in shared accommodation in violation of the city's zoning bylaw, Mayor Ainlay stated.

The city's population growth calls for construction of approximately 2,500 homes annually to adequately meet requirements, City Architect Maxwell C. Dewar stated.

OBJECTIVE NOT REACHED

This objective has not been reached for the past several years because manpower and materials were not available. Edmonton's housing program has been materially retarded through lack of sewer tile. It will be several years before normal supplies of this building essential can be expected, Mr. Dewar stated.

In 1947 a total of 1,302 homes were erected in the city at a cost of $6,367,900. This compares with a total of 1,746 houses that were built in 1946, the permit value of which was $7,154,975.

Apprehension of municipalities on responsibility to house the immigrants to be brought to Alberta by the provincial government was also expressed by Ald. George E. Gleave in a motion placed on city council's agenda at its last meeting.

The motion called for council's resolution fixing responsibility for housing these immigrants on the provincial government. In the preamble to the motion Ald. Gleave pointed out that recently the provincial government had declined to participate with Alberta municipalities in a housing plan designed to provide low-rental dwellings.

Mr. Hooke said in London today that Prime Minister Attlee and members of the British government were "extremely sympathetic" to Alberta province's plan to obtain 600,000 immigrants from Britain during a 10-year period.

Hooke, there in connection with the plan, said that even before details had been announced 200 letters daily were arriving at Alberta's London office inquiring about prospects in the province. Applications had been received from 1,000 would-be immigrants.

CHOICE OF TRANSPORT

The Alberta government would make both air and sea transportation available and emigrants could make their choice, Hooke said. The application covered a wide range of trades and professions. Some were medical men, others were school teachers, skilled artisans, and farm workers.

Hooke said natural gas was so abundant in Alberta it was the cheapest source of power on the North American continent. The province had all the ingredients for a plastics industry.

MAJOR OIL FIELD

A major oil field recently discovered within 20 miles of Edmonton promised to be the most prolific yet discovered in the British Commonwealth and Empire.

Plane Crash Kills Three, Injures One

MANILA, Feb. 25.—(BUP)—Three persons were reported killed and one injured seriously today when a Philippines army C-47 transport fell on a test flight over Lipa air field south of Manila.

Lumber for U.K.

MONCTON, N.B., Feb. 25.—(CP)—Arrangements for sale to the United Kingdom of 60,000,000 feet of eastern Canadian spruce valued at several million dollars yesterday were completed at a meeting of Maritime lumber bureau directors here.

St. Laurent, Ilsley Rapped By Red Paper

MOSCOW, Feb. 25.—(Reuters)—David Zaslavsky, writing in the Communist party newspaper Pravda, today assailed two Canadian cabinet ministers for "aiding" in the production of the new Hollywood film "Iron Curtain," based on a Canadian royal commission's report on the Russian spy ring in the Dominion.

Zaslavsky said the picture was an ignominious "attempt to discredit the Soviet Union."

The Canadian officials listed by Zaslavsky were Mr. Justice Louis St. Laurent, Minister of External Affairs, and Finance Minister James Ilsley.

FILM IS SCORED

Zaslavsky called the film "the most filthy commercial undertaking of our time."

Of Hollywood he asserted the film colony "has become the centre of the gangsters of the American film industry. The bosses expel the honest people."

He said "Iron Curtain" had "aroused great indignation everywhere its appearance on the screen. It has nothing in common with art but is a vulgar provocation aimed at political scandal."

Czech Frontiers Tightly Sealed

FRANKFURT, Germany, Feb. 25. —(AP)—The United States Army said today a heavily-armed Czech guard has tightly sealed Czechoslovakia's western border.

"Czechoslovak security police are in complete control of the borders," a report from headquarters said.

"Guards are placed very close together, armed with sub-machine guns and pistols. Where 30 secure passes are normally stationed in (the border town of) Asch, there are now at least 300."

Even train crews at the border are reported armed.

A proclamation given to Bavarian border police by Czechs at the Czechoslovak-Czechoslovak citizen is permitted to leave that country "under any circumstances."

BEVIN REJECTS UN ARBITRATION ANTARCTIC FEUD

LONDON, Feb. 25.—(CP)—Foreign Secretary Bevin today rejected a suggestion that the three-country dispute over Falkland islands and dependencies be brought before the United Nations Security Council.

He told the House of Commons that "people cannot go on interfering with British territory and then as a result of kicking up a row expect us to go to the Security Council."

Bevin insisted that rival claims by Chile and Argentina to the British-governed Falkland Islands be referred to the International Court of Justice at The Hague before any further action be taken.

Workers in Britain Press Demands for Higher Wages

By JAMES McCOOK

LONDON, Feb. 25.—(CP)—Pressure of higher wage claims on the Labor government's policy of controlling incomes, profits and prices continued unabated today as the general council of the powerful Trades Union Congress met to consider means of assisting the administration.

The council meeting is preliminary to the March 24 conference of 187 union executive committees when acceptance of the wage control policy will be recommended by TUC leaders.

But in the face of the government directive against wage increases without corresponding gains in productivity, individual groups representing 1,500,000 workers proceeded with demands for higher wages.

MAIN DEVELOPMENTS

The developments:

1. Representatives of 600,000 railway workers decided to continue discussion of pay adjustments.

2. Negotiations for increased wages for 56,000 London transport employes resumed today.

3. Hotel workers refused to agree to postponement of new wage scales previously awarded. Increasing the wage bill between 10 and 20 per cent, they become effective Monday.

4. Clerical workers in the coal industry obtained an agreement with the national coal board for a 38-hour week and higher minimum pay rates.

5. Groups of Scottish textile workers, biggest in the north of England and some 50,000 cinema employes all have been awarded higher wage scale awards.

Make Provincial Govts. Responsible

Federal Legal Advisers Find Way Out Margarine Impasse

By Chester Bloom
Edmonton Bulletin Ottawa Bureau

OTTAWA, Feb. 25.—Federal government legal advisors think they have found a way out of the government's oleo-margarine predicament by passing responsibility for admitting the butter substitute on to the provinces.

Under the Geneva trade agreements to which Canada is pledged, subject to parliamentary approval, Canada cannot directly ban import of oleomargarine or fats for manufacturing oleomargarine.

The federal law prohibiting import and manufacture is a negative procedure.

If parliament approves the Geneva trade agreements, thereby requiring federal removal of the oleomargarine ban it is proposed that the federal government simply authorize the various provinces to adopt their own procedure. That is, each province could forbid use of oleomargarine within its borders and prohibit the import of fats for manufacturing oleomargarine.

ANOTHER PROCEDURE

There is also another procedure which might be used to bar out oleo, so the federal lawyers say. Under the Geneva trade agreements, any nation adhering has been is forbidden to prohibit any imports from a co-signing nation. But the signers are permitted to establish quotas on imports. It is therefore argued that since the bulk of fats for the manufacture of oleomargarine must be imported, Canada might establish a quota so small that imports would be negligible.

At the present time, due to world shortage of fats, the International Food Allocation Committee provides a very short fat quota for Canada—just sufficient to meet current needs. This shortage makes the oleomargarine question somewhat academic for the moment—but as world fat supplies increase, it will become a pressing issue.

RUMORS CIRCULATING

Some rumors are in circulation that the government is in no hurry to deal with the Geneva trade agreements in parliament because of the oleo-margarine complication. With provincial election looming in Quebec and in Saskatchewan this summer, the report says the rumors might be used by Duplessis' Union Nationale candidates against the Liberals in Quebec and by the CCF in Saskatchewan.

Persons in close touch with higher political levels of the government, however, strongly deny that any intention to delay action on the Geneva agreements is contemplated.

Provincial government officials declined to comment on the Ottawa report that legalization of the use of margarine might become the responsibility of the provinces, until they had seen the Ottawa dispatch from which the report came.

All those contacted on Wednesday expressed surprise at the development reported.

Two Mercy Planes Back From Arctic

HALIFAX, Feb. 25.—(CP)—Two United States Army planes returning from a mercy flight to Clyde River, Baffin Island, inside the Arctic Circle, landed at Goose Bay, Labrador, last night, RCAF reported.

Mrs. J. J. Hunt of Winnipeg, wife of a Hudson's Bay Company factor, was brought back in the Dakota ski-equipped plane which landed at the tiny northern outpost and was taken to hospital here.

Nature of her illness and her condition were not immediately known.

The Dakota, carrying an RCAF medical orderly, and a safety escort flying fortress left Goose Bay early last week on the 1,000-mile flight to Clyde River.

Mechanical difficulty and then weather conditions caused several days' delay.

Censured, Resigns

BUCHAREST, Feb. 25.—(AP)—Lucretiu Patrascanu, Rumanian workers' party (Communist) minister of justice, resigned yesterday as a result of public censure during the constituent congress of the party, Avram Bunaciu, a member of the same party, was sworn-in last night to succeed him.

Non-Rust Wheat Boosts Production

WINNIPEG, Feb. 25.—(CP)—Development of rust resistant wheat a decade ago meant that Canada was able to obtain an extra yield of 300,000,000 bushels through the war years, Dr. L. H. Newman of Ottawa, Dominion cerealist for the department of agriculture, said here yesterday.

Russian Wheat, Corn For Egypt's Cotton

CAIRO, Feb. 25.—(Reuters)—A barter agreement between Russia and Egypt is expected to be signed here in the next 24 hours, a reliable source said yesterday. The agreement is believed to provide for an exchange of 38,000 tons of Egyptian cotton for 216,000 tons of Russian wheat and 19,000 tons of Russian corn.

Two kinds of knots are used in making Oriental rugs. Both are so fine a magnifying glass is needed to tell them apart.

"Now here's a special number with connecting cord—designed especially for taking off in the movies!"

Big Three Suspending Talks West Germany

By Alex Singleton

LONDON, Feb. 25.—(AP)—Britain, the United States and France today suspended talks on Western Germany for 24 hours to await arrival of the Benelux delegations and their views on expanding German production under the European recovery program.

Officials said it is reasonable to assume the Big Three have gone so far as they can in figuring out Germany's role before getting the opinions of Belgium, The Netherlands and Luxembourg.

Diplomats said the Western Powers intend to ask Russia for a detailed accounting for what the Soviets have taken out of Austria since the war.

They said such a list is essential as a basis for discussion by big four deputy foreign ministers trying to reach some agreement on terms for an Austrian peace treaty.

The attempt to get an accounting may be made today. The day's schedule includes several specific conditions asked by Russia to safeguard settlement of her claims upon what she calls former German property in Austria.

PRINCIPAL CONDITIONS

The conditions include:

1. Prohibition against future foreign control of all former German property except with the consent of Russia. Presumably, this would include such assets as gill reinforcers in which the Western powers had a stake before the war.

2. A clause preventing Austria from raising "any difficulties" against Russian export of profits from enterprises which it would receive under a settlement. Russia wants two-thirds of Austria's oil production, plus control of the Danube shipping company.

3. A blanket condition freeing Russia from all obligations during her custodianship of German assets prior to the settlement.

4. An agreement among the big powers for bilateral settlement between interested parties on all future disputes involving former German property.

Threaten British News Correspondent With Death As Spy

VIENNA, Feb. 25.—(AP)—A British newspaper correspondent said yesterday he had been threatened with death as a spy after being arrested by Russian soldiers.

G. E. R. Gedye, Vienna correspondent for the London Herald, was arrested Monday night and released yesterday. He said he had been questioned all night.

Gedye said he and his wife were arrested as they returned from a honeymoon trip in the British zone of Austria. He said he was just inside the Russian zone at the time of his arrest.

The correspondent said he was subjected to "senseless and stupid interrogation." He said the interrogator, a Russian captain, suggested he admit he was a spy.

B.C. Mine Grants $2.00 Wage Boost

VANCOUVER, Feb. 25.—(CP)—John Stokaluk of Calgary, vice-president of District 18, United Mine Workers of America (CCL), said yesterday an agreement had been signed with operators of the Tulameen mine at Princeton, B.C., granting the 75 miners a $2-per-day wage increase. The increase is the same as that obtained by Alberta miners on the basis of an arbitration board's recommendation.

'Runaway' Plane Sought in North

NOME, Alaska, Feb. 25.—(BUP)—An aerial search was organized today to look for a runaway plane which took off from the local airport Monday with no one aboard and headed for Siberia.

Cyrus H. Seeds, owner of the plane, said it had a two-hour supply of gasoline when it took off. The plane dipped and dived over the city for 20 minutes before heading out over the Bering sea.

Mayor Re-Elected

GLACE BAY, N.S., Feb. 25.—(CP)—Chief Magistrate of Canada's biggest town for more than 25 years, Mayor D. W. (Dan Willie) Morrison was returned by acclamation here yesterday. He is a former president of district 26 United Mine Workers.

During the German occupation of Greece in the Second World War, 3,000,000 acres of trees were cut for lumber to build winter quarters for the Germans on the Russian front.

Arabs Attack Jew Convoy, Kill Three

JERUSALEM, Feb. 25.—(BUP)—Three Jewish drivers were killed, several were injured and their trucks were burned today when 100 Arabs attacked their convoy with rifles and grenades near Saris, 12 miles from Jerusalem on the Tel Aviv road.

The convoy was raided when it stopped at a water station on the way to Jerusalem. The Arabs beat back the Arabs and continued to the Holy City.

Six Arab and two Jewish buildings were destroyed. One Jew was killed, a Jewish woman was wounded and there were an unknown number of Arab casualties.

Jewish extremists raced into the heavily guarded British military courthouse in Jerusalem, killed an Arab legionaire and wounded two others, then threw an incendiary bomb into the building. The flames were extinguished quickly and damage was slight. The extremists escaped through gunfire.

In other outbreaks two young Arabs reportedly were killed in Tel-El-Riah and William Whalem, a British civilian, was seriously wounded by gunfire when shooting broke out in Haifa.

See New Trouble In France, Italy

WASHINGTON, Feb. 25.—(BUP)—The Communist sweep in Czechoslovakia will be followed soon by new Soviet-inspired trouble in France and Italy, diplomatic quarters predicted today.

The Moscow timetable is now believed to call for increased pressure on Greece, Turkey, Finland and Iran.

Diplomats studying events in Czechoslovakia feel there is no hope of that nation throwing off the Communist yoke in the forseeable future. The frank consensus now is that the highly-industrialized nation "is lost to the west."

Russian History Second World War

MOSCOW, Feb. 25.—(Reuters)—First volume of the official history of the Second World War covering the period 1918-1939 has left the hands of the history institute of the Soviet academy of Sciences for the printers. The complete work which will cover up to the end of the war with Japan in 1945, is a collective effort expected to run to three or four volumes.

Says Russia Tops U.S. in Air Power

WASHINGTON, Feb. 25.—(AP)—Representative Chester Merrow (Rep., N.H.), said yesterday Russia "exceeds us in air power, in guided missiles and the production of the most modern submarines."

Queen, Princesses Dine During Opera

LONDON, Feb. 25.—(Reuters)—The Queen and Princesses Elizabeth and Margaret had supper sent from Buckingham Palace to the sumptuous Covent Garden opera house last night to keep them going during the 4½ hours of Wagner's opera, "Tristan and Isolde."

Plans Labor Code Applicable To All

TORONTO, Feb. 25.—(CP)—Labor Minister Daley of Ontario said last night the Ontario government planned legislation to make the proposed new Dominion labor code applicable to all industry in the province.

Protest Poison Gas

MOSCOW, Feb. 25.—(Reuters)—Chinese Communist army headquarters have protested against the alleged use of poison gas by Chinese government forces north of Mukden in Manchuria, Tass, the Soviet news agency, reported yesterday from Northern Shensi.

Benes Capitulates To Might of Reds

(Continued from Page One)

whose leaders ordered them out for a great demonstration calculated to put the final ounce of pressure on Benes.

This group which wore red armbands and marched under Czech, Russian and trade union flags, never reached Hradcany. They were shunted away—possibly because word of Benes' capitulation was received in the meantime—and formed the bulk of the crowd packed shoulder to shoulder in Wenceslaus Square for what turned out to be the Communist victory rally.

The second line of marchers included some 1,500 students.

Student members of a non-Communist group marching to the president's palace reported that police fired into the group.

STUDENTS CHANT

Persons arriving at the scene a little later said the students were chanting "Czech police fire into Czech students" and "Seventeenth of November"—the day in 1939 when German police shot nine Czech students.

One of the students said that five of his fellows were hit by gunfire about 500 yards from the presidential palace. He said he did not know how badly they were injured.

Gottwald himself announced Benes' acceptance of his cabinet in a brief speech to a vast throng jammed into Wenceslaus Square.

"The reaction which attempted to prepare a telling blow against our people's democratic regime finally has been crushed and defeated," Gottwald said.

CRUSH "CONSPIRACY"

"The unity of our people, of the workers and peasants, and the working intelligentsia gave our people sufficient power to crush the reactionary conspiracy."

Vaclav Kopecky, Communist information minister, told the crowd that Benes had accepted the resignation of 12 non-Communist ministers from the old government. He said the cabinet would be filled by "people who will accept the will of the people.

"Out with traitors, capitalists, black marketeers. We will remove all traces of reaction, no matter how well they are hidden."

Gottwald announced his new cabinet as follows:

Premier—Gottwald, Communist; Deputy premiers—Bohumil Lausman, Social Democrat; William Siroky, Slovak Communist; Antonin Zapotocky, Communist trade union leader; Foreign—Jan Masaryk, non-party; Defence—Gen. Ludwig Svoboda, non-party; Interior—Vaclav Nosek, Communist; Information—Vaclav Kopecky, Communist; Agriculture—Julius Duris, Slovak Communist; Finance—Jaromir Dolansky, Communist; Industry—Zdenet Fierlinger, Social Democrat; Domestic Trade—Frantisek Krajcir, Communist; Foreign Trade—Anton Gregor, Communist; Justice—Alexej Cepicka, Communist; Education— Zdenek Nejedly, Communist; Social Welfare—Ervin Erban, Social Democrat; Health—Alois Neumann, National Socialist; Technics—Emanuel Slechta, National Socialist; Transport—Alois Petr, Peoples Party; Posts—Josef Plojnar, Peoples Party; Agriculture —Vavro Srobar, Slovak Democrat; Deputy Foreign—Vladimir Clementis, Slovak Communist; Deputy Defence—Jan Sevcik, Slovak Democrat.

New 'Five-Way' Asco

5 Basic Ingredients Scientifically Compounded to Combat Pain

Every person goes through the days when he or she feels full of aches and pains. But those who use Hardin's tablets of ASCO at such times know there's no need to go on suffering hour after hour. In just a few minutes, ASCO takes hold of the situation - gives quick relief from headaches, neuralgic, and rheumatic pains and on women's 'difficult days'. Yes, take advantage of ASCO'S 'five-way' effectiveness. ASCO tablets contain 5 basic ingredients scientifically compounded to combat pain. And ASCO saves you money, because you don't have to take 2 or 3 pills for a dose . . . just 1 ASCO tablet is all you need to take. Save money; save yourself needless pain! Rely on ASCO! 2 doses 5c, 12 for 25c, 100 for $1.25. On sale at Drug Stores everywhere!

Britain Supports U.S. Korea Election Plan

By R. J. Anderson

LAKE SUCCESS, N. Y., Feb. 25.—(CP)—Great Britain told the United Nations today that it should hold an immediate election to set up a national assembly in South Korea, ignoring Russia's refusal to co-operate with the world organization.

Supporting a resolution offered yesterday by the United States, Valentine Lawford, British delegate, asked the little assembly, "could the division (between east and west) be deeper than it is today?"

Referring frequently to points of the legality of holding elections in half of Korea, raised yesterday by Canada, Lawford said there was nothing in the resolution approved last November by the general assembly setting up a special commission to hold national elections preliminary to establishing a free democratic government which precludes balloting in South Korea only.

Earlier, indications had been that the American plan to hold an election in the southern zone only faced opposition in the little assembly. But overnight a swing to the American view seemed to have taken place and observers predicted that the plan would be approved, possibly later today.

Canada opposes the proposal on the grounds that the UN has no authority to hold the elections without participation of Russian-controlled areas. Australia supports Canada and a number of other countries also are believed to object. One country was reported to be considering a move to submit the entire Korean issue to the Security Council as a threat to international peace.

FAILURE REPORTED

The eight-member Korean commission, set up by the UN to conduct country-wide elections in the occupied zones and establish a free and democratic government, has reported its failure to achieve its purpose because of Russian non-cooperation. Russia has boycotted the little Assembly and also has ignored the commission's work in Korea, refusing it entry into its zone.

The security council late today continues the debate on Palestine. A surprise development last night was a move by Colombia to call a special session of the assembly to reconsider the Palestine problem.

Canada-Britain Stumbling Block

WASHINGTON, Feb. 25.—(BUP)—A difference of opinion between Britain and Canada on prices is holding up the signing of an international wheat agreement, officials of the International Wheat Council said here today.

The importing countries, including Britain, are asking that the maximum price in the agreement be established on a sliding scale, while the exporting countries, led by Canada and the United States, want the price ceiling to remain unaltered, according to these reports.

The council has been meeting for the past three weeks in an effort to settle price ranges for export wheat over the next five years. The 37 nations represented have also been discussing export and import quotas over the same period.

Pressmen Ignore Union Order, Paper Unable to Publish

COLUMBUS, Ga., Feb. 25.—(AP)—The Columbus Enquirer missed its second straight morning of publication yesterday when its pressmen ignored an order of one of their union officials to return to work.

The afternoon paper, the Ledger, also failed to appear Monday.

Printers of both papers are on strike, protesting changes in working conditions proposed by the Ledger-Inquirer Publishing Company. The company said the changes were made in compliance with the Taft-Hartley Labor Act.

The striking printers are members of the International Typographical Union, (AFL) local 226.

Reinstate Premier

HOBART, Tasmania, Feb. 25.—(Reuter)—The Tasmanian Labor Party today decided to reinstate as premier, Robert Cosgrove who vacated office last December to face bribery charges of which he was found not guilty last Saturday.

Some Dental Firm Papers Unavailable

TORONTO, Feb. 25.—(CP)—Three Royal Canadian Mounted Police officers said yesterday they made a vain search for certain documents prior to indictment of 16 dental supply companies whose trial started Monday on charges of conspiracy to fix prices in restraint of trade.

The officers told an assize court jury a search of offices of the firms in Halifax, Montreal, Toronto, Winnipeg, Calgary and Vancouver produced hundreds of documents and several copies of what they termed "universal price books." But it had been impossible to find some needed material.

In some cases, the investigators said they were told that bookkeeping was done in the offices of parent firms in Buffalo and Brooklyn, N.Y.

Choose Baby Beauty McGill University National Contest

MONTREAL, Feb. 25.—(CP)—Sixteen-months-old Helen Lefebvre, daughter of Mr. and Mrs. Joseph G. Lefebvre, was yesterday chosen the most beautiful child of a McGill university student.

The best-looking baby contest was inaugurated by the McGill Daily after it received a challenge from the University of British Columbia to find a better-looking baby than the winner of a similar contest which was held at the west coast university.

Entries from several universities now will enter a national contest.

Rules Against ITU On Injunction Move

INDIANAPOLIS, Feb. 25.—(AP)—Judge Luther M. Swygert today ruled against the International Typographical Union (AFL) in its effort to block a Taft-Hartley injunction filed against it.

Swygert denied the union's motion to dismiss the petition for an injunction filed by the office of Robert N. Denham, general counsel of the National Labor Relations Board.

The judge announced he would hold a hearing March 3 on the injunction petition.

Running INTO Trouble?

Happy children skip along gaily—but sooner or later there's a bruise, cut or scratch to mark their time. That's why many mothers keep Zam-Buk Ointment always handy.

The soothing, antiseptic herbal oils in Zam-Buk ease the pain, heal injured skin tissue, and mixed it easy to remove a bandage afterwards. Also excellent for burns, blisters, chafing, Athlete's Foot, and sore, red "dishpan" hands. Get Zam-Buk Ointment from your druggist today.

ROBOT TORTOISE EVEN LIKES WOMEN

LONDON, Feb. 25.—(CP)—The Daily Express reported today that Dr. W. Grey Walter, 38-year-old brain scientist, has built a robot tortoise so "human" that it likes company, recognizes voices and comes to heel when called.

The paper said that the tortoise avoids cold or damp weather, great heat or bright lights, likes women but dislikes men.

"It can be temperamental and will be neurotic and sulky for days if teased or given too many contradictory instructions," the Express added.

Dr. Walter, at the Burden Neurological Institute at Bristol, built the tortoise with ordinary radio tubes, switch relays, miniature microphones for registering sound and photo-electric cells for recognizing color and shape.

What you wear today costs more than it did a year ago ...but one way to make sure it will look well for a long time is to be satisfied with nothing less than the finest quality available at the price

'Amps' Protest Pension Proposal

Members of the Edmonton Branch of the War Amputations of Canada Tuesday night protested against the proposed 16 per cent increase in the basic pension rate and endorsed the requests of national veterans' associations for a 33 1/3 per cent increase.

The emergency meeting of the branch was held in the club rooms of the Army, Navy and Air Force Veterans Association, following the announcement of Prime Minister Mackenzie King that a 16 per cent increase was proposed.

The requested increase would mean that a disabled single veteran would receive $100 monthly on a 100 per cent pension.

Telegrams and letters are being sent to members of parliament in Ottawa stating the policy of the Amputations' Association. And in addition, numerous veterans' organizations and others are to be approached with a request for their support in the campaign for a 33 1/3 per cent pension increase.

BORROWING . HEAVY FOR UTILITIES

The board of public utility commissioners approved $10,777,210 borrowings for Alberta cities, school districts and divisions, municipal hospital districts, towns and villages in 1947, according to the annual report, recently tabled in the legislative assembly.

Included in the total is $750,000 to the city of Edmonton for additional equipment for the street car system. Other authorizations for this city were $212,000 and another for $79,000.

Calgary got the giant's share of the authorizations for the cities of the province with more than $5,000,000, most of it for construction of a six-storey building and equipment for the General hospital.

In towns and villages authorizations were passed for water and sewer installations.

Here to Confer On Introduction Of New Product

George Bertram, Toronto, Canadian advertising manager for Swift Canadian, arrived in the city this morning to confer with officials of the Edmonton plant.

Mr. Bertram is making plans for introduction of a new product in Western Canada. He will attend a sales meeting here during the week-end before returning to Eastern Canada.

George Esser, Chicago, representative of the company, and J. Nappier, vice-president of J. Walter Thompson Co., advertising agency, are scheduled to arrive of the club. Following the conthe new product.

COAL IS FIRED UNDERGROUND IS MINE TEST

BIRMINGHAM, Ala., Feb. 25.—(AP)—An experimental in mining coal by fire instead of digging will be resumed in April.

In an earlier test, a small seam of coal was fired underground by incendiary bombs. A blower forced oxygen and steam over the burning coal. The gases were captured through exhaust pipes and converted into fuel and other products.

The new test will be on a coal bed about 1,200 feet underground and about the same length. Martin said it would last about a year and the bureau of mines would spend between $350,000 and $500,000 on it.

Hospital Grant Boosted $40,000 Ainlay Announces

Now Get $120,000 To Meet Rising Cost

The city's 1948 grant to the Royal Alexandra Hospital will be increased by $40,000 over last year's, it was announced Tuesday by Mayor Harry Ainlay.

The increase is to enable the hospital board to meet increased administration costs resulting from cost-of-living and wage increases.

Last year the hospital received a grant of $80,000.

Details of increased costs were discussed Tuesday at a meeting between the city commissioners and Dr. A. F. Anderson, hospital superintendent, Vernon Pearson, chairman of the hospital board, and Ald. Fred J. Mitchell, city council's representative on the board.

Meet Friday

Meeting of the West Jasper Place Ratepayers Association will be held Friday, February 27 in East Wing of 136 street school.

The meeting is called to discuss ways and means of obtaining adequate fire protection for the community. Several suggestions will be brought forward by the Executive.

Nominations for officers will be received at this meeting, the election of officers will take place at the annual meeting in March.

Huge Trucks Bring Refinery Equipment

More equipment for Imperial Oil Ltd., refinery being erected at Clover Bar arrived here Tuesday from Whitehorse. The equipment was transported in three huge diesel trucks which left Whitehorse last Saturday.

The trucks, operated by Alaska Freight Lines, match the biggest highway transport vehicles in the United States.

After unloading here today, the trucks will be reloaded with perishable food for Fairbanks, Alaska.

Edmonton Officials At Calgary Banquet

Lieutenant-Governor J. C. Bowen, Premier Ernest Manning and Harry Ainlay of Edmonton are among those who have been invited to attend the civic banquet in Calgary Saturday night which is being sponsored by the city of Calgary in honor of officials, visitors and competitors connected with the Dominion curling championships.

Romnaian House Votes Own Finish

BUCHAREST, Feb. 25.—(AP)—The Romanian parliament voted its own dissolution yesterday. Elections will be held March 26 for its successor, the Romanian National Assembly. The National Assembly will meet April 6 to prepare a new constitution. King Michael abdicated recently.

MUSICIANS NOT TOO MUSICAL

HERFORD, Westphalia, Germany, Feb. 25.—(Reuters)—Suspecting that some of the 46 people described as musicians on its books just wanted to avoid being directed to heavy or unpleasant jobs, the Herford labor exchange decided to test them.

Twenty-eight could not play a note.

Eleven Injured In Plane Crash

BOGOTA, Feb. 25.—(Reuters)—A Venezuelan passenger mail plane crashed today on a ranch near the Venezuelan-Colombian frontier, and 11 of the 15 passengers were killed, it was reported last night.

Subsidize Plants

LONDON, Feb. 25.—(AP)—Government subsidies expected to reach £12,000,000 ($48,000,000) will be given to British cotton spinning mill owners for modernizing their plants in the next two years.

Member Urges Export Policy

Revamping of Alberta's export marketing in the hog industry was urged on the provincial legislature Tuesday by W. R. Cornish (SC Vermilion).

Speaking during the debate on the Speech from the Throne, Mr. Cornish said the overseas market should be made more aware of the high quality of Alberta produce.

The Vermilion member also urged the construction of two new highways in his riding to serve settlements along the Willingdon-Lloydminster line of the CPR, the other north from Vermilion to Elk Point.

Total $179,200 Paid For Poultry Produce

CALGARY, Feb. 25.—(CP)—A total of $179,200 was paid during 1947 by the Alberta Poultry Producers Association to about 30,000 producers for their eggs, poultry and hatchery operations, K. V. Kapler of Strome, Alta., president of the association, reported at the opening of the annual two-day convention.

The dividends were made up of $104,948 in cash and $74,252 in reserve share certificates.

During the year, the association marketed 7,289,586 dozen eggs, 3,262,041 pounds of live and dressed poultry and produced 1,984,640 pounds of sugared egg powder and 1,506,243 back chicks.

Mosquito Study

TORONTO, Feb. 25.—(CP)—The board of health yesterday asked city council to approve a $750 expenditure for a study of different types of mosquitos in the Toronto area.

CREATES OWN WORKSHOP

Blindness No Barrier To City Cabinet Maker

By Don Flach

Everything was dark.

Yet from the woodworking shop of R. Hannah there came the ring of power driven saws, and the chatter of razor-edged knives as they bit into wood.

The darkness, in such surroundings would have held fear for most workers, but it made no difference to Mr. Hannah, for it was always dark to him and he had learned to master it.

Nine years ago blindness struck Mr. Hannah, and as it would to most persons who had been accustomed to the use of their sight for 40 years, it threw him out of stride with the world around him. Then one day several years later, while visiting a carpenter friend who had overcome a crippling handicap, Mr. Hannah made the decision that he too would become master of his situation.

With a deliberateness and a determination he set about his task. From scraps of iron, old auto parts, and odds and ends of every description he set about building a full layout of power-driven woodworking tools. Not only did he have to make them, but he had to make them so that they would be safe and convenient for one with his handicap.

In the basement of the Condell Block at 108 street and Jasper where he has his shop, Mr. Hannah assorted the things he needed and set to work. Calling on his previous experience as a mechanic he made himself rip and crosscut saws, a lathe, shaper, jointer, and grinding wheels. He has fashioned machinery and tools to meet every situation that he encounters in his work of cabinet making.

As evidence of his success in planning and laying out his tools, Mr. Hannah holds up his hands which are without the cuts or scars that mar the hands of his sighted fellow-tradesmen.

In his three-room suite in the Condell Block, where he lives with his wife, Mr. Hannah has many of the pieces of furniture he has made. He points them out with pride as he conducts visitors through his home. Particular pride is shown in the oaken dressing table he made for Mrs. Hannah, with its arrangements of mirrors in which he can never see.

In fact, he says nearly every room in the large apartment block has some piece of furniture of his making. It might range from a picture stand, of which he made 120 last Christmas, to a glass-doored buffet or a wardrobe.

Mr. Hannah is an example for all handicapped persons who have the courage and determination to become masters of their situation.

Currently a campaign is underway for funds to construct a service and recreation centre that will give those handicapped by blindness an opportunity to become masters of their own situations.

Missionary's Widow Fund Over $5,000

WINNIPEG, Feb. 25.—(CP)—The Canon John H. Turner fund has exceeded the $5,000 mark, Dr. H. M. Speechly, chairman, announced yesterday.

The money is to aid Mrs. Turner, widow of the Church of England missionary who died late last year from injuries received at his Arctic mission post on Baffin Island.

A letter from Mrs. Turner says that her youngest daughter, born four days after her return to England after the death of her husband, has been christened Faith Mary Speechly Turner.

The "Mary Speechly" is after Dr. and Mrs. Speechly for their help during the illness and subsequent death of Canon Turner.

Wreck Kills Eight

WELLINGTON, New Zealand, Feb. 25.—(Reuters)—Eight persons were killed and 40 injured today when an express from Blenheim to Christ Church in South Island was derailed 19 miles south of Blenheim.

Lost in Storm, Coast Man Frozen to Death

Lost in a storm while on his way to visit his wife at a logging camp near Peers, 27-year-old Earl Gordon, Vancouver, was found frozen to death beside an old wagon train Tuesday.

RCMP said the man, clad in light clothing, left Peers Wednesday, to visit his wife. The temperature was 30 below. Police said tracks show that the man came within two miles of the camp and then started to retrace his steps. They believe he did this because he was lost.

Two trappers walking along the wagon road which leads to the main highway found the frozen body Tuesday. The body was found about eight miles from Peers. A blizzard was raging in the Peers district last Wednesday.

Growers Meet

Edmonton's sweet pea growers of the Horticultural Society were addressed Tuesday evening by two outstanding authorities who attended a meeting in the society offices.

George Scott, prominent grower, and Rene Hobbins, florist, gave interesting talks on varieties of the flower, conditions needed, and also gave exhibitions on planting.

Club Meeting

Some 200 people attended a concert held by the Kingman Beef Feeding Calf Club in the Kingman hall recently. An interesting programme was prepared by members of the club. Following the concert pies were sold by auction, the proceeds from this sale going to the club.

HE WOULDN'T TAKE NO FROM SLOT MACHINE

CHICAGO, Feb. 25.—(AP)—Delbert Shinn, the man who says he won't take "no" from a slot machine, was freed in court yesterday.

Shinn, 36-year-old Chicagoan, had been in the Chicago police lockup since Saturday after an Ohio sheriff had asked that he be investigated.

Detective Timothy O'Connell said Shinn talked freely of having drilled holes into many an Ohio slot machine and tripped the jack-pit lever with a wire, thus realizing a handsome return.

"But," the detective said Shinn claimed, "there's nothing illegal in that, because slot machines are illegal."

Judge Matthew Hartigan before whom Shinn appeared on a disorderly conduct charge dismissed the complaint.

'Devoted Husband' Wounds Ill Wife, Kills Himself

BARTOW, Fla., Feb. 25.—(AP)—Terrorized hospital patients looked on today while a "devoted husband" shot his incurably ill wife three times, then killed himself.

Police Chief Guy Bostick said Philip R. Athon, 68, walked into his 67-year-old wife's room at the city hospital, wounded her and shot himself in the head twice with a .38-calibre pistol.

Bostick quoted hospital authorities as saying Mrs. Athon, incurable with cancer, probably would die from her wounds.

No New Members

LONDON, Feb. 25.—(AP)—The Communist party of Hungary has suspended acceptance of new members after March 1 because of efforts of "unworthy elements" to enter it, a Tass news agency dispatch from Budapest said yesterday.

Let the Burgesses Decide

The burgesses of Edmonton themselves, and not the city council or its committees, should decide whether money bylaws are to be passed by a simple majority or a two-thirds majority.

Since Mayor Ainlay's effort to promote the simple majority in such cases has been defeated in the finance committee by a unanimous vote, the issue appears to be dead so far as civic officials are concerned. It awaits formal burial by the full council.

Nevertheless, since it is likely to be a recurrent point, to be resurrected every time a money bylaw is defeated, it would be well to settle the contention once and for all by reference to a poll of the burgesses next November.

The immediate occasion for the demand for the passage of money bylaws by a simple majority was the failure of the auditorium money bylaw last Fall. The vote on this issue was 4,362 in favor and 4,105 opposed. On a simple majority, the measure would have passed. Requiring a two-thirds vote, it was defeated.

It was argued at that time that it was not a wholesome situation when 4,105 out of the 27,000 burgesses on the civic rolls could obstruct what was regarded by many as a useful and necessary community development.

In complete fairness it should also be noted that had the measure been subject to a simple majority, 4,362 burgesses would have committed 27,000 burgesses to a considerable expenditure.

However, the merits or demerits of a simple majority for money bylaws are not in issue here. The real point is that the taxpayers and not the council should make the decision. Then it would be final.

Should this dispute be put to a plebiscite, it is likely that a two-thirds majority would be required to change the present rule, since the matter of majorities is the issue. Also, the plebiscite should be restricted to burgesses, because it is the burgesses alone who are concerned.

Two Kinds of Education

Most people will go along with Mr. J. Percy Page, MLA, and other critics of Alberta's education system to the point of agreeing that, for the purposes of mass education, examinations and other formalities are useless and can even be a menace.

But all education is not mass education, and never can be mass education this side of Utopia. And when education gets into the specialized phase, it is necessary to have examinations because those undergoing the process of education must learn sooner or later to conform to pretty rigid standards of production or be known as failures.

Sooner or later the young person, at school or at work, must be classified definitely and accurately by what he or she knows and by what he or she can do.

It is ridiculous to talk of education as something that extends in one unbroken line of similarity from the first grade to a gown and hood. There are two kinds of education:

The first is that general background of knowledge to which everyone living in a democracy is entitled.

The second is that specialized training in certain chosen fields which the state can only afford to give, for its own sake as well as the individual's, to those who demonstrate a peculiar aptitude for it.

Most of the trouble in education is caused by the insistence of some people upon confusing the two kinds.

To talk about abolishing examinations in the second kind of education is nonsense, because when a child goes out into the world he must pass some kind of an examination almost every day. And if he does not get used to it in school, he will never get used to it in life.

Molotov Strikes Again

Police are patrolling the streets in Prague armed with carbines. They raided and occupied the headquarters of the National Socialist party. A warrant was issued for the arrest of Jan Ursiny, former vice-premier, charging him with "treason." Pavel Tigrid, leader of the Catholic People's party, saw what was coming and fled the country.

These events followed the resignation last week of twelve non-Communist cabinet ministers. President Benes who refused to accept the resignations and was promptly put under pressure by Communist Premier Gottwald, will recall the "or else" alternative that has confronted other national figures with democratic ideas who stood in the way of totalitarian plans of Communist and Nazi bosses.

This record of proceedings has a familiar ring. It follows the general course of events in Bulgaria, Romania and Hungary. What it means is that another democracy —a republic this time—is being strangled, is to be replaced by a "police state" and added to the empire of the imperialism-denouncing gentlemen in the Kremlin.

Talking About Weather

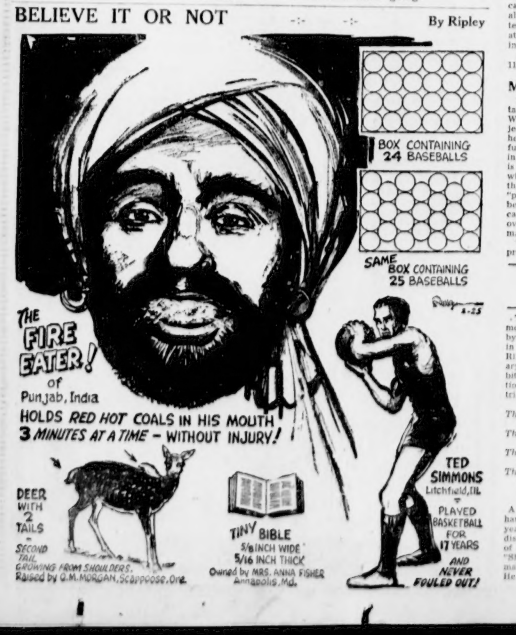

Premier Garson says outsiders have been making too many jokes about the low readings recorded by thermometers in Manitoba, and ought to stop. Manitoba people, he says, don't mind the cold because the air is dry—which some readers will be unkind enough to say is another joke, of long-standing tradition. But, he adds, Manitoba "has the most uniformly good skiing conditions in Canada." That point will be conceded, Snag and White River perhaps to the contrary.

All which is another way of admitting that it has been a tough winter in Manitoba. An admission that carries no stigma, because it has been tough in every other province also—excepting in mountain-sheltered Alberta, where we had almost no winter at all until February came along.

Subsequent events buried that historic fact under snow-drifts and even Albertans are disposed to forget it. But they should dig it up now that Manitoba has opened the looking-backward debate, brush off the frosty encrustation, and tell the rest of Canada that—as usual—Alberta has had the best winter weather going.

LETTERS TO THE EDITOR

Scout-Guide Week

Editor, Bulletin:—The Boy Scouts Association say "Thank You" for your interest in the activities of Scouting as evidenced by reader and picture items appearing in your columns, especially during Boy Scout-Girl Guide Week just concluded.

As a result of the interest awakened among your readers by these items, we believe many boys and girls will be persuaded to become Scouts or Guides to their enjoyment and benefit. In equal measure the whole community of Edmonton will benefit.

Thank you for your act of service on behalf of the boys and girls of Edmonton.

P. A. RICHENS,
District Secretary,
The Boy Scouts Association.
Edmonton.

Income Taxes

Editor, Bulletin:—Every time I read about an election, I look to see what percentage of the people entitled and privileged to cast their ballots actually did vote. A random sample of my list shows: 10%, 12%, 18%, 33⅓.

For democracy to be democracy, these percentages must increase. People must take a greater interest in their government. I respectfully submit that there is of hand a most powerful tool to achieve this result—income taxes.

Let the people know, each and every one, what it is costing him or her individually, to share in the cost of government. Cancel all hidden taxes, such as sales tax, excise duties, etc., and replace them with just one tax—income tax.

This will take courage (supreme understatement). But people who will do nothing else will watch their purse strings. If the cost of government rises, there will have to be full justification, since income taxes will also rise. I cannot think of a better incentive to make people pay attention to, and take an interest in, their own government.

JACK M. OLYAN, B.Sc.
11049 88 Ave.

Musical Idiom

Editor, Bulletin:—I would hesitate long before correcting Mr. Weir, your columnist, on any subject other than one upon which he has proved himself so forgetful. Since he has demonstrated in Saturday's Bulletin that there is such a subject, I am sure he will not resent my telling him that, incredible as it may seem, "political concepts" have often been expressed in melody, and capitalists have broken into song over the "law of supply and demand."

"God Save The King" is an expression in melody resulting from a certain political concept of monarchy.

Not from the heart, but from capitalistic ideas based on a phase of the law of supply and demand come the following: "The Man Who Broke the Bank" . . . "Say, Honey, are you making any money? That's all I want to know." "Daddy", "I found a million dollar baby in a ten cent store", "Money".

Now sir,—you were the first ones guilty of "rank and pretentious idiocy" for trying to express an ideology in musical idiom? Not, I submit, our worthy opponents the Communists!

F. N. BOWDEN.
10024 80 Ave.

Freedom of the Press

Editor, Bulletin:—Seldom do I read anything in the daily press that gives me more satisfaction than Mr. Weir's straightforward reply to Mr. Bingman.

Mr. Weir's contribution on "The Freedom of the Press" (Jan. 31st), is an invitation to honest defenders of freedom to reconsider the meaning of "The Freedom of the Press" in twentieth century terms.

Some press organs are examples of the press license that the opportunists of the 20th century provided. They have no relationship to the press freedom that our ancestors brought into being.

What we need in the world today is "the freedom of truth." There can be no freedom of truth if the freedom of lies is a press privilege.

Let me give you an example. A few weeks ago "New Liberty" launched an attack against the Saskatchewan administration, capitalizing on the fact that pending the legislative session, now in action, no provision was made for immediate bonus to old age pensioners, until the representatives of the people could decide democratically what to do in the matter. It also failed to point out that pensioners in Saskatchewan enjoyed medical benefits to a degree that has not been attempted elsewhere.

When the press degrades itself into being merely a medium for misleading the public in ways that certain interests wish their fellow citizens to be misinformed, that kind of press has no relationship to true freedom and must be condemned on that ground.

The press of the world today must be reconsidered in this new light, though "darkness" would be a better word. It is the distorted press of the U.S.S.R. that is hastening the world into another war and in the professedly democratic countries it is the fact that the press is privileged to tell lies that is causing people everywhere to be deluded in those things that most concern them.

Everywhere as the result of press distortion people are asking the old question, "What is truth?" The answer is simple. Truth is that which when challenged cannot be proven to be lies.

I don't need to go outside Edmonton to provide examples of deliberate falsities in press organs; falsities which their authors only dare to present because they know that there is no means by which they can satisfactorily be challenged.

If the world is to be saved from an impending doom what parades as "freedom of expression" but what is really "license of expression" for the purpose of deceit must be brought within the confines of truth.

JOHN F. MILNER
Falls, Alta.

Trivia

The world's largest uncut diamond—the 770-carat stone found by Sierra Leone Selection Trust in the gravels of the Woyie River in Sierra Leone, in January, 1945—will be among exhibits shown in the Jewellery Section of this year's British Industries Fair.

The depth and dream of my desire,
The bitter paths wherein I stray,
Thou knowest who hast made the Clay.
Thou knowest who has made the Clay.

—Kipling.

A reporter visiting Mark Twain's haunts in Hannibal, Mo., last year, found one old crony who discounted the glory and fame of his erstwhile school chum. "Shucks," he said, "I know as many stories as Sam. Clemens. He just writ them down."

—Bennet Cerf.

Smiles

A young soldier in hospital had received many kindnesses from a woman visitor, who asked him one day if there was anything she could send to him to while away the long hours of his confinement. He replied that he would like to have a gramophone record of Beethoven's "Moonlight Sonata."

Some days later he was astonished to receive a letter which read: "I have got you a record of Frank Sinatra singing 'Moonlight,' but nobody seems to have heard of Bert Hoven's band."

"Did you hear that every single police in our band contest was carried off by one man?"

"Good gracious! What did he get?"

"Six months."

Today's Text

He coveteth greedily all the day long.—Proverbs 21.26.

OUR TOWN

By Jack Scott

Rejects Time Limit On Armageddon

Dorothy Thompson says the Third World War is "entirely possible" within the next 90 days and she adds, "I say this soberly."

Of course, that may be a little fib on Miss Thompson's part. Miss Thompson usually sounds as if she'd had four or five Manhattans. You know how women get after four or five—a little bit strident in the voice, terribly chatty, likely to say some outlandish thing.

Still, drunk or sober, there aren't many syndicated seers of either sex who have come right out and put a time limit on Armageddon. This is a real scoop for Miss Thompson and will probably make old Walter Winchell hopping mad. Old Walter always wants to say it first, even if he's wrong.

Woman's View

Now I have been one of Dorothy's amused readers for quite a spell. I am a fellow who likes a good laugh now and then.

My wife, who reads almost everything in the paper except my own stuff (which is tried out on her, orally), happens to be a fairly consistent follower of Miss Thompson's column and in the interests of throwing some light on the Female Mind I conducted the following interview after reading Dorothy's prediction:

ME (casually): I see where Dorothy Thompson says it's entirely possible we'll have the Third World War within 90 days.

WIFE: Yes, I read that.

ME (dead-pan): Guess it's time we moved over on the other side of the mountain. Hmm?

WIFE: Whatever do you mean?

ME: Well, if the war's going to come, we'd better do something about it.

WIFE: Now don't be silly. Your have to be a woman to understand Dorothy Thompson.

ME: You mean she doesn't really mean that . . .

WIFE: Of course not. That's just the way women open a conversation. With something dramatic.

ME: Like when you tell Mrs. Ridley you have "the most wonderful news!" And then tell her about some hobby pins?

WIFE: Yes.

ME: Oh.

A Victim

I feel that this dialogue throws some light on the subject, but on the other hand it must be remembered that Miss Thompson's column appears in several hundred newspapers throughout North America. Millions of readers, casual and otherwise, confront her words and—who knows?—it might be pretty darn serious.

Suppose there is some naive fellow who is just killing time, maybe waiting for his wife. He just happens to glance at Dorothy's column and there it is: the news that the war is less than three months away. Obviously this poor guy will start packing his bags or run down to enlist or start digging a trench or any one of a number of frantic things that people do when the shooting is about to start.

Obviously these occasional readers need protection. Perhaps some sort of editorial note would suffice, like: "Readers are asked not to panic in perusing Miss Thompson's column. Whatever it predicts will never, never happen."

From the Files

LOOKING BACKWARD

1888—60 Years Ago

Winnipeg recently has lost three of its outstanding preachers, Revs. Gordon, Pitblado and Wilcox. Some of the men said they may resume the labors of the ministry at a later date. That these preachers have left does not prove that Winnipeg is any less fond of good sermons than it ever was, or that it really has less money than it had when they were engaged. It simply shows that the last vestige of the boom is dead, and that for the present people have made up their minds to pay for their religion and everything else according to their means and not their expectations, as they have been in the habit of doing.

1908—40 Years Ago

A. C. Fraser was elected president of the board of trade.

Washington.—Premier Deakin of Australia has invited the U.S. fleet to visit his country.

Donald McDonald, the well-known packer and guide, left today for his home at Lac Ste. Anne. He was accompanied by Beacon While.

Albany. — Governor Hughes will make his bow to Illinois people as a presidential candidate tomorrow when he is to speak at Chicago.

Ottawa.—Premier Laurier gave notice of a resolution to appropriate three hundred thousand dollars with which to purchase historic battlefields in Quebec.

1918—30 Years Ago

The city council at a meeting on Wednesday accepted the motion of Ald. McCoppen to appoint five members to a committee to which the allied trades' council should also name five; the joint committee to select a tribunal to investigate phases of the dispute between the city and the firemen.

London—The British government has instructed its agents at Kiev to make a declaration that Great Britain will not recognize any peace in the east which involves Poland, without Poland being consulted.

Mr. J. H. Lamb has been appointed municipal commissioner for Alberta.

Ottawa—Canadian soldiers at the front subscribed $2,500,000 to the victory loan.

1928—20 Years Ago

Attorney General Lymburn introduced a bill in the legislature by which the government will assume the sale through liquor vendors' stores, of all bottled beer.

London—Hinkler completed a fifteen day flight from England to Australia in a plane costing $3,500 and with travelling expenses of $250— 2proximately 2 cents per mile.

Vancouver—A holding company with Hon. H. H. Stevens is associated has bought from Sir Donald Mann the charter for a railway from Hope on the Portland canal, eastward. The line will be extended to the Peace River area.

1938—10 Years Ago

Trans-Canada Airlines is negotiating with the city for the erection of a third hangar at the Edmonton airport, for the exclusive use of TCA planes when operations start here during the summer.

Tokyo.—Chinese planes bombed Japan's island of Formosa.

London.—The House of Commons voted confidence in Prime Minister Chamberlain's policy of friendship with Italy.

W. W. Cleveley was chosen Conservative randidate at the federal by-election in East Edmonton.

Detroit.—A move is afoot to have all cars more than five years old confiscated and taken off the highways.

Edmonton's long frigid spell, which started January 26th, was broken when the mercury rose to 22 degrees above zero.

ON THE RECORD

By Dorothy Thompson

No Force or Authority Behind UN Decisions in Palestine

The text of the report of the United Nations Palestine Commission to the security council throws into clear light the fatal weaknesses in the UN structure.

By a majority vote of the assembly, the security council is recommended to enforce partition Palestine into a Jewish and Arab state, with an internationalized city of Jerusalem, such a state to have the functions of sovereignty, including a willing militia, but to be governed in economic matters, by a duo-national board.

THOMPSON

One's mind immediately inquires how it is possible to establish a joint economy between two states that have neither a joint defense nor joint political interests? It was assumed that Jews and Arabs would co-operate smoothly on economic matters—why not on political matters, which would imply a duo-national state?

The majority vote of the UN assembly is put forward as though it were law, which the Arabs are compelled to accept. Had any one of the great powers refused a majority recommendation, it would not have been law. The Arab states vetoed the judgment, claiming the prerogative possessed by great powers. Why, ask the Arab states, is the veto not the right of weaker states where their immediate interests are involved? Where, in the UN charter, they ask, is there any presumption that whatever is decided by a majority of the assembly and a unanimous vote of the security council becomes binding law on anyone? What are the juridicial foundations for this act?

Using the Veto

One's sympathies in this struggle cannot chose one's mind to the fateful question here posed. This is the first example of weak states claiming and exercising the veto prerogative which five great states enjoy by explicit provisions of the charter.

And, assuming that the decision has the "force" of law, where is the force? The commission's report calls for an "international" force. An "international" force would be responsible exclusively to the UN. But no such force exists. If the United States sent a force it would be responsible to the U.S.: it would wear American uniforms, and no fiction would make it what it isn't. A Red Army force would be a Soviet force.

The Palestine commission reports that the Jewish militia called in partition could be formed, but no militia of an Arab state could be, since the Arabs abstain. Who, then, will protect the Arab territory and its stateless population? It is proposed to arm the Jews to police partition. But the Jews cannot be made protectors of the Arabs, with whom they are conducting a war, in a security situation which has deteriorated steadily since partition was recommended.

Three Forces

One thing would appear obvious. Peace cannot be kept in Palestine by three forces: a Jewish force, an Arab force (fighting partition), and an international force. If any external force were to go to Palestine charged to carry out the recommendations, its first task would be to throw a cordon around Palestine and disarm all forces within the country—Jews and Arabs—except those brought under one central command.

It is not possible to restore peace with two or more forces under different commands. It should be remembered that partition is by no means accepted by all the Jews in Palestine, the more aggressive of whom accept it as a step toward an all-Jewish Palestine. The task of the commission and any force would be to keep Jews and Arabs from fighting each other. That would conceivably be possible only if there is one, and only one, armed authority.

But it becomes clearer every minute that the UN is neither set up nor implemented to perform this task. There is no law, there is no judge, and there is no policeman. Therefore, the first decision reached by great power agreement threatens to bring not peace but war.

Answer to Previous Puzzle

DISTRICT NEWS IN BRIEF

Elect Donald Sweet Mayor of Ponoka

PONOKA, Feb. 25.—Donald W. Sweet was elected mayor of Ponoka, succeeding M. E. Grandlund at the annual municipal election here Monday. Mr. Grandlund had been mayor for the last year.

More than 600 votes were polled and competition was keen in both the mayoralty race and the battle for the three places on the town council.

Successful candidates seeking election as councillors are: A. J. Crandall, E. L. St. Clair and S. Brulehart. Other candidates were: H. Dittmer, O. J. Lyon and John A. Farrell.

Other members of the council are: W. Thirsk, H. Roberts and T. C. Fredriksen. Charles W. Healing was elected as school trustee by acclamation on nomination day Feb. 16.

Name Councillors

CASTOR, Feb. 25.—Herbert J. Zinger was re-elected for a second term and Amos Geiger for a first term on the Castor town council at the elections here Monday. Only other candidate was Benjamin Dorval who had been a councillor for 16 years.

House Is Damaged

ASHMONT, Feb. 25.—The farm home of Mr. and Mrs. Jack Gray, about five miles northeast of Ashmont, was seriously damaged by fire recently. The upstairs of the two-storey house was totally destroyed, but most of the main floor was saved. Furniture and other belongings on the second floor were all destroyed.

It is believed that no insurance was carried on the building.

Elect Officers

WILLINGDON, Feb. 25. — John Peko was elected president of the Willingdon Beekeepers Association at the annual meeting here recently. Others elected include: vice-president, Mike Shewchuk: secretary, Fred Magera.

Entertain Parents

ELK POINT, Feb. 25.—Scouts, guides, cubs and brownies of the First Elk Point group were hosts to their parents recently when a joint parents' night was held in the Legion hall. About 40 parents and former scouts and guides attended the dinner and entertainment provided by the group.

Following the dinner, Scoutmaster J. V. Jacobson, in the absence of Dr. Wiegerinck, president, of the Local Association and Group Committee, presented the "Good Turn" trophy to Patrol Leader Muriel Hain, who accepted it on behalf of the Guide Swallow Patrol, which had done the greatest number of "man hours" of good turns on "Good Turn Day." Mrs. Nell Fenton, as secretary of the local association, presented a warrant of appointment as Tawny Owl to Miss Marion Johnson, leader of the brownie pack.

School Costs $16,469

SYLVAN LAKE, Feb. 25.—Only 12 ratepayers of the Sylvan Lake school district attended the annual meeting here recently. W. Koots presided and Bert Cody acted as secretary.

Financial statement and inspectors' reports were presented by the secretary-treasurer, L. B. Walker. Cost of the new school building was $16,469, it was revealed.

Re-Elect Mayor

VEGREVILLE, Feb. 25.—Mayor C. B. McClure was returned to office by acclamation and A. Muzyka and Henry Bender were re-elected to the council in Monday's elections. Only other candidate for councillor was John Strynedka.

Leaving Hanna

HANNA, Feb. 25.—Arvid Malm has accepted a position in Red Deer. He and Mrs. Malm and their baby daughter will move to their new home at the end of the month.

Return To Hanna

HANNA, Feb. 25.—Graham C. Talmage and Clarence Elm returned recently from Calgary where they attended the mechanics' service school.

Seismograph Party

HANNA, Feb. 25.—A second seismograph party is working in this area last week. This is the Geographical Service Incorporated. The other party here is the Canadian Exploration Company. The shocks of their tests are often felt in town.

Rocky Woman Burned

ROCKY MOUNTAIN HOUSE, Feb. 25.—Mrs. David Brown, 71, who lives three miles south of town, was very badly burned Saturday when she tipped a pot of boiling mash off the stove onto herself. She was alone at the time and was stunned as she fell. When she came to, she managed to crawl to a coach and very shortly afterwards, a neighbor, Mrs. J. H. Montgomery, came in. She administered First Aid then ran out to the road and flagged a truck to take Mrs. Brown to hospital.

A Howling Success

Dottie, 10-year-old black and tan terrier owned by Councilman Hugh B. Buxton, of Roselle, N.J., specializes in the best canine contralto style. Dottie's happiest when she has an audience.

Elect Mrs. Whiteford

OLDS, Feb. 25.—Mrs. R. Whiteford was elected president of the Ladies Auxiliary of the Canadian Legion branch here at the annual meeting recently.

Others elected are: first vice-president, Mrs. L. Napper; second vice-president, F. Leask; secretary, G. O. Donnell; treasurer, E. King; executive members, Mrs. F. Ringrose; Mrs. W. Jensen, Mrs. D. Moore and Mrs. H. Armstrong; Mrs. D. Campbell and Mrs. L. Alhavardt.

Heads Ratepayers

SPRUCE GROVE, Feb. 25.—William McLeod was re-elected president of the Spruce Grove ratepayers for a three-year term at a recent meeting here. He was also chosen as chairman of the Spruce Grove school board.

Betty Moen Queen Millet Carnival

MILLET, Feb. 25.—Miss Betty Moen was crowned queen of the annual Millet winter carnival here recently. The crown was placed on her head by Mayor E. R. Hoskins and she was drawn around the rink on a sleigh by a group of sea cadets.

A hockey game, won by Edberg, speed skating, fancy skating, comedy acts and a broomball game were among other attractions.

Prizes for the best ladies' costumes went to Patricia Baker and Louise Dixon. Men's prizes were won by Bill Pyrch and Wilfred Rupert.

Deliver Pasteurized Milk At Rocky

ROCKY ✱ MOUNTAIN HOUSE, Feb. 25.—Milk pasteurization went into effect in Rocky on Monday, when the Central Alberta Dairy Pool delivered its first milk. The bylaw, authorizing pasteurization of milk, was passed by an overwhelming majority last September and the creamery at once ordered the necessary equipment and started to build. The new addition has one large room for the pasteurizing, a large refrigerator room and a storage room.

The creamery was built here 25 years ago and managed by John Phathan until it was bought by Christian Sorensen in 1936. Mr. Sorensen operated it until last fall when he sold it to the Central Alberta Dairy Pool.

Elect Councillors Town Of Camrose

CAMROSE, Feb. 25.—T. C. Bailey and Ed Shuman were elected to the Camrose town council Monday. Mr. Bailey received 546 votes and Mr. Shuman polled 452. Other candidates were Frank Mohler and Harry Cassidy.

Bert Groves and Jack Lang were elected to the school board by acclamation.

Sylvan Lake Sunday School Re-organized

SYLVAN LAKE, Feb. 25.—Sunday School of St. Mary's Anglican Church here was re-organized recently under the supervision of Mrs. A. German.

J. Bulmer, manager of the Sylvan Lake hotel since 1945 is leaving soon for Hanna, where he will also manage a hotel. J. L. King of Red Deer will replace Mr. Bulmer as manager of the local hotel.

Legislation To Abolish Prohibition

CHARLOTTETOWN, Feb. 25.—(CP)—Legislation to abolish prohibition and to curb strikes was forecast yesterday in the speech from the throne read by Lieutenant-Governor Joseph A. Bernard at the opening of the 21st legislature of Prince Edward Island.

Eugene Cullen (L-3rd Queens) was named speaker of the 30-member house in which the Liberal party, led by Premier J. Walter Jones, holds 24 seats. His first act was to give the throne speech second reading.

Proposed elimination of the requirements of a doctor's prescription to buy alcoholic beverages, observers said, would dismiss the last vestige of prohibition, which has been partially circumvented in this manner for the last three years.

Provision for a plebiscite on prohibition on June 28, 1948, was mentioned in the throne speech.

Islanders now must obtain a "script" from a doctor stating the liquor is to be consumed "for medicinal purposes only." A "script" is valid for six months and costs $1.

In a previous liquor referendum in 1941 the drys won by a heavy majority. Many here predicted a similar outcome for the next one.

Attempt Is Made Crack Millet Safe

MILLET, Feb. 25.—An attempt to crack the safe in the Millet town hall was made during the week-end. The knobs and hinges were knocked off the safe, but the person or persons did not get into the safe.

The files were ransacked, however, and all the drawers opened and the contents scattered about the floor.

Entrance was gained to the building by breaking a small window in the back of the building. R.C.M.P. of Wetaskiwin are investigating.

Early in the 18th century British farmers began to improve their ground by adding lime and other fertilizers and by rotating their crops.

North Pioneer, A. R. Smith, Dies

GRANDE PRAIRIE, Feb. 25.—Funeral service for Albert R. Smith, pioneer of the Peace River country, was held recently at St. Paul's United Church, Grande Prairie, with the Rev. C. G. Kilney officiating. Interment was in the family plot at Lake Saskatoon cemetery.

Born in Haysville, Ont., 1884, Mr. Smith came to Edmonton with his parents, the late Mr. and Mrs. G. M. Smith, and three brothers in 1909. In October of the same year, Albert and his brother Lorne and an uncle J. H. Smith, dominion land surveyor, drove north with team and democrat, travelling by way of the primitive trail on the north shore of Lesser Slave Lake and Peace River Crossing, covering the 700 mile round trip in five weeks.

An active leader in all community affairs, Albert worked with the agricultural society at Spirit River for 20 years.

He helped his uncle survey the present townsite of Grande Prairie. At that time only a homestead. He was president of the Monkman Pass Highway Association formed to build a motor road through the Rockies to Prince George.

Three years ago Mr. Smith moved into the town of Grande Prairie to live. Mr. Smith was a nephew of the Dr. Duff Smith who was for many years was superintendent of the Royal Alexandra hospital, Edmonton.

He is survived by his wife; two daughters, Mrs. Elmer Harder of Wembley, Mrs. Albert Thompson of Hythe; five grandchildren, three brothers, Arthur and Fred of Edmonton and Lorne of California.

More Elections Held in Alberta

CALGARY, Feb. 25.—(CP)—Mayor H. B. Macleod was re-elected mayor of High River, Alta., yesterday with a majority of 34 votes over his nearest opponent, Dr. York Blayney. Standing of the three mayoralty contestants was: H. B. Macleod, 346 votes; Dr. Blayney, 288; Mrs. Anne Fetherstone 98.

Results in other Alberta towns follow:

Taber—town council (two vacancies): H. J. Hart 345, Arnold Odlund 211; defeated, Arthur Avery 213.

Nanton—town council (two vacancies): James Dick Jr., 256, Roy V. Hallett 204, defeated S. Smith 79, J. Jeffery 59, A. Wheeler 53.

Pincher Creek—Mayor H. E. Hammond; town council (two vacancies) A. Crawford and D. Fox.

PILES
(HEMORRHOIDS)
Why go on suffering the agony and torture of Piles. New NOVA-KELP has helped in many stubborn cases. IT'S FANTASTIC the miles and miles of new trunk lines required to meet the mammoth demand for telephones. We are doing everything humanly possible to meet the situation. Shortly our immense new plant at Lachine, Que., will be turning out huge quantities of wires and cables of all types. Northern Electric, Canada's largest makers of telephone equipment.

EDMONTON BOY, J. R. Curry, of 11211 76 avenue, tries out the front cockpit of a Harvard trainer at Trenton, Ont., airport. Later he will be flying it along with an instructor. Curry is one of 30 cadets from the RCN-RCAF Cadet College at HMCS Royal Roads, B.C., who are visiting Trenton to get first hand knowledge of the RCAF. (RCAF Photo).

ISSUE RAISED IN COMMONS

Non-Canadian Officers For Troops Questioned

OTTAWA, Feb. 25.—(CP)—A new issue—whether Canadian troops should be commanded by non-Canadian officers—was injected into the Hong Kong controversy yesterday by one of the men primarily responsible for sending two Canadian regiments to help defend the British colony in 1941.

Former Air Minister C. G. Power, whose son was taken prisoner when Hong Kong fell to the Japanese, raised the question in the Commons when Prime Minister Mackenzie King announced the government's decision on tabling documents relating to Hong Kong.

Mr. King agreed—at Mr. Power's request—to renew representations to the British government with a view to obtaining permission for publication of all relevant documents.

The prime minister announced that evidence taken by the Royal Commission on Hong Kong will be tabled in the house, with certain sections paraphrased to preserve still-secret wartime codes. He added that a letter written in 1942 by Premier Drew of Ontario—taking issue with the commission findings—will not be tabled.

The 2,017 Canadians who fought at Hong Kong were members of the Royal Rifles of Canada and the Winnipeg Grenadiers. All were killed or taken prisoner when the island colony was conquered Christmas Day, 1941.

Mr. Power said he is "one of those primarily responsible for the recommendation that the Hong Kong force be dispatched and for its organization." Under those circumstances, he could do nothing but ask Mr. King "to request the British government to review its decision and have it produce every available bit of evidence."

"I will be most unhappy if every dispatch, every report and every item of evidence is not laid before the people of Canada. . . . If this Hong Kong inquiry is to be revived I would ask that we look not only at the circumstances which brought about the dispatch of this expedition but at all the circumstances of the handling of Canadian troops when they were sent overseas and placed under the command of officers who were not Canadians."

TORONTO, Feb. 25.—(CP)—Premier Drew of Ontario, commenting on Federal government refusal to make public a letter he wrote in 1942 in which he took exception to the Royal Commission findings on the Hong Kong expedition, said last night that not one word in the letter "could possibly be interpreted as breaking faith with the government of the United Kingdom."

MLA's Say Packer Profits Exhorbitant

REGINA, Feb. 25.—(CP)—Two government members charged yesterday in the Saskatchewan legislature that Canadian packing companies had made exorbitant profits at the expense of producers and consumers as a result of the British-Canadian wheat contracts in January.

Debate on a resolution calling far marketing of feed grains through a federal marketing board and a board of livestock commerce to prevent "excessive" packing house profits, was adjourned after three other CCF members charged federal hog policies were forcing farmers out of livestock production.

CANADIAN DROP CATTLE PRICES SAID MODERATE

OTTAWA, Feb. 25.—(CP)—Agriculture Minister Gardiner said yesterday in the Commons that while there has been some "moderate recession" in cattle prices in Canada during the last two or three weeks, there has been "nothing comparable to the price reductions that have occurred in the United States, where cattle prices have declined as much as $7 to $8 a hundred pounds during the matter of a few weeks."

Replying to a question asked earlier by John Blackmore (SC, Lethbridge), Mr. Gardiner said he had received representations from some western producers that there is not an active demand for cattle and that prices are considered unsatisfactory.

Dafoe Fellowship Is Again Offered

WINNIPEG, Feb. 25.—(CP)—The Dafoe Fellowship, worth $2,000 and open to applicants making studies "likely to increase understanding of international affairs," has been offered again in 1948, it was announced today by the Dafoe Foundation.

The fellowship, offered in memory of the late John W. Dafoe, who was editor-in-chief of the Winnipeg Free Press, was awarded in 1947 to G. Hergeron.

2 Sacks of Mail Found in City Lane

Two sacks of mail were found Tuesday at the rear the McKinney building, 10137 104 street. One of the sacks was found open and a parcel broken into. Police said they believed the bags had fallen from a postal truck.

Conservation Bill Gets Narrow OK

House Also Gives Approval To Farm Loans Extension

By D'Arcy O'Donnell

OTTAWA, Feb. 25.—(CP)—The government's contentious exchange-conservation bill won approval by a narrow margin in the Commons yesterday and then members adopted a bill extending for three years the Farm Loans Improvement Act of 1944.

The exchange bill, first important piece of legislation passed since the session opened Dec. 5, barely skimmed over its last hurdle in the wake of concerted attacks which saw the opposition within eight votes of defeating the government.

WIN BY TEN VOTES

That division, followed by another which the government won by 10 votes, came on a Progressive-Conservative amendment which would have limited currency-saving import restrictions in the exchange bill to hard-currency—dollar—countries only, mainly the United States. The amendment was defeated by a vote of 104 to 96, and shortly after the bill, which now goes to the Senate, was adopted by a vote of 102 to 92.

The three opposition parties voted, contending that as the legislation aimed to conserve dollars, it should limit imports only from hard-currency countries, not from the United Kingdom, too.

NOT ACCEPTABLE

Finance Minister Abbott replied that the government could not accept an amendment that would turn the bill from a non-discriminatory one into legislation mainly against the United States.

The farm loans improvement bill passed without division. Its passage came shortly before adjournment and only a brief time was spent on renewed debate of a resolution preliminary to a bill giving effect to the excise taxes announced when the exchange-conservation bill was brought into effect Nov. 17.

Solon Low, Social Credit leader, said his party had fought the principle of the exchange bill ever since 1945 when the non-discriminatory question first arose in the Bretton Woods monetary agreements. His party would continue to fight "non-discrimination" features in such agreements because it was a "pernicious, diabolical thing." It succeeded only in discriminating against Canadians.

$31,500,000 LOANED

At the night sitting G. Belzile, parliamentary assistant to Finance Minister Abbott, said that up to last Dec. 31 some $31,500,000 had been loaned under the farm loans act.

Presenting figures requested by John Bracken, Progressive Conservative leader, Mr. Belzile said the amount repaid was some $15,500,000—about 49.1 per cent of the total loaned.

Mr. Belzile explained that loans under the act are made by the chartered banks, which had co-operated fully in making the loan effective.

The $31,423,129 loaned up to Dec. 31 was in 39,387 loans. In 1945 there had been 4,311 loans for a total value of $3,381,742; in 1946—13,030 worth $9,880,565; in 1947—22,046 worth $18,160,821. The amounts in western provinces, with the number of loans in brackets:

British Columbia $854,634 (1,063); Alberta $11,176,435 (14,600); Saskatchewan $10,438,919 (12,908); Manitoba $4,453,351 (5,916).

N.Y. Editor Dies

NEW YORK, Feb. 25.—(AP)—John H. Sorrells, 52, executive editor of the Scripps-Howard newspapers, died today of a heart ailment.

Get this quick **3-WAY RELIEF!**

Offensive cough due to colds, smoking? Get this safe, prescription - type formula of proven cough-relief ingredients long used by doctors. Not a narcotic. Let children enjoy freely. Gives quick, long-lasting relief 3 important ways:

1. Eases throat tickle.
2. Soothes raw, irritated membranes.
3. Helps loosen phlegm.

M-7-41

HOUSING LOAN ACT PASSED IN QUEBEC

QUEBEC, Feb. 25.—(CP)—The Quebec legislative assembly, after a week-long debate, last night approved by a 46-31 vote the government's bill for a system of housing loans.

By the bill which provoked the longest debate of the session the government will spend $3,500,000 paying a three per cent share of five per cent housing loans granted by the province, Caisses Populaires (Credit Unions) and other lending agencies.

The 30-year loans will be limited to $6,000 for a one-family dwelling with $4,000 addition for each extra family unit in a new house. The measure will be coupled with an earlier bill authorizing municipalities to grant cheap property and tax exemptions for new housing.

Tax Forms Made Easy for Farmers

OTTAWA, Feb. 25. — (CP) — Revenue Minister McCann said yesterday in the commons that new income tax guides and forms for farmers have been "well received."

He said revenue department officers were instructed to use "the utmost courtesy and fairness" in dealing with farmers on income tax matters.

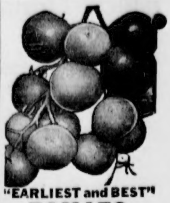

Mr. McCann was replying to John Bracken, Progressive Conservative leader, who asked whether consideration was being given to simplification of prairie farmers' income tax forms.

The revenue minister said one guide and one form are for prairie farmers, the other guide and form for farmers in other parts of the country.

A. L. Smith (PC—Calgary West) asked if any other class of Canadians is singled out for similar "treatment."

Mr. McCann said a "great number" of farmers "have not and do not" make tax returns and the present method of determining farmers' income—by asking them—seemed the best way.

When tea was first brought to England it was looked on mainly as a drink of medicinal value.

"EARLIEST and BEST" TOMATO

Introduced by us several years ago and by sheer merit it has outsold all other varieties among both home and commercial growers each season, in every part of Canada. Customers repeatedly tell us "Earliest and Best" is still better than we claim. Produces large, beautiful, solid, perfect shipping tomatoes, earlier than any other variety. High crown type without core, and more beautiful red when fully ripe. Ideal for canning, salads, cocktails, and sliced cooking. Fruits are often ten fruits to a cluster. Amazing yielder. (Pkt 15¢) (or 75¢) postpaid.

FREE — OUR BIG 1948 SEED AND NURSERY BOOK — Bigger than Ever

DOMINION SEED HOUSE, GEORGETOWN, ONT.

Yes, I thoroughly enjoy smoking and that's why I am so grateful for the exceptional high quality of Craven "A". They're always delightfully fresh, easy on your throat, cool to the tongue—in short, they're a real pleasure to smoke.

WILL NOT AFFECT YOUR THROAT

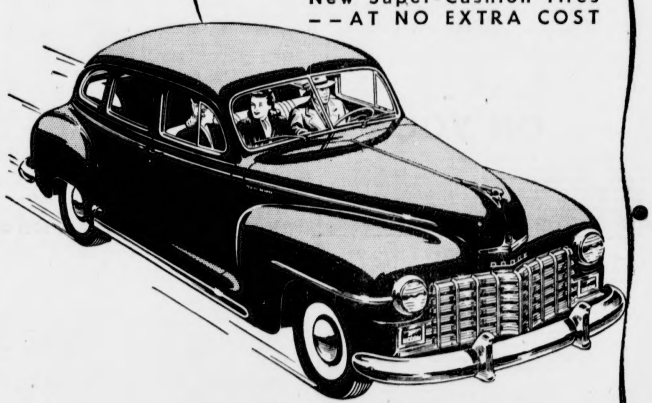

CRAVEN PLAIN—without cork tips—same fine quality as Craven "A".

In packets of twenty and flat boxes of fifty.

CARERAS LIMITED, LONDON, ENGLAND (EST'D. 1788) — 150 YEARS' REPUTATION FOR QUALITY

ALL DODGE MODELS

Are Now Equipped With New Safety-Rim Wheels and New Super-Cushion Tires —AT NO EXTRA COST

DODGE GIVES YOU UNSURPASSED SAFETY —AND AN EVEN SMOOTHER RIDE!

SUPER-CUSHION tires, fitted on new, wider Dodge "Safety-Rim" wheels are now standard equipment on all Dodge Models—another Dodge "extra" feature. Dodge thus gives you greater safety and a smoother ride at no *additional cost.*

These unique, new Super-Cushion tires use only 24 pounds of air *pressure* yet they carry 26% more air *volume,* which greatly reduces road vibration. They cushion the car against lateral or crosswise shocks, the softer tires taking the jars when they hit ruts, stones or rough pavement.

You are assured of greater safety as these new tires run cooler which lessens the chance of a blowout. Should a blowout occur, the new Dodge "Safety-Rim" wheels hold the tire on the rim—even at high speeds—allowing safe, straight stops.

Lower air pressure and 26% greater air volume give you the smoothest ride in Dodge history.

New Dodge "Safety Rim" wheels combine with Super-Cushion tires to set a new standard of motoring safety.

New tires have more road contact which gives better traction, reduces tire wear and wind-sph.

THE BIG, ROOMY **DODGE** GIVES YOU MORE 'EXTRAS'

GIRL GUERILLA, her head bandaged because of wounds, is led through a street in Langadia, east of Salonika, after being captured by Greek Government forces. She was one of 150 prisoners taken.

CATTLE PERISH IN BARN FIRE AT EP RANCH

HIGH RIVER, Alta., Feb. 25.—(CP)—Twenty-four head of purebred shorthorn cattle were burned to death yesterday when fire destroyed one of the large barns at the famous EP Ranch at Pekisko, 25 miles west of here. Eight others were taken to safety from the building.

The ranch, owned by the Duke of Windsor, is the home of one of Alberta's best shorthorn herds. Before the fire the herd consisted of 80 head.

Total loss is estimated at between $15,000 and $20,000.

There have been repeated reports, all unconfirmed, that the Duke and Duchess of Windsor would visit the ranch sometime this year.

Rescind Quashing Of Press Freedom

GUATEMALA, Guatemala, Feb. 25.—(AP)— Congressional action yesterday nullified a presidential decree suspending for 30 days freedom of the press in Guatemala.

President Juan Jose Arevalo issued the decree Monday after a meeting with his council of ministers. The action was taken after the newspaper La Hora published an article about the army which the government considered offensive.

CAPETOWN, Feb. 25.—(AP)—A member asked parliament Tuesday to appoint a committee to inquire into the press in South Africa. Interior Minister H. G. Lawrence replied that the government was not prepared for such a motion and that parliament did not lightly appoint committees to look into affairs of private business. Debate was adjourned until March 12.

U.S. Will Oppose Any Use of Force

But Is Not Against Partition And Will Support U.N. Army

By R. H. Shackford

WASHINGTON, Feb. 25.—(BUP)—The United States will oppose with all its power—using the veto, if necessary—any attempts by the United Nations to impose partition of Palestine by force, it was learned today.

This does not mean the U.S. is now opposing partition.

On the contrary, it supports partition as the only just solution. And it is ready to support the principle of a UN army, including American as well as Russian troops, to maintain peace and security in Palestine.

But authoritative quarters emphasize there is a great distinction between an army to maintain peace and one to enforce a political decision such as partition. The UN charter, they said, gives the world organization no authority to impose a political decision by force.

PARTITION NOT DOOMED

This does not doom partition in the eyes of these officials. They see a good chance of putting the plan through if the UN acts to restore law and order in Palestine.

These statements, as complex as they may appear, are still an oversimplification of perhaps the most snarled issue in American history. They are supported here by framers of American policy by involved and tedious legal reasoning. There are a lot of "ifs", "ands", and "buts." But officials insist they are correct statements of American policy.

They expressed these views in an effort to clarify the statements of Palestine policy read to the UN security council yesterday by U.S. Delegate Warren R. Austin.

As these officials put it, the United States has decided:

1. The UN has no authority in any case to impose by force or arms any of its political decisions. If it did, the Americans argue, it would mean the UN was a world government.

2. The UN can use force only to restore or maintain international peace and security.

3. Each UN member is obligated to respond to a call by the security council to help it maintain or restore peace.

4. Whatever action is taken in Palestine can be and probably will be a precedent for attempted UN action elsewhere—Greece, Korea, India, Indonesia, etc. Therefore the U.S. will insist that the strict letter of the charter be observed.

To Make Report On Leftist Paper

MONTREAL, Feb. 25.—(CP)—Hilaire Beauregard, deputy director of provincial police, said yesterday he will leave within the next few days to present to Premier Duplessis a personal report on the leftist weekly publication Combat.

Offices of the French-language paper and those of the adjoining Quebec branch of the Labor-Progressive Party were padlocked last week on orders of Premier Duplessis acting in his capacity as attorney-general. Quebec's padlock law allows closing for 12 months of an establishment suspected of harboring Communist activities.

Director Beauregard said a claim by Pierre Gelinas, editor of Combat, that the paper would be published and distributed again this week "has not yet materialized to our knowledge."

Labor-Progressive sources said, however, that copies of the latest edition will be mailed to some 2,500 subscribers instead of being sold on newsstands.

Only Labor Daily Now Up for Sale

GLACE BAY, N.S., Feb. 25.—(CP)—The Glace Bay Gazette, Canada's only Labor daily newspaper, last night was up for sale.

Decision to sell the newspaper was taken yesterday at a meeting of the United Mine Workers (CCL) district 26 executive board.

The Gazette, which has been published for 42 years, was bought by the union in 1941. It ran into yearly deficits which were made up by subsidies from the union's treasury.

In a referendum last September the UMW membership decided against paying further subsidies and since then the newspaper had been operated by the staff on a "pay as you go" basis.

Due to a newsprint shortage and other difficulties publication was suspended three weeks ago.

Hold First Election Village of 3,000

BOWNESS, Alta., Feb. 25.—(CP)—John Nicol, L. H. Cooper and A. P. Schmaltz were elected to the Bowness village council in voting Monday. It was the first election ever held in the community of more than 3,000 persons which was given the status of a village earlier this year.

Ask Ottawa Assume All Aged Pensions

WINNIPEG, Feb. 25.—(CP)—Continued pressure on the federal government to assume full responsibility for old age pensions was promised yesterday to the Manitoba legislature by Health Minister Ivan Schultz. Mr. Schultz also said stabilization of provincial finance might follow such a policy.

Restaurant Rating System Suggested

TORONTO, Feb. 25.—(CP)—A system of rating restaurants from A to D according to their sanitary conditions was suggested yesterday by Mayor H. E. McCallum. He said that if such restaurant were labelled with a letter, the public could help enforce sanitary regulations by patronizing only A restaurants.

IN FILM DEBUT AT AGE OF 101

HOLLYWOOD, Feb. 25.—(AP)—Philipa Gomez of Tampico, Mexico, is making her motion picture debut at the age of 101.

She came recently from her native land and is with a granddaughter who says the elderly woman sings, dances and fights —yes, fights—with gusto.

She has a small role in a forthcoming picture.

Bread-Price Boost Tops Added Cost

OTTAWA, Feb. 25.—(CP)—Cost of making a standard loaf of bread almost doubled for General Bakeries, Ltd., in the last five months, the company yesterday told the Commons price committee.

But a company executive testified a three-cent increase in the selling price of some of its bread last September represented more than the additional production cost resulting from removal of price control on flour.

This evidence came from James M. MacDonald, of Toronto, secretary-treasurer of General Bakeries, as the committee's inquiry into higher bread prices focussed on the baking industry. Up to today, the investigation had been dealing with the retail end of the bread business.

Mr. MacDonald's testimony came after the committee had heard contentions by some of its members that a "combine" is behind bread prices existed and that violation of the Combines Act was involved.

The baker official gave the committee figures to show the average cost of a standard 24-ounce loaf had risen from 2.129 cents at last Sept. 1 to 4.101 cents at Feb. 4.

When he was asked to explain a three-cent jump in the sales price of some General Bakeries bread Sept. 18, the time bread and flour controls came off, he said the company had taken this opportunity to catch up on some accumulated cost increases as well as make up for the new higher cost of flour.

Blind Songsters In Competition

TORONTO, Feb. 25.—(C P)—Without revealing that only three members of the group of 12 possess full sight and that several of the others are totally blind, the Beacon Singers of Brantford, Ont., last night placed second in the small vocal ensemble section at the Kiwanis Musical Festival.

Britain Will War On Warble Fly

LONDON, Feb. 25.—(CP)—Britain is preparing a new campaign against the warble fly, responsible for ruining enough leather each year to provide 20,000,000 pairs of shoes for children and 10,000,000 for adults. The fly, a well-known problem for Canadian farmers as well, infests about two-thirds of Britain's cattle.

Will Irwin Dies

NEW YORK, Feb. 25.—(AP)—Will Irwin, 74, author, lecturer and First World War correspondent, died yesterday of a brain ailment in hospital here.

Begin 'New Deal' Policy Canada Penitentiaries

By Harold Morrison

OTTAWA, Feb. 25.—(CP)—A "new deal"—with the accent on rehabilitation rather than punishment—is coming for 3,500 prisoners in Canada's seven penitentiaries. The federal Penitentiaries Commission has initiated a policy of education rather than the old-fashioned rule of punishment for the crime.

As a start, 25 burly prison officers, schooled to dominate by fear of authority, have temporarily discarded their prison dress and donned the garb of "students."

The "students" are absorbing authoritative teachings on the science of prisoner recovery.

At a school at nearby Rockcliffe, they are being told that efficiency as officials does not depend on physical strength but on knowledge of what makes a criminal "tick."

Forerunners of the 3,100 officers to be trained at Rockcliffe and at a new school which may be formed at Regina for Western penitentiary officers, the nucleus introductory class brings into being the recommendations of the Archambault Commission which 10 years ago called for the raising of the efficiency of Canadian penal officers.

The students take notes on psychiatry, psychology, the nature of crime and the reasons for the criminal. At the conclusion of a six-weeks course, they will take back new ideas in penalogy to pass along to fellow officers.

Prison officials are not, however, becoming soft. Prisoners can anticipate new treatment as they eventually can rejoin society as normal citizens, but there will be no "kid glove" and "motherly love" treatment for those who don't respond.

Signatures Forged Government Cheques

CALGARY, Feb. 25.—(CP)—In the last 12 months 40 government cheques for mother's allowance, pension gratuity or other government reimbursements have been reported forged in Calgary, A. W. Dingle, Calgary district postal inspector, disclosed yesterday in urging city residents to provide proper receptacles in their homes for mail.

WARNINGS FROM LEADERS:

Britons Must Work Harder, Do Without to Survive

By JAMES McCOOK

LONDON, Feb. 25.—(CP)—Lord Pakenham, economist and spokesman for the government in the House of Lords, said yesterday that Britain now is "up against it" and will survive only "if we work harder and do some unpalatable things."

Lord Pakenham made the statement after disclosing an ever-increasing drain on Britain's gold and dollar reserves.

He sketched Britain's achievements in increased production but warned that it is impossible to know what assistance would be forthcoming from the United States.

Lord Pakenham said that "I am sure we can come through this business by sticking to democratic processes and beliefs but only if we all work harder and abstain from certain forms of enjoyment which we had come to think of as our natural share."

CRIPPS' WARNING

The Chancellor of the Exchequer, Sir Stafford Cripps, meanwhile underlined the importance of stopping this drain. He told a national savings rally in London that during the period of Marshall Aid Britain will need the backing of a gold and dollar reserve for the trade of the sterling area to maintain the confidence of the rest of the world.

With the growth of industrial production in Canada, the United States and the Argentine, it had become progressively more difficult for Britain to sell them enough goods to pay for her imports.

Sir Stafford Cripps said Britain exported last year eight per cent more than in 1938 but even with imports 26 per cent less than in 1938 "we still could not pay for one-third of our imports."

Lydia Pinkham Heir Dies at Age 62

BROOKLINE, Mass., Feb. 25.—(AP)—Miss Lydia Pinkham Gove, 62, treasurer of the Lydia E. Pinkham Medicine Co., of nearby Lynn, died yesterday in hospital after a brief illness. She was the granddaughter of the founder of the Pinkham firm.

Seek Social Order

VATICAN CITY, Feb. 25.—(AP)—The new Irish government in a message to Pope Pius yesterday pledged itself to seek "a social order based on Christian principles."

AGIN' LAW OR NOT MP OUT TAX CHARGE

OTTAWA, Feb. 25.—(CP)—It was a toss-up as to who got the better of an exchange in the Commons yesterday between George Cruickshank (L—Fraser Valley) and Ross Thatcher (CCF—Moose Jaw), mutual friends but political enemies.

Mr. Cruickshank said Mr. Thatcher had argued in Commons debate Tuesday night that the excise taxes imposed on a wide variety of goods last Nov. 17 were imposed contrary to the laws of the country.

"If it is contrary to the laws of Canada I should like to know by what authority the member for Moose Jaw charged me the 25 per cent tax on a toaster I bought last December," said Mr. Cruickshank.

Retorted Mr. Thatcher:

"If he (Mr. Cruickshank) believes what the minister of finance said Tuesday night, no taxes have been imposed as yet. Naturally my firm could not refund a tax which has not yet been imposed; but if the member wants his money back I suggest that he vote against this resolution."

Mr. Thatcher was referring to a resolution to the excise tax bill.

No Estimate Year Of Dollar Savings Under Excise Tax

OTTAWA, Feb. 25.—(CP)—Finance Minister Abbott said last night in the Commons that no estimate has been made of Canada's potential savings of United States dollars as a result of the 25-per-cent. excise tax he announced last Nov. 17.

Mr. Abbott was replying to J. M. Macdonell, (PC, Muskoka-Ontario) as discussion of a resolution preceding introduction of a bill amending the Excise Tax Act was resumed a few minutes before adjournment.

Mr. Abbott said certain items recently were removed from the tax list after delegations presented reasons for wanting such action. These included certain electrical equipment, sporting goods, pleasure boats, pianos, toilet articles and other items.

Much Nazi 'Brass' In British Prisons

LONDON, Feb. 25.—(AP)—British still is holding 78 German field marshals, generals and admirals as prisoners-of-war, War Minister Emanuel Shinwell told the House of Commons yesterday. Replying to questions, Shinwell said they will be repatriated "when their turns come around."

Rancher Victim Of Heart Attack

CHICAGO, Feb. 25.—(AP)—Alonzo Smith, 85, of Maidstone, Sask., a wheat and horse rancher, died of a heart attack here last night at the home of a brother. Alonzo Smith spent the winter months in Chicago, returning to his ranch during the summer. He owned a 3,000-acre ranch in the Saskatchewan Valley

Fruit Men Must Show Size, Price

OTTAWA, Feb. 25.—(CP)—The prices board said last night that, under the board's recent markup — margin of profit — order on citrus fruits, retailers are required to display a sign showing the price and size of all citrus fruits on sale.

Board officials said they also have reminded wholesalers they must continue to supply regular customers with the same percentage of citrus fruits supplied during the year ended last June 30.

Mr. Justice Shepherd In Good Condition

CALGARY, Feb. 25.—(CP)—Mr. Justice S. J. Shepherd of the supreme court of Alberta was reported in good condition yesterday after undergoing an operation. He was admitted to hospital last Friday.

Minimum Wage

PARIS, Feb. 25.—(Reuters)—A new minimum living wage of 12,000 francs ($60) a month for French workers was approved by the administrative commission of the Confederation General du Travail (CGT) yesterday.

Allen Scores Three In Mercury Triumph

A GOALIE'S CHANCE is practically nil when sharp-shooting Harry Allen of Mercurys sifts in on him, Wilbur Delaney, Camrose goalie, would be the first to admit. In the above picture Wilbur is shown making a gallant effort to block Harry's shot early in the first period, but the bulge in the hemp is mute evidence of his failure. Harry successfully poked a couple more pucks behind Delaney before the game finished as the Mercurys tagged a 6-4 defeat on the never-say-die Maroons in their first clash in the Northern Alberta intermediate final at the arena last night. Jim Malin is shown sprawled on the ice after attempting to hook the puck away from Allen. The next game will be played at Camrose Thursday night. —*Photo by Bland.*

harold DEAN of SPORT

THIS column would nominate W. R. (Pop) Lawrence as the all-time champion letter writer, even forgetting the thousands of pamphlets and circulars he sends out in connection with the promotion of track and field events every summer.

"Pop", now in his 80th year, dropped in last night with an announcement concerning the approaching amateur boxing and wrestling eliminations to be staged at HMCS Nonsuch, during the second week of March.

In the course of conversation, "Pop" happened to mention having received a Chesapeake and Ohio (his old employer) calendar from one of "the girls" down in St. Paul, Minn. Queried as to how he managed to keep in touch with his former "ballplayers" as he often calls them, Pop broke down and let out the secret.

"Oh, I just cut out tidbits from the various letters my daughter and I receive, file them away and then when we have something worth while, I get down the old typewriter and go to work.

"I run off 12 copies of the letter at a time and send one to each of the 47 girls we correspond with — they're scattered from Vancouver to Los Angeles and from Toronto to North Carolina. I don't think many even bother to write each other — they just rely on 'the clearing house' to keep them up-to-date on the news."

★ ★ ★

TONIGHT'S game between Lethbridge and Calgary could settle the fourth playoff spot in the senior circuit, unless Saskatoon Quakers can win three straight and Leafs lose both of their last two games.

But the race for the individual scoring title is still undecided, even if Morey Rimstad of the Edmonton Flyers, is pounding down the stretch with a lead of four points.

This year's points derby really is a honey and has been all season. It will be noted though, that the games each player has participated in still are missing from the official averages. The keeping of such a record would not be such a terrific chore for the official statistician. The league should insist upon this as one improvement for next season.

★ ★ ★

TUESDAY'S mail bag included a card from "Sparkie" Milner, goalie this season for Lacombe Buffaloes of the Central Alberta League. The card, sent from Great Falls, Montana, wound up with "the 21 boys who made the trip for the two-game series, surely are enjoying themselves."

The two ex-Flyer Bobs— Carse and Solinger—just can't be kept away from enemy goal territory these days. Solinger has been scoring consistently all year since Carse returned to Cleveland from Montreal Canadiens, the Barons have won 22 out of 26 starts.

Humberto Sierra, who was knocked out in the 10th round by Willie Pep at New Orleans last night, is five feet, nine inches and the tallest challenger in the history of the featherweight division.

Occasionally a banana plant produces a bunch with more than 300 individual bananas, but 150 is more common.

Lacombe Club Leads Dinant Eight Goals

LACOMBE, Feb. 25 — Lacombe juveniles took a commanding lead in the northern Alberta juvenile hockey playoffs by swamping Dinant 10-2 here Tuesday night before 600 fans. Second game of the two-game, total-points series will be played here Wednesday night.

BUSIEST MAN on the ice was Ralph McPhedran who played a sensational game in the nets for the visitors. Time and again he robbed Lacombe forwards right on the goal crease, and apart from two goals which deflected in off his own team mates, all goals came on rebound shots which gave him no chance.

It was 2-0 for Lacombe at the end of the first, but most of the scoring occurred in the second frame when the locals opened up a commanding 9-2 margin.

Lacombe—Calkins, Hay, Gilmour, Marshall, Hayworth, Frizzell, Lund, Blades, Holmes, Ruska, Whyte, Kasba, Chiswell.

Dinant—McPhedran, Sanack, Mackenzie, Patrick, Scotvold, Patrick, Peterson, Holte, L. Majeski, Wilks, Godmundson, Simonson, Dinan.

Officials—Bud Carter, T. A. Spesilt.

SUMMARY

First Period: 1—Lacombe, Whyte 13:26; 2—Lacombe, Hayworth (Lund, Frizzell) 14:26. Penalties—Whyte.

Second Period; 3—Lacombe, Lund (Frizzell) 2:36; 4—Dinant, Majeski 5:20; 5—Lacombe, Frizzell (Lund, Kowalski) 7:44; 6—Lacombe, Hay (Ruska) 9:46; 7—Lacombe, Hayworth (Frizzell) 12:20; 8—Lacombe, Frizzell (Lund, Gilmour) 14:40; 9—Lacombe, Hay (Ruska) 15:12; 10—Lacombe, Lund (Frizzell, Hayworth) 16:56; 11—Lacombe, Frizzell (Lund, Lacombe, A. Majeski (Elmer, Patrick) 17:42. Penalties—none.

Third Period: 12—Lacombe, Lund (Gilmour) 16:05. Penalties—none.

Edmonton Cops Shooting Shield

Five members of the Greater Edmonton Rifle Association, Helen Ramsay, Phil Lee, Alec Gourley, Dan E. C. Campbell and L. Larsen turned in possibles to win the Alberta provincial open championship shield.

The Calgary team of Frank Wynne, Bill Macnab, C. Sanderson, A. R. Bjornebo and Steve Johnson, finished one point behind with a 1499 total.

The indoor sporting rifle matches were conducted by the Alberta Rifle Association.

The ladies' team championship went to Calgary, with 1,496. The team was composed of Vera Samuelson, Gwen Wick, Sophie Graham, Alma Macnab and Eileen Birch.

Alec Gourley of Edmonton took the individual prone title with a perfect 100 score.

Robert Kerr of Lethbridge won the three-position and grand aggregate championships.

TUESDAY'S mail bag included a card from "Sparkie" Milner, goalie this season for Lacombe Buffaloes of the Central Alberta League. The card, sent from Great Falls, Montana, wound up with "the 21 boys who made the trip for the two-game series, surely are enjoying themselves."

Seattle Punctures Canucks' Record

VANCOUVER, Feb. 25.—(CP)—Seattle Ironmen last night stopped Vancouver Canucks' record with streak at 11 games downing Canucks 7-2 in a Pacific Coast Hockey League fixture.

Cy Rouse and Dutch Evers both tallied twice for the Ironmen. Bobby Ballance and Vic Auger netted the two Vancouver goals.

Seattle is atop the northern division while Canucks remain in third place.

Saints Loop Late Basket To Eliminate Machinists

Doug Allen, who has been carving quite a name for himself as a member of the Latter Day Saints cage team, topped all performances last night when he bagged the clinching close 51-50 triumph over Precision Machine in a thrill-packed basket with only 10 seconds remaining to spark Saints to game at the RCMP gym.

Besides providing the all-important basket that qualified Saints for a final berth in the Senior Men's Basketball League, "Dead Eye" Allen also was second high shooter for the night with 16 points.

SAINTS WERE forced to stage a fiery rally that extended through three quarters before they topped the scrappy Machinests. Precision jumped into what appeared a substantial 19-11 margin in the opening session, but then Saints opened up with all jets as they zoomed to 13-12, 11-6 and 16-13 edges in the remaining quarters.

Highlight of the tension-packed encounter came in the dying seconds of the final, with the Machinists on the long end of a 50-49 count. Only 10 ticks remained when Allen scooped up the leather and headed for pay-off territory to give Saints their margin of victory. Then came the buzzer.

DOUG ALLEN'S outstanding effort was the best of the game, but Mark Lewis provided most scoring punch by flipping 17 points through the opening for the winning total. Don Blue and Pete Danylowich had 14 apiece, and Steve Mendryk marked up 12 for the losers.

Last night's scrap was a "do or die" match for both quintets. Saints walked off with a 45-36 triumph in the first match of the best-of-three semi-final round, and Precision copped the second 48-45. Saints will now meet "Y" Toilers for the city title.

Precision—Don Blue 14, Dale Main, Pete Danylowich 14, Ken Kyle, Jack Cossey 4, Steve Mendryk 12, Bill Neil 3, Forrest Hunter 1, Sam Sherter 2. Total 50.

Saints—Grant, Wheeler — Mark Lewis 17, Doug Allen 16, Ted Brewerton 7, Burns Wood, Lavar Cahoon 2, Burns Larson 4, John Garner, Glen Carlyle, Eldon Edwards. Total 51. Referee—Ed Tomlin. Scorer, Bud Scheerer. Scorer, M. G. Chernick, timer, Alice Baird.

McCauley Beats Cloverdale 5-4

McCauley defeated Cloverdale 5-4 in a Community League juvenile hockey game Tuesday night. Martin and Ross scored for Cloverdale in the first period, but McCauley's Pasukonis and Turgeon squared the count in the second.

Young and Pasukonis for McCauley and Brown and Martin for Cloverdale left the score tied 4-4, but Turgeon potted the winner for McAuley with two minutes left in the third.

SKI JUMPERS POISED FOR NATIONAL DERBY

BANFF, Alta., Feb. 25.—(CP)—Some of Canada's leading jump artists on the hickory planks were converging on this Rocky Mountain resort last night to take part in the annual four-day Canadian ski championship tournament beginning next Thursday.

With the added incentive of a new champion to be declared, jumps of more than 200 feet and possibly a few exceeding that record of 218-feet for the big Mount Norquay ski jump were predicted by experts in the winter pastime here. The present 218-foot mark was set last year by Bill Cooper of Banff.

MISSING FROM the competition will be stylish Tom Mobrazien of Vancouver, 1947 Canadian jumping champion and a member of Canada's 1948 Olympic squad. Mobrazien is taking advantage of his Olympic trip to Europe to visit his old hometown in Norway.

However, such leading exponents of the winter soaring pastime as Arthur Johnston of Revelstoke, B.C., Knute Hansen of Fort William, Ont., Jack Roccroft and Jack Wood, both of the Vancouver Cypress Ski Club, are entered.

AT LEAST TWO of last year's champions—Noel Paul of Princeton, B.C., and Lauri Huuki of Sudbury, Ont.—will be back to defend their titles. Paul, a member of the 1948 Olympic team, will be defending his combined cross country and jumping title, while Huuki won the cross country event.

Last year Huuki had to sign a special paper releasing the Canadian Amateur Ski Association or any responsibility in case of injury because he was considered too old. He signed the paper and has been hauling. His main contender for cross-country honors this year probably will be Gault Gillespie of Ste. Agathe Que., who finished second last year and held the title the previous year.

Officials in charge of the tournament said close to 100 skiers have sent in entry applications and that many more were expected before entries closed at noon today.

Lacombe Club Leads Dinant Eight Goals

LACOMBE, Feb. 25 — Lacombe juveniles took a commanding lead in the northern Alberta juvenile hockey playoffs by swamping Dinant 10-2 here Tuesday night before 600 fans. Second game of the two-game, total-points series will be played here Wednesday night.

BUSIEST MAN on the ice was Ralph McPhedran who played a sensational game in the nets for the visitors. Time and again he robbed Lacombe forwards right on the goal crease, and apart from two goals which deflected in off his own team mates, all goals came on rebound shots which gave him no chance.

It was 2-0 for Lacombe at the end of the first, but most of the scoring occurred in the second frame when the locals opened up a commanding 9-2 margin.

Lacombe—Calkins, Hay, Gilmour, Marshall, Hayworth, Frizzell, Lund, Blades, Holmes, Ruska, Whyte, Kasba, Chiswell.

Dinant—McPhedran, Sanack, Mackenzie, Patrick, Scotvold, Patrick, Peterson, Holte, L. Majeski, Wilks, Godmundson, Simonson, Dinan.

Officials—Bud Carter, T. A. Spesilt.

SUMMARY

First Period: 1—Lacombe, Whyte 13:26; 2—Lacombe, Hayworth (Lund, Frizzell) 14:26. Penalties—Whyte.

Second Period; 3—Lacombe, Lund (Frizzell) 2:36; 4—Dinant, Majeski 5:20; 5—Lacombe, Frizzell (Lund, Kowalski) 7:44; 6—Lacombe, Hay (Ruska) 9:46; 7—Lacombe, Hayworth (Frizzell) 12:20; 8—Lacombe, Frizzell (Lund, Gilmour) 14:40; 9—Lacombe, Hay (Ruska) 15:12; 10—Lacombe, Lund (Frizzell, Hayworth) 16:56; 11—Lacombe, Frizzell (Lund, Lacombe, A. Majeski (Elmer, Patrick) 17:42. Penalties—none.

Third Period: 12—Lacombe, Lund (Gilmour) 16:05. Penalties—none.

BEHIND 5 ON 12TH, SCORES SIX-ENDER

VERMILION, Feb. 25.—Six-enders sometimes don't come even once in a life-time for some curlers, but Warren's rink from Innisfree plucked one out of the bag at an appropriate moment in the Vermilion bonspiel yesterday.

Warren was five down coming home to Boake of Vermilion and his hopes of winning had practically vanished when he started to toss rocks on the final end. His rink kept pouring them into the circle and the opposition kept on missing and when the final reckoning came he had half a dozen counters—enough to win the game by one.

The E. M. Stewart rink of Vermilion remained undefeated after two days of play yesterday, as fine progress was reported in the bonspiel. The Grand Challenge and Vermilion Hotel competitions have been whittled down to the eights.

The weather conditions have been ideal for curling and competition has been exceptionally keen so far. In the evening yesterday 240 curlers attended the annual banquet.

Boston Bruin Players Deny Gambling Charge

TORONTO, Feb. 25.—(CP)—All members of the Boston Bruin hockey team last night denied charges that linked them with the suspected head of a betting ring in Detroit.

General Manager Art Ross of Bruins gathered the players in a Toronto hotel room, read newspaper accounts of charges that one of them had made substantial bets on games, and was given a denial by each player.

"They have denied the Detroit charges 100 per cent," Ross said. "I believe every one of the boys."

President Clarence Campbell of the National Hockey League said after a meeting with Ross that every effort would be made to get to the bottom of the reports that a Bruin player and a New York Rangers player had been in contact with James Tamer of Detroit, paroled ex-convict, who had placed bets with him.

CAMPBELL, who left last night for Detroit, said he had been told by the Detroit deputy commissioner of police that any information Detroit police might have would be placed at Campbell's disposal "but that none of it would constitute legal evidence."

"I hope there is no foundation of truth to the story, but if there is I want to know it," Campbell said. "I don't care whether it is legal evidence or not if it establishes facts to my satisfaction. If anything contrary to NHL regulations has transpired the league's rules are adequate to deal with the situation."

EARLIER Ross spoke with particular emphasis in declaring that "we don't believe a word" of the reports from Detroit which said one player bet against his team after telling Tamer that the club was weakened through an injury to one player and that another might not play because his baby was ill and "we are going to blow the game."

THE DETROIT report added that after the club won that particular game, 4-2, Ross linked the report with a Feb. 18 game at Chicago which the Bruins won 4-2, and were without defenceman Clare Martin who was injured. Defenceman Jack Crawford's baby died that day, but at the request of Coach Dit Clapper he wasn't informed until after the game.

There he is absolutely nothing to these charges, nothing," Ross emphasized. "I want the police commissioner in Detroit to name the players reported to have been mentioned."

Deputy Superintendent Kennedy Lawrence of the Detroit police force last night denied a report that he had said his department had no information concerning National Hockey League players gambling.

He said there definitely was information about gambling by two NHL players. However, it was not the basis for criminal action against the hockey players.

He denied a report in a Toronto newspaper that he had said no information had ever come to his department about players gambling.

Louis "Definite" About Retiring

SOUTHAMPTON, England, Feb. 26.—(AP)—Heavyweight champion Joe Louis said last night he'll fight Jersey Joe Walcott in June, retire in July and then "get fat, I guess."

Gingerly chewing an apple, the champion entertained to a large group of British newspaper men that his planned retirement is "definite."

ONE REPORTER asked the champion if he was running away from Walcott, the Camden, N.J., veteran who floored him twice before dropping a split decision last December.

"I've signed to fight him," Louis countered, "so who's running away?"

BEFORE DEPARTING from the United States, Louis warned Walcott if he didn't sign in two weeks he'd defend his title against somebody else.

The champ is in England for a series of exhibitions.

N.Y. Boxing Guild To Query Spinelli

NEW YORK, Feb. 25.—(AP)—The Boxing Managers Guild of New York plans to investigate the activities of Mike Spinelli, manager of fighter Sam Baroudi who died after a Chicago fight last Friday.

Charley Johnston, president of the guild, said yesterday he was trying to reach Spinelli to get his version of the story.

"If it's true what appeared in the papers, and I'm not one to disbelieve it," Johnston said, "the committee will work on it. The guild held up Spinelli's application for nine or 10 months. Finally when his fighter started getting star bouts, we let him in."

Spinelli was seen by a Chicago photographer Saturday night about to take a plane for New York a few hours before Baroudi died.

Bantam Final

The Northern Alberta bantam puck final series, with Red Deer clashing with McGregor Products, will get underway at the Maple Leaf rink tonight at 8 p.m. Second match will be played at Red Deer Saturday.

High Scores Mark Pee Wee Playoffs

With Don Jones providing four goals, Army and Navy Cubs swept to a conviving 14-1 victory over Sterling Furniture, and McGregor Products battled W. W. Arcade to a 7-7 overtime deadlock as Maple Leafs' drew a bye Monday league playdowns opened last night.

Other Cub marksmen were Doug Ham, Charlie Holmes, Norman Ullman and Morris Ozytko with two apiece, while Lyle Jenkins and Harvey Mayer completed the Sterling rout at the Eastwood sheet with singletons. Bruce Clarke netted the lone Furniture tally.

LEN LUNDE led the goal snipers at the Maple Leafs' rink with a trio of markers for Products, while Allan Olsen, Ed McDonald, Johnny Young and Don Logregren counted singles. Bill Bucyk and Mervin Kruger replied in like attack with two apiece, and Rob Johansson, Larry O'Leary and Gerry Kaprinka scored one each.

Second round of the best-of-three semi-final will be unreeled Thursday at 7:30 p.m. The same teams will clash, but rinks will be reversed.

Federation Speed Skate Test Friday

The annual Federation of Community Leagues' speed skating championships, with skaters from eight-years-old and over competing for the Gordon Winkler Shield, will be held Friday evening at the 119 street rink. The gala event will get underway at 7:30.

The shield, won last year by Rosedale, will be awarded the community with the highest aggregate points.

ENTRIES must be in the hands of Lloyd Greenough, phone 81023, not later than 7 p.m. Thursday. Blinks may be picked up at the following rinks: Garneau, Scona Centre, Bonney Doon, Rossdale, Cromdale, Highlands, Jasper Place, Ross Sheppard and Eastwood.

Officials are hoping to present a few added attractions, including a figure skating exhibition, if arrangements can be completed.

Canadian Midgets Oust Camrose 18-2

CAMROSE, Feb. 25.—Edmonton Canadians "B" advanced into the second round of the northern midget playdowns Monday night when they crushed Camrose 18-2 in what was to have been the first of a three game total-point home-and-home series.

The return fixture was slated for Edmonton last night, but after the one-sided score Camrose officials decided to call it quits.

PETE DIAKUR was the scoring ace for the winners, finding the mark for a hat trick. Singles by Don Fraser, Bob Cook, Ronald Daisin and Ted Goeche all tallied a pair, while McAvoy, Ken Simard, Gil Myler, Mike Hirst, Alf Mawhinney and Bill Kirstine completed the route with singletons.

Canadians now will clash with Ponoka in second round play.

Banquet Tendered To 'Peg Scottish

WINNIPEG, Feb. 25.—(CP)—Club officials endered a banquet here Monday night to members of Winnipeg Scottish, who lost out in the Dominion final last year to Vancouver St. Andrews. President Hugh Webster told the players that "we failed in the Dominion Soccer championship, but we'll go one better this year."

Lace Yanks, 11-3

BRIGHTON, England, Feb. 25.—(AP)—The United States' American Association team closed its English tour yesterday by losing 11-3 to Brighton Tigers.

Camrose Maroons Go Down 6-4 in Playoff

The "chips" were down at the arena last night as Waterloo Mercurys forged into a game lead in the best-of-three Northern Alberta intermediate hockey final against the hard-battling Camrose Maroons.

Mercurys emerged with a 6-4 victory over their southern rivals in a typical playoff, close-to-the-vest encounter, and it was congenial Harry Allen who tipped the scales in favor of the Edmontonians.

THE SECOND game will be played in Camrose on Thursday night and the third, if necessary, is tentatively scheduled for Ponoka. It is possible that the winner of this series may have to play Grand Prairie, but nothing has been heard from that area to date.

Allen, who wears a perpetual grin and is a graduate of the EAC's, covered himself with glory as he rapped in three goals and set up another in the close-checking affair.

DON GAUF, who has been playing a whale of a game on defence, came through with a goal, while Dodds and Dodds racked up a goal and an assist and Bill Dawe had one of each.

Pete Gregor counted a goal and lent a helping hand on another for Camrose, while Len Marshall, Walter Dutchak and Bill Gostick collected the others.

IT WASN'T the smoothest display the two rivals, who finished deadlocked atop the Northern Alberta Intermediate League schedule, had dished up, but it was one of the ruggedest. Both teams played for keeps and the close-checking wrecked a good many "picture" plays before they got more than started.

Mercurys moved into a 2-1 lead in the first period, increased it to 4-2 in the second and split four goals with their rivals in the third.

Mercurys roared into a substantial two-goal lead early in the first period, Don Gauf picking up a loose puck and gliding in on Delaney for the opener and Harry Allen breaking away for the second. Pete Gregor reduced the Camrose deficit by one on a lone effort just before the period reached the three-quarter mark.

HARVEY DODDS made the play for the opening tally of the second, placing a well-directed pass on Allen's stick, and the latter made no mistake with his shot to the corner.

A pretty three-way passing play bore fruit for the Maroons, with Len Marshall finishing off a play from Bilo Bello. Joe Voytechek started the play rolling. However, the Mercurys came back three minutes later, with Dawe clamping in Allen's pass from a few feet out.

Dodds from Allen practically put the game on ice for the Waterloo sextet at the 6:34 mark in the third, but the Maroons refused to back and clicked when Walt Dutchak and Pete Gregor sifted in on Manson.

ALLEN AND DAWE erased that one on a nifty play, with Harry firing the shot and Bill Gostick, playing up in the provincial amateur golf championship last season, drove in the final goal of the game, with Turner Stack setting up the play for Camrose.

Coach Frank Coulson was quite confident his Mercurys would take the series.

"I think we've got it in the bag now," he said after the game. "But this team will be hard to beat on the Camrose ice," he remarked.

Mercurys—Manson; Stuart, Kling; Dawe, Allen, Dodds. Subs: Bello, O'Neill, Kilburn, Darling, David, D. Gauf.

Maroons—Delaney; Malin, Grant; Gregor, Dutchak, McLean. Subs: Voytechek, Hauck, Bello, Barker, Kirstein, Marshall.

Officials—Cam Smith and Johnny Meinyk.

SUMMARY

First Period: 1—Waterloo, Gauf 4:11; 2—Waterloo, Allen 11:54. 3—Camrose, Gregor 13:52. Penalties—none.

Second Period; 4—Waterloo, Allen (Dodds) 2:30; 5—Camrose, Marshall (Bello Voytechek) 10:40; 6—Waterloo, Dawe (Allen) 12:52. Penalties—Dodds, Bello, Kirstein.

Third Period; 7—Waterloo Dodds (Allen) 6:34; 8—Camrose, Dutchak (Gregor) 10:15; 9—Waterloo, Allen (Dawe) 16:28; 10—Camrose, Gostick (Hauck) 17:46. Penalties — Darling, King, Gostick.

Varsity Cage Team Leaves For Montana

Varsity Golden Bear basketball team were scheduled to leave via air today for a five-day tour in the United States. Included on the cavalcade of towns for the Goldies are Great Falls and Billings, Montana, and Powell, Wyoming.

Included in the party were Coach Maury Van Vliet and Manager Alex. Andrekson. The players aboard were centres Boyd Oberstiner and Gordon McCormack; forwards Left Strother, Bill Rich, Jim MacRae, and Dunc Stockwell; and guards Bill Price, Charlie Chinneck, Evan Erickson and Gordon MacLachlan.

TOMORROW the Alberta champions tangle with the Montana School of Education in Billings, and tomorrow see action against the North-West College of Wyoming. The jaunt concludes with two games Friday and Saturday with the Eastern Montana School Yellowjackets at Billings.

Two weeks ago the Bears handily defeated a team of Ocean Falls Yellowjacket crew in a brace of games here. The Great Falls and Powell teams are both rated more powerful than the Billings outfit.

Last night Coach Van Vliet reported the Bears to be in fine shape for the four-games-in-four-nights routine. Jim MacRae has been nursing a sore leg for two weeks but the rangy forward is pulled to see his full quota of action before the string is played out.

THE 1948 edition of the Bears is being tabbed as the finest collection of hoop stars ever assembled on the Alberta campus. Coach Van Vliet said that this should be the Golden Bears' year to cut a swath against better competition, but says the Alberta power will be stymied to a degree by the loss of three graduates in Captain Bob Brink and Strother.

The current Golden Bear record is nine straight triumphs with the western intercollegiate crown laid away for another semester.

Canucks Claim Barb "Terrific"

WINNIPEG, Feb. 25.—(CP)—Olympic speed skaters Frank Stack and Gordon Audley arrived home here yesterday from Switzerland and used one word—"terrific"—to describe the performances at the Olympic games of Barbara Ann Scott and the championship RCAF hockey team.

The Winnipeg skaters returned from Switzerland by commercial airliner. They said that when they arrived in England from Switzerland, where the games were staged, they discovered a cold front had tied up their ship and they had decided to return to Canada by air.

Stack, 41-year-old veteran who competed for Canada in the 1932 Olympics, confirmed that he had retired as he had announced earlier at the Olympic games.

Albertans to Defend College Curling Cup

Western intercollegiate curling action will sweep across greater Winnipeg this weekend when the universities of Saskatchewan, Alberta, and Manitoba convene for their second annual "brier". Two rinks from each province will curl for the honors won last year in Saskatoon by the Alberta besom an' stane artists.

And tonight the 1948 Alberta contingent will be on the road to Winnipeg. Bert Little, secretary of the Varsity Curling Club, will manage the green and gold entries in the event.

JACK LEBEAU of Calgary and Wibb Hewitt from Eaton, Saskatchewan will skip the Varsity rinks. The Lebeau quartet has Gordon McLaws heaving third rock, with Dick Bearisto and Gordon Wells holding second and lead respectively. Lloyd Miller, Kirby Moysey, and George McIver form the Hewitt foursome.

Lebeau curled third with Don Butt in 1947 when Alberta edged Manitoba in the classic. Since that year Lebeau has prominent in Calgary curling circles, and in 1941 threw third stone for Howard Palmer's dominion championship rink. His particular specialty is a "freeze" game.

MCLAWS OF CALGARY learned his game from his illustrious father, Scotty, who will represent Alberta in the Macdonald Brier next week. A measure of fame has come to the younger son in winning the provincial tennis singles crown during the past two summers.

Bearisto hails from the curling hinterlands of Sedgewick. He has had every opportunity to absorb the tutoring of Billy Rose, the Canadian king of pebbled ice in 1946. Wells, a freshman from Calgary, has his first appearance against inter-varsity competition.

THE HEWITT RINK has characters of lesser note aboard. The four are RCAF veterans in the past world hostilities with Hewitt, Moysey, and McIver from Saskatchewan natives. Miller from Grande Prairie held the broom at third for Alberta's second quartet which was skipped by Ernie Stilling a year ago.

The Winnipeg week-end will be a thrilling but a beery one for the Albertans. Manitoba's contenders are expected to supply the formidable opposition since Winnipeg is the hotbed of curling in the world. And just to prove how hot the Manitoba curling "babies" are, two years ago Bill McTavish sidelined Jimmy Welsh of Deer Lodge in consols play. Welsh won the brier tankard in New Brunswick in 1947 and McTavish does his curling regularly at the University of Manitoba.

All of which makes the college critics slightly favor the Manitoba rinks, since they will be supplying the shots right on their home ice sheets.

Argentina's Talon Is Anita Favorite

ARCADIA, Calif, Feb. 25.—(AP)—The number of candidates for the $100,000 Santa Anita Handicap Saturday isn't determined yet, but the dappled iron grey from Argentina, Talon, remains the solid favorite.

There's a question mark at mud around Talon, however, because the trainer Horatio Luro says his star router from the Pampas won't start if the strip comes up gooey.

ONLY TWO of the 10 renewals of the big handicap have been staged in off-going, so an that basis Talon can still be considered the choice of the 1¼ miles fixture.

Santa Anita will have around 20 will go postward, but most turf observers have scaled the line-up to 13 definite starters, plus a few of the "maybe" variety.

The definite list: Talon, On Trust, Double Jay, Miss Doreen, Shannon II, Oilhaverty, Autocrat, Triplicate, Elpis, Class Day, Bridal Flower, Amble In and Terry Bargello.

Wetaskiwin Goes Two Up in Series With Maple Leafs

Colin Kilburn Garners 3 Goals To Blaze Path for 7-2 Victory

WETASKIWIN, Feb. 25.—Wetaskiwin Canadians took a strangle-hold on the Northern Alberta junior title here last night when they dumped those fighting Edmonton Maple Leafs 7-2 in the third of a best-of-five final series—and it was an Edmonton native son who packed most of the punch for the winners.

The "son" was rugged Colin Kilburn, a member of Edmonton's scrappiest hockey family and who rates highly in Chicago Black Hawk books. Elusive Kilburn broke out in a three-goal rash and set up one other as Canucks breezed to their second-successive series victory. The first match resulted in a 4-4 overtime deadlock.

OTHER WETASKIWIN marksmen were Ken Cook, with one goal and a brace of assists, and Bob Heathcott, Don Appleton and Bob Goodacre. Stan Patterson, who saved Ted Allard's puck-chasers from a skunk last Saturday, punched home both Leaf markers.

Canadians packed too much finesse and polish for the younger and less experienced Leafs last night. They vaulted into a 2-0 lead in the first period, extended the margin to 4-1 in the second, and out-scored the Edmontonians 3-1 in the final.

IT WAS BOB Heathcott, combining with linemates Kilburn and Cook, who broke the scoring silence for Wetaskiwin at 1:09 of the "eye opener." The scrappy Leafs, skating their heads off, held the towering "Redbirds" at bay until shifty Cook broke through on a solo effort at 14:49.

Leafs played their best hockey of the night in the sandwich canto, holding Canadians to a brace of tallies, while producing one themselves. Don Appleton bulged the twine on Vic Stasiuk's relay at 1:20, and Kilburn increased the Wetaskiwin edge to 4-0 at 16:23.

HOWEVER, that was all for the homesters in that session as Leafs, with Stan Patterson leading the way, struck back with their first marker at 17:37. Husky Bud Purkiss, Leaf rear-guard, drew an assist on the play.

Goodacre and Kilburn each found the mark before the determined Patterson registered his second goal at 16:13 of the final. Colin Kilburn teamed with Heathcott to close out scoring for the homesters at 18:45.

Next match will be played in Wetaskiwin Thursday and if a fifth is necessary, it will be played here Saturday. The winner will clash with Lethbridge Native Sons for the provincial title.

Edmonton Maple Leafs—Peterson, [illegible], Brown, Strate, Stewart, Mc[illegible], Purkiss, Phillips, Watson, Mat[illegible], Patterson, Thomson, Frey, Christie, Forrest, Parks, Dunsworth.

Wetaskiwin Canadians—Herbey, Le[illegible], Pasqualotto, Cook, Heathcott, Kilburn, Landmark, Purvis, Appleton, Stasiuk, Goodacre, McNab, Michaluk.

Officials—"Pep" Moon and Bob Hasley.

SUMMARY

First Period: 1—Wetaskiwin, Heathcott (Cook, Kilburn) 1:09; 2—Wetaskiwin, Cook 14:49. Penalties—Patterson, Stewart, Landmark, McNab.

Second Period: 3—Wetaskiwin, Appleton (Stasiuk) 1:20; 4—Wetaskiwin, Kilburn (Cook) 16:23; 5—Edmonton, Patterson (Purkiss) 17:37. Penalties—Goodacre, Purkiss (minor and misconduct), Appleton.

Third Period: 6—Wetaskiwin, Goodacre (Appleton) 4:41; 7—Wetaskiwin, Kilburn (Pasqualotto) 6:34; 8—Edmonton, Patterson (Brown), 16:13; 9—Wetaskiwin, Kilburn (Heathcott) 18:45. Penalty—Stasiuk.

Connie Mack Says He Fooled Doctor

ST. PETERSBURG, Fla., Feb. 25.—(AP)—Sunburned and smiling Connie Mack disclosed yesterday he had come through a serious illness without anybody knowing but the family.

The owner-manager of Philadelphia Athletics said he had a cold in the chest upon arrival a few months ago and his temperature went to 102 and 103 degrees.

"There were a couple of days the doctor was pretty worried about me," said the 85-year-old Mack, "but I fooled him and pulled through."

Now he's "feeling fine" and ready for spring drills but confides "I'm not sure that we're going to be a lot better this year."

Rossdale Sextet Defeats Cromdale

Rossdale intermediates won from Cromdale 3-2 in Community League hockey fixture Tuesday night when Roy MacLachlin scored on a pass from Keith Woddy late in the third period.

Howie Campbell and Bill Hume netted the other Rossdale tallies, with Walter Wrubleski and Jerry Campbell scoring for Cromdale.

SHIP'S DOCTOR—A GAL

AMBLE, Northumberland, England—(CP)—Dr. Marguerite Sheare became the merchant navy's first woman doctor when she sailed in the liner La Cordillera recently.

Big Moments in Sport
25 Years Ago

From The Bulletin Sports Files

Vancouver Maroons made sure of a Pacific Coast Hockey League playoff spot last night when they crushed Seattle Metropolitans 12-3. Mickey Mackay and Parkes scored three apiece for the winners, while Boucher, Cy Denenny, Art Duncan, Smoky Harris, Skinner and "Red" Briden each snared one.

The McDougall-Commercial high school boys advanced a step nearer the provincial basketball championship last night when they ousted Calgary's Central Collegiate Institute 35-18 in the Foothills City. Emmert, McDougall, Burnett and Shandro played standout roles for the Edmontonians.

REINSTATED AFTER A YEAR'S banishment, Leo Durocher, centre, returns to baseball managing the Major League All-Stars to a 4-3 victory over the Minor League All-Stars in a benefit game in Los Angeles. Smiling with The Lip are the Reds' Ewell Blackwell, left, and the Pirates' Ralph Kiner. The Brooklyn boss picked right up where he left off, sending Dodger farm hand Gene Mauch home with the winning run.

Saskatchewan Juniors Promise Stout Battle

REGINA, Feb. 25.—(CP)—If they don't annihilate each other in the provincial playoffs, Saskatchewan junior hockey teams promise a tough fight for any club with Memorial Cup aspirations.

Long a happy hunting ground for professional hockey scouts, Saskatchewan's annual exports of hockey players to professional loops rivals the province's annual wheat exports. Although local fans say the Saskatchewan Junior League this year isn't up to the circuit that sent Moose Jaw Canucks to the Dominion finals last year, they claim either Moose Jaw or Regina Patricias will be a king sized hurdle in the Memorial Cup path.

IT'S A VIRTUAL certainty that the two clubs will meet in the provincial finals, but fans fear the bone-crushing checks that have highlighted the bitterly fought feud since two Regina clubs were amalgamated into the Pats two years ago may leave a crippling casualty list for the cup playoffs.

An average of nearly 17 penalties to date have been handed out in each of their eight league games this season, five of them won by Canucks who have been Memorial Cup finalists twice in the last three years. Outscoring Pats 41-31 in league play, Canucks hold a slight edge in the betting.

EVEN THE MOST rabid Saskatchewan fan admits that exhibition games with Alberta and Thunder Bay clubs make Saskatchewan teams underdogs in the Western playoffs. Lethbridge Native Sons beat Moose Jaw consistently in exhibition games—including a convincing 5-0 drubbing last week—and Port Arthur Bruins have defeated Moose Jaw three times and Regina twice. The big bright spot is Regina's 10-5 exhibition victory over the highly-rated Port Arthur club.

But both clubs have a flock of goal-happy forwards liable to break out in a scoring rash on short notice. Gord Knutson of Regina, top scorer in the league this year, has collected 37 goals and 46 assists for 83 scoring points in 27 games.

Rimstad Holds Lead But Faces Hard Grind

While Edmonton Flyers' Morey Rimstad still holds down top slot in the Western Canada Senior Hockey League's individual scoring race with 74 points, the clever Flyer faces a more arduous assignment than his rival Ab McDougall of Regina, who is four points off the pace.

Rimstad, who has amassed 30 goals and 44 assists according to official statistics released today, has the same number of games left to play—three—as McDougall, but he must face Calgary and Lethbridge on foreign ice and then Leafs later on the home sheet.

McDOUGALL'S chore appears somewhat easier as he has two home games—one with Saskatoon and the other with Stamps—and one away at Saskatoon. Thus far the tricky winger has clicked for 34 goals—highest in the league—and 36 "helpers" for 70 points. A close race right down to the wire looms on the horizon.

Third place honors go to Regina's Bill Kyle, who has garnered 29 goals and 40 assists. Billy Maher of Edmonton holds down ninth position with 59 points, followed closely by another Flyer, "Handy" Andy Clovechok, who has 58.

Bing Merluk, smooth-skating Flyer winger, still holds runner-up spot for goals scored. He has compiled a neat total of 32 markers, two back of McDougall, who has 34.

Gretchen Fraser To Quit Skiing

OSLO, Feb. 25.—(AP)—Mrs. Gretchen Fraser, U.S. Olympic team gold medallist, says she is through with competitive skiing.

Gretchen, visiting her mother's family in Brammen, 65 miles southwest of Oslo, told Norwegian correspondents that "at 29 I think it's too exhausting to be training and travelling around all through the winter.

"Moreover, I have a husband whom I haven't seen for three months and in future I prefer living a family life," she said.

Flyers Nip Czechs 2-1

OSTRAVA, Czechoslovakia, Feb. 25.—(BUP)—The Olympic Champion RCAF hockey team continued its unbeaten record here yesterday by defeating the CLTK Club, Prague sextet 2-1.

The first period saw fine close play but neither side could score. In the second session both sides marked up one goal, with Gilpin scoring for the Canadians and Svare for the home team. The Olympic champions tallied again with a goal by Ab Renaud in the final period to give them victory.

The RCAF defence played an outstanding game and time and again blocked scoring efforts by the Czech squad. There were a number of close scrambles in front of the net, but the defence had the upper hand.

The CLTK Club's goal-minder was a star performer, breaking up one scoring play after another and he won rounds of applause from the 16,000 fans who watched the game.

Willie Pep Stops Sierra in Tenth

MIAMI, Fla., Feb. 25.—(AP)—Willie Pep successfully defended his world featherweight championship last night and came to the rescue of 10,000 rain-drenched fans by knocking out Humberto Sierra of Cuba after 22 seconds of the 10th round of a 15-round title bout. Referee Jack Dempsey stopped the bout without a count while Sierra was helpless on the floor.

Pep weighed 125½ and Sierra 126.

Pep, hailed as one of the ring's great little men, ended the bout by smashing his lanky Cuban rival to the canvas with a series of terrific left hooks followed by a right as Sierra staggered into the ropes.

SIERRA, WHOSE contract was sold to Manager Tony De Tardo for only $250 a couple of years ago, had gone 10 rounds in a non-title bout with Pep last summer. But last night he was no match for the champion.

After the first round, in which he clearly outclassed the Cuban, Pep didn't really get going again until the ninth. Then with rain pouring down, Willie slammed Sierra down for a count of five and all but ended the one-sided tussle.

SIERRA, A TALL 23-year-old youngster with an exceptionally long reach, couldn't hit hard enough to give Pep much trouble.

Although the crowd of 10,000 fell far short of predictions, the gate receipts were estimated at $75,000. This figure would be more than Pep ever drew before. His biggest previous figure was the $71,000 gate when he won the title from Chalky Wright in 1942.

IT WAS PEP'S second successful title defence in just over six months. After recovering from serious injuries suffered in an airplane crash last January, Pep, one of the busiest fighters in the business, knocked out Jock Leslie in a championship bout last August 22. It also was Willie's 62nd straight fight without a defeat since he suffered his one professional loss at the hands of Sammy Angott, matching a previous string of 62 bouts without a loss.

Boy Attacked By Vicious Dog

CALGARY, Feb. 25.—(CP)—Eight-year-old Johnny Gillis of Calgary yesterday was recovering from head injuries suffered last night when he was knocked down and bitten by a vicious dog. A passer-by witnessed the attack and chased the dog away from the fallen child, who suffered a large flesh wound on the right side of his face requiring 16 stitches.

No Early Change Real Estate Prices

CALGARY, Feb. 25.—(CP)—Kenneth Lyle, president of the Alberta Real Estate Association, said yesterday that no change in the price of real estate could be expected in Calgary for more than a year despite the drop in commodity prices reported in the United States.

Extension of Sewer, Water Approved

CALGARY, Feb. 25.—(CP)—Extension of sewers and water facilities to some 40 city locations at an estimated cost of $148,500 was approved by the civic lands committee today. Extensions would serve about 270 individual dwelling sites.

Rutherford Boys In Hockey Final

Rutherford boys of grades 7 and 8 who defeated Ritchie in the South Side championship defeated McDougall 7-3 in the city semi-final round Monday night at Cloverdale.

The teams were tied 3-3 at the end of the second with Rutherford scoring four goals in the final frame.

JOHN BROWN netted the three McDougall goals while Bill Fletcher counted three goals and two assists for Rutherford. Other marksmen were Dave Williams with two goals and one assist. Harry Ambrock and Leslie Kolka. Stan Kolka and Doug Welham collected assists.

J. KRUGER is coach of the McDougall boys and Mel Allen handles the Rutherford team.

The final will be played between Rutherford and the winner of Eastwood and Cromdale. This match may be played in the arena.

Ring Eliminations Start March 10

Northern Alberta amateur boxing eliminations under the auspices of the Edmonton Amateur Boxing Association will be staged at HMCS Nonsuch on Wednesday and Thursday, March 10 and 11.

The Alberta provincial amateur boxing championships and Olympic trial selections will be held on March 31 and April 1 also at Nonsuch. Entry forms and particulars can be obtained at the Recreation Commission offices, Tegler Building on 100 street.

Internationalist To Play in 'Peg

WINNIPEG, Feb. 25.—(CP)—Hugh Wales, former Scottish soccer internationalist with Motherwell who came to this country a month ago, will play with Winnipeg Scottish in the City Senior League this season it was announced yesterday.

Wales played with the Old Country first division club from 1930 to 1946 except for several years during the Second World War when he was a member of the armed forces. He said that soccer in Scotland is not yet back to its pre-war level.

"ALL OUR YOUNG fellows were away fighting and it will take a little time to get back to normal. But it's getting better every season."

The right half, who twice visited South Africa with the Motherwell team and who played against teams in Germany and France was a member of Scottish International teams nine times.

Wales remarked that he had played in three Scottish Cup finals but added wryly, "We lost out in them all."

Retired Calgary Barrister Dies, 75

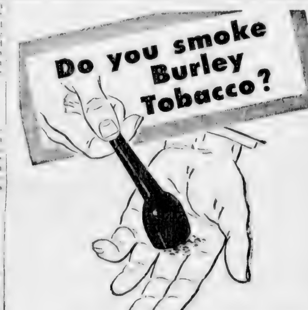

CALGARY, Feb. 25.—(CP)—Clifford Teasdale Jones, KC, 75, one of the oldest practising barristers in Alberta previous to his retirement at the end of last year, died at his home here yesterday. Native of Wolfville, N.S., Mr. Jones taught school for two years at Banff, Alta., before moving to Calgary in 1897. He had served as a city councillor and school trustee. Survivors include his widow and one son, Ralph Jones of Vancouver.

Stampede Date

RAYMOND, Alta., Feb. 25.—(CP)—L. D. King, chairman of the Raymond, Alta., stampede committee said yesterday that the 1948 stampede would be held July 1-2 this year and that the committee was investigating the possibility of letting a contract for staging the stampede.

Discuss Memorial

RED DEER, Alta., Feb. 25.—(CP)—Plans for construction of a Second World War memorial for Red Deer and district will be discussed at a joint meeting of city council and the War Memorial Fund Committee here March 1.

You should! Because Burley is one of the mildest tobaccos grown . . . with a smooth, mellow fragrance that tastes especially good in a pipe. Burley packs easily . . . burns slowly . . . leaves a clean, white ash. *And it stays lit!*

Labor Chiefs Face Double Vexation

Good Relations Workers' Organizations Strained

By James McCook

LONDON, Feb. 24.—(CP)—Labor leaders planning for the next general election—probably in 1950—have a double vexation:

1. Economic crisis makes it impossible for nationalization policies to operate as efficiently as they say they should.

2. Good relations with workers' organizations are being strained in the battle for economic survival because the government cannot await protracted negotiations for general agreement before imposing wage and similar regulations.

The government hurried through nationalization legislation with the specific hope of showing the efficiency of its plans before the next election.

For instance, labor planners proposed to improve and modernize railway services brought under government control by the transport bill. But the economic crisis is such that steel and other materials can not be spared and the traveller complains services are no better.

The Socialist program, as designed by Fabians and other thinkers, involved evaluation of and consultation with trade unions and other agencies representative of the workers. The unions, militant groups organized to fight the employes' battle, had to be converted to a policy of co-operation with the government, in many cases their new employer.

GOVERNMENT'S HAND FORCED

Pressure of events, such as the need to keep down the prices of goods for export, had forced the government to set out labor policies more quickly than some union members have been prepared to accept them.

The government has been embarrassed by strikes and absenteeism in the coal industry, the first to be nationalized and the foundation of British prosperity.

The Labor party's desire, said a government spokesman, was to move into the future with the continued support of a trades union movement with broadened "knowledge, vision and spirit," and an increased sense of "social responsibilities."

But when the government feels it must act firmly, with or without the union's full approval, harmony between worker and political party is often strained.

HIGH COSTS TO CUT PRODUCTION

CALGARY, Feb. 25.—(CP)—Poultry production in Alberta probably will be reduced this year because of high production costs, J. I. Wright, acting manager of the Alberta Poultry Producers Ltd., said in his report to the fifth annual meeting of the organization yesterday.

The three retiring directors of the organization were re-elected last night prior to the annual dinner. L. Normandeau of Winterburn represents district A. A. J. Ritz of Wetaskiwin district C. and J. H. Rhodes of Brant district E. The two directors still with a year to serve are K. V. Kepler of Strome, district B, and S. Reppel of Rockyford, district D. The directors will elect their officers later. Mr. Kepler is retiring president.

Decide On French Radio Here in March

CALGARY, Feb. 25.—(CP)—The problem of major network programs reaching Alberta and British Columbia too early in the evening was one of the main subjects discussed at a conference of Canadian Broadcasting Corporation officials with the Western Radio Station representatives, A. Davidson Dunton, chairman of the CBC said today at the close of a two-day conference.

The corporation was considering delaying some program at Winnipeg, he said.

The question of granting a license to operate a French-language station at Edmonton will be decided at the board's meeting late in March, Mr. Dunton said. Main studios for the new CBC station at Lacombe would be in Edmonton although some programs, particularly those of Alberta interest might originate in Calgary.

Plan Final Rites For South Pioneer

LETHBRIDGE Alta., Feb. 25—(CP)—Funeral services will be held here today for Mrs. Mary Seaman, 85, who died Monday in hospital. Born in Czechoslovakia, Mrs. Seaman came to Lethbridge in 1882.

Find Drugs Caused Death of Doctor

LETHBRIDGE, Alta., Feb. 25.—(CP)—A coroner's jury investigating the death of Dr. Ruth Aiken, 37, who died Sunday in Pincher Creek hospital, returned a finding that her death was due to an overdose of drugs which she took before being admitted to hospital.

Dr. Aiken, a resident of Waterton National Park, was removed to hospital Friday. Her children were cared for in Pincher Creek during her illness. The jury deliberated for only 10 minutes before reaching a verdict. Coroner W. A. McLeod presided.

BACK TO THE KITCHEN IS PLAN FOR COEDS

SASKATOON, Feb. 25.—(CP)—Darrall S. Collins, a candidate for presidency of the students' council at University of Saskatchewan, said yesterday his anti-feminist ticket had been endorsed by famed playwright George Bernard Shaw.

Collins, who has advocated sending coeds back to the kitchen as the main plank in his election campaign platform, said he had received a cable from Shaw in reply to one asking Shaw's endorsation for the argument to disfranchise university women.

Collins said Shaw's cable read as follows: "You will never have a quiet world until you knock women out of politics. Carry on."

Collins said Shaw even paid for the cabled reply.

Olympic Skaters Here May Soon Separate

By Don Killips

Canada's ace team of doubles skaters may soon be disbanded.

Suzanne Morrow, petite 18-year-old Olympic star, and her 21-year-old partner, Wally Diestelmeyer, both of Toronto, will defend their Canadian and North American titles, won last year, and then break up to concentrate on singles.

Arriving in Edmonton Tuesday to take part in the Glenora Skating Club carnival at the Arena Thursday, the young skaters reiterated their disgust at the manner in which the recent Olympic games were conducted.

Recently arrived in Canada from Switzerland, where they placed third in the pairs events amongst the world's finest, the Toronto team were much impressed with the artistry of the European skaters.

Following their successes overseas, the pair are not anxious to desert the rank of amateurism.

Wally, the more modest of the pair, opened up long enough to say he would not try to compete in the next Olympics.

"That'll be another four years, and by then I'll be too old," he said. However, I'll still keep in training regardless."

Suzanne has no such notions.

With no desire of turning pro, the 18th blonde says "sure I'll try the next Olympics, but only if they're held on this side of the water.

Five other artists appearing in the Glenora show arrived here Tuesday night. Ted Deeley, Malcolm Wickson and Ann Aubin of Vancouver, Shirley Martin and Ronald Kinney of Calgary all checked in, ready for two days of practice.

Many Are Present At Short Course

More than 100 farmers and others interested in agriculture, attended the opening lectures Tuesday of the fifth annual agricultural short course at the Masonic Temple. The course is being sponsored by the Edmonton Chamber of Commerce and the Alberta department of agriculture.

In his welcome address, H. M. Putnam, director of extension service, department of agriculture, told those attending that the information acquired at the school should be applied in order to derive any benefit.

P. G. Winspear, president of the Edmonton Chamber of Commerce, who also welcomed the large gathering, told of the great interest being taken in farm activities in the chamber. He also mentioned the face-to-face contact afforded by the chamber.

UNIVERSITY SETS DATES

Summer session of University of Alberta will be held this year from July 5 to August 13, it was announced today.

Registrations for all courses must be completed by April 15.

All courses will be offered in Edmonton with the exception of those in industrial arts which will be offered in Provincial Institute of Technology and Art, Calgary.

Pensioners Meet Monday Night

Alberta Pensioners' Society will hold a public meeting Monday, March 1, at 8 p.m. in the IOOF Hall, 96end street.

Meeting will be addressed by T. A. Shandro, director of public relations.

There will be motion pictures directed by representatives of the Edmonton Junior Chamber of Commerce, community singing and business.

Optometrists Hold Calgary Meeting

About 16 Edmonton members of the Alberta Optometric Association are leaving the city today for Calgary to attend the annual convention of the association Thursday and Friday. Close to 60 Alberta optometrists are expected to attend.

Main speaker at the convention will be Slavi S. Grupposo of South Bride, Mass., who is connected with the department of clinic refraction relative to visional science there.

Other speakers will include Dr. M. K. MacGougan of Calgary; Dr. M. G. McCallum, department of health, who will speak on medical and other services for pensioners; and Miss Elsie Leak, who directs a sight-saving class in Calgary.

Among Edmonton optometrists planning to attend the convention are Earl Berg and David Francis, both of whom are members of the present executive.

Large Increase Seen In Credit Purchase

The days of dollar-down-dollar-a-week buying are back again, and more than likely to stay.

This was the opinion expressed Tuesday by Hugh L. Reagan, of Nashville, Tenn., president of the National Retail Credit Association, who arrived in Edmonton for a two-day conference.

Mr. Reagan is on tour of the Pacific northwest and western Canada.

While in Alberta he plans to visit Banff to complete arrangements for the 34th annual conference of his association which opens there in June.

Edmonton Architect Institute Member

Six Canadian architects Tuesday were made members of the College of Fellows Royal Architectural Institute of Canada, at the RAIC's annual assembly in Ottawa. They included George Heath MacDonald, Edmonton and John Nelson Semmens, Winnipeg.

PLAGUED BY THUGS VICTIM KILLS SELF

Haunted by a gang of criminals with whom he once worked, and from whom he could not escape, a 32-year-old Edmonton visitor shot and killed himself in the basement room of 9614-102A avenue Tuesday afternoon.

In a suicide note addressed to his wife, Alfred Larsen, no fixed address, said he had moved to various parts of the west on three different occasions only to have "the gang catch up with me."

He said he merely worked for them, and made nothing for himself. He mentioned "turning in two others of the gang, intending shooting two others, and doing away with himself.

"I am no more good to you or the children," the note read.

Police said they had no record of the two men being turned in, nor any word of two others being shot.

The victim had been convicted previously in city court on phoney cheque deals.

Finance Plan Announced

Total cost of construction of the 200-bed Th. hospital forecast in the Speech from the Throne, would be borne by the taxpayers of the province.

This was announced by Hon Dr. W. W. Cross, minister of health, in reply to a question Tuesday from W. J. Williams (Vet Edmonton).

Questions by A. J. E. Kesimer on agricultural service board, and one by Elmer E. Roper on gasoline prices will be answer in a return, the doctor said.

Road Construction Amazes U.S. Tourists

Alberta's pay-as-you-go construction of hard surfaced roads has gained wide recognition from U.S. motorists and planning officials.

This was told to the Alberta legislature Tuesday by L. C. Halmrast (SC Warner).

Mr. Halmrast said Americans found it incredible that Alberta could build its permanent roads without going into debt.

The member also voiced his opinion that higher pensions and teacher salaries might contribute to a solution of the dearth of teachers in the province.

Mayor to Calgary

Mayor Harry Amlay will be guest of Alberta Curling Association at a banquet to be held in Calgary on Tuesday night in connection with the Macdonald Brier curling playoffs.

Remand Trio On Vag Charge

Because a man wanders around in the early hours of the morning on numerous occasions in company with convicted criminals is enough to put him on his defence in a vagrancy trial, Magistrate A. L. Millar decided Wednesday morning in the trial of Lyle Greenwood.

Greenwood was remanded until Wednesday afternoon to give defence evidence. Daniel Spafford was remanded to March 4 on a vagrancy charge and Arnold Myer was remanded until March 3 on a similar count.

* * *

A sixteen-year-old youth who broke into his mother's house with a 17-year-old companion, both pleaded guilty to house breaking charges. They were waived from juvenile court. Magistrate Millar remanded the pair until March 5 for sentence. They are to be held in custody. The 17-year-old also pleaded guilty to a charge of breaking the terms of a 12month suspended sentence imposed on him during January for shoplifting.

* * *

Donald Smith, no fixed address, drew a $20 fine for causing a disturbance in a hotel office Tuesday night.

Seek Woman

Police here have been asked to help locate a fugitive woman, the former Thelma Westamac who was married several years ago in Edmonton.

McQUEEN-MEWBURN TO DRILL OFFSETS

It was rumored in Edmonton this morning that the McQueen-Mewburn interests will shortly drill two offsets to their successful Central Leduc Pyrez No. 2

As this well is located on the northwest legal subdivision of 25-50-26 W 4th it is presumed that one offset will be to the east while the other will be to the south between No. 2 and the abandoned Central Leduc B.A. Pyrez No. 1.

The abandoned well narrowly missed being a producer when it found DS porosity a few feet below the water level.

HUNDREDS OF CATTLE BREEDERS from every part of Canada are in Edmonton this week, attending the annual meeting of Canadian Hereford Association, which concludes tonight at Macdonald hotel. In the top panel, left to right, are William Moore, Garfield, and A. P. MacVannel, Ottawa, chief registrar, department of agriculture. In the centre shot are Clyde Stauffer, Evarts, Alta., left, and Roy Laughead, Red Deer. Lower picture shows Alex Mitchell, Lloydminster, left, and W. J. Edgar, Innisfail, both directors of Canadian Hereford Breeders Association, and N. W. Dilatush, Waterton Park.

—Photos by Bland.

Edmonton Students May Get Free Books

Free text books for all Edmonton school children, from primary to the finish of high school, is being advocated by members of the Edmonton School Board.

In a resolution presented before a Board meeting Tuesday night, it was pointed out that education of children, whose parents are in the low-income brackets, is often times neglected because the necessary funds for purchase of books cannot be afforded.

Dr. J. L. Morrison, Board member, in placing his resolution before the meeting, said many children, often brilliant children, are deprived of their high school education by this added financial burden on their parents.

The resolution, he said, is a step towards equality of opportunity for all children, irrespective of economic circumstances of their parents.

The resolution will come up for discussion at the next meeting of the School Board.

At that time, it is understood, a delegation from the Edmonton CCF will speak in support of the idea.

Two resignations were accepted, and recommendations of two appointments were made at Tuesday night's meeting of the Edmonton school board.

Mrs. E. M. Kerr has resigned from the teaching staff, while Ruth Ramsay resigned from nursing staff.

The board recommended appointment of Mrs. Ruth Mast and Mrs. Helene Manz as part time home economics teachers.

It was also decided to appoint a fulltime band master at McCauley school, appointment to be announced later.

Calgary Plea Meets Defeat

Calgary's hopes for the establishment of a branch of the University of Alberta in that city were effectively shattered when the legislature took action on Tuesday afternoon. When count of the members was taken, Clerk of the Assembly R. A. Andison announced to Speaker Dawson the count was 39 to 10.

A. J. E. Liesemer (CCF-Calgary), in support of the resolution he had sponsored, said the pressing need of the province was for more teachers, and advanced the claim that by operating a complete faculty of education in the southern city, the teacher situation would be improved. He pleaded for establishment of faculties of Arts, Science and of Commerce.

Premier Manning recommended the resolution be definitely defeated. He said it was "unfair to the people of Calgary to have any doubts in their minds as to the intentions of the government, in spite of the efforts of Mr. Liesemer to make the matter a political football.

MINERS TEST CASE IN CALGARY COURT

Decision of a court of referees hearing the appeal of J. C. Bell of Midland mine at Drumheller, Alta., against a ruling that he was ineligible for unemployment insurance is expected to be disclosed tomorrow.

The court in Calgary heard evidence in the case, considered a test case for more than 8,000 Alberta miners who were on strike for more than a month because of a contract dispute, and was reported to have reached a decision. However, members of the court declined to disclose its findings.

Miners contend that they were not technically on strike since their contract with mine operators had terminated and they had not reached agreement on a new contract.

Little Lady Spans Ocean to See Son

By Dolores Kimball

With a wide smile and an air of perfect composure, 70-year-old Mrs. Mina Gasser stepped out of the TCA plane at the Edmonton airport Tuesday after travelling from Switzerland.

She was met by her son, Eugene Gasser of Camrose and his wife and two children, with whom she will make her new home. Mrs. Gasser's arrival marks the culmination of a plan first made in 1938 when her son came to Canada.

First a natural reluctance to give up the familiarity of her native home, then the restrictions of war postponed her journey to this country.

Although able to speak French, Italian and German, this spry little lady cannot speak English. This caused considerable trouble on her trip, so much in fact that she finds her luggage has been left behind her in Montreal. But these things will happen, she implicated with a smile and a philosophical shrug when her son expressed concern over her plight.

Mr. Gasser, interpreting for his mother, said she had left Switzerland in plenty. It is one country in Europe where the people are not in constant want.

Mrs. Gasser thoroughly enjoyed the trip by air over half the world, and her only regret was that she had waited so long to travel this way.

She has no qualms about facing the completely new customs and environment. Even the fact that her daughter-in-law and grandchildren cannot speak a language that she understands doesn't seem to bother this little lady.

The two children, Mina and Inmar, were excited if somewhat shy about their new grandmother from far across the seas. But they think the whole idea is splendid. It isn't everyone who can have a grandmother fly all the way from Switzerland just to come and see them.

Accountants Get Oil Talk

Methods of oil exploration, now in use in Alberta, were outlined to members of the Society of Industrial Accountants of Alberta recently.

James Rennie, Imperial Oil official, stressed the main disappointments suffered by drilling crews. His talk was supplemented by the film, "Unending Search."

Plans were made by the society for the annual meeting which will be held in Edmonton May 10.

Three Bills Placed Before Legislature

Minor amendments to three existing bills were introduced to the Alberta legislature Tuesday afternoon.

One calls for permission to authorize school superintendents to excuse pupils from school to assist in farm work.

Another calls for an amendment to the Official Auditors' Act, while the third would amend the Municipal Hospital Act.

Coal Strikes In Oilfield

Six seams of coal, all of it class B and C bituminous and subbituminous, were found in drilling oil at Leduc, according to Hon. N. E. Tanner, minister of lands and mines. This he said in reply to a question placed by Elmer E Roper (CCF-Edmonton).

Mr. Tanner said the top seam of coal had been discovered at a depth of 130 feet and this seam was from three to eight feet thick. Only a trace of a seam was found at the lowest depth on which coal was discovered, 1,650 feet.

The other four seams varied in thickness, thickest being five to seven feet.

The data was gathered from drill cuttings, the minister said.

BEST BUYS

Advance Showing of

Housewife Impatient For Spring Changes

By REA THRIFTY

Tag end of winter makes one restless and impatient for Spring—eager for change, and amenable to new suggestions and ideas. With the first talk of the flowers-that-bloom-in-the-spring-tra-la you're busy picturing a "new look" for your house, or at least a room in the house.

Even with penny-pinching the order of the day, a little "face lifting" on a room can do wonders. For instance, you can buy all sorts of chintzes and cretonnes in any of the spectrum colors with bright splashy prints, sophisticated stripes or small geometric design at $1.19 per yard 36 inches wide) and up.

You can do the sewing yourself. It's amazingly simple to dash off one of those fetching ruffly bedspreads, drawstring dimity bags and, if you're ambitious, slipcovers for chairs.

'Nother thing, if your kitchen depresses you with its drabness there are all kinds of jewel-bright little flowerpots made of plastic or clay. On bargain days you can buy the little ones for 5c and the others sell from 10c to 65c.

Put healthy begonia shoots, (you can get them from a neighbor, or buy them at the city market for a song) into the pots and see what a bright note they add to the window-sill. Kitchen herbs or attached to a bracket on the wall.

A smartie kitchen idea of a new bride was to make matching curtains, place mats for the table and seat covers for the chairs from inexpensive but cheery plaid gingham. She paid 69c a yard for the material and has a bright and gay kitchen to boast about.

This sewing idea has me fascinated, especially after seeing an adjustable dressmakers' model in an Edmonton store for $15.95. Stores seem to be well-stocked with materials that run the gamut of the price list from the crisp cottons at 49c yard, and up, to fine woolens and crepes at $1.35 and up.

This model reminds me of grandmothers attic and the old trunks packed with elegant finery of another day.

Even if it is evidently a real boon to the nimble-with-the-needle person who can run fashion-wise costumes without turning a hair. Your personal figure idiosyncrasies can be matched on the model by means of the adjusting controls.

Jelly powders are back on the market and selling for less than a dime. This means that once again you can whip up delectable desserts and tasty jellied salads with little more than a twist of the wrist.

For a suggestion-of-spring treat try a salad of lime jello, green peas and shredded carrot, peppered up with a shade of minced onion and red or green pepper. One package of jelly powder, 2 cups boiling water, 1 teaspoon lemon juice, 1 cup peas, three small carrots, shredded and 1 teaspoon minced onion. Serve with a tangy salad dressing and watche the afternoon bridge club's eyes pop with delight.

By the way, do you also find it hard to resist peppermint patties even if they are 60c a pound?

Daffodils and tulips are more and more plentiful in the city flower shops and other stores. They're still inclined to be priced to make a dent in the budget. But watch for Saturday bargains. Daffodils especially. As a matter of fact, you may be able to buy some yellow beauties on the 29 a dozen come the week-end.

Incidentally saw a mammoth flaming flower arrangement of tulips and anemone at the other day. The petals of the red tulips were turned back to resemble jolly zebras and the delicate spikes of white narcissi lent grace and contour.

Hanging a new picture? Wow! Don't drive that nail in without covering the spot with adhesive tape first. This will keep the plaster from cracking!

Health and happiness go together, and that's especially true of babies who make no bones about not feeling up to snuff.

According to doctors, there are four ways to protect the baby against most diseases.

ONE: Feed the baby enough clean, nutritious digestible food.

TWO: Keep the infant away from sick people.

THREE: Give him special protection (that is inoculation) against the most contagious diseases, as recommended by your doctor.

FOUR: Pay special attention to your own health, as the mother, before the birth and during the nursing period.

Family members and attendants with colds should be kept away from the infants room and air of the house carefully disinfected.

Colds are the most serious threat to the baby's health. If the mother has one, the most careful precautions must be taken to prevent the baby from catching it. Consult your doctor for information and advice.

If your baby is yet to be born or also for the mother-to-be, you may obtain a booklet entitled "Baby Care" by writing to The Edmonton Bulletin, Reader Service, 10 Front St. W., Toronto. Print name, address with postal district and No. 284.

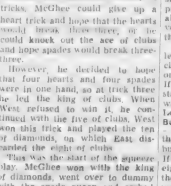

Bridge

By William E. McKenney

Chicago was given representation by the American Contract Bridge League this year when William McGhee was elected one of the League's vice presidents. McGhee is a life master and a prominent contestant in the Central States regional championships being held this week in Chicago.

It is not often that a player recognizes the possibility of a squeeze play at trick Number 1. When the opening lead of the diamond queen came around to McGhee (South) on today's hand, he played the four-spot.

Generally a player who holds

Tournament—Neither vul.

South	West	North	East
1♥	Pass	1♠	Pass
1N.T.	Pass	3N.T.	Pass
—Opening—♦Q			25

ace-king will win the first trick and hold off on the second. McGhee said later that he saw the possibility of a squeeze, West continued with the jack of diamonds and McGhee won.

You can see now that there was no trouble to make three no trump, but in tournament bridge you have to make the maximum number of tricks. McGhee could give up a heart trick and hope that the hearts would break three three, or he could knock out the ace of clubs and hope spades would break three-three.

However, he decided to hope that four hearts and four spades were in one hand, so at trick three he led the king of clubs. When West refused to win it, he continued with the five of clubs. West won this trick and played the ten of diamonds, on which East discarded the seven of hearts at trick seven, but at trick eight he was helpless. If he let go a spade, dummy's eight would be good. If he let go the nine of hearts, McGhee's eight would win, giving him five no trump.

Why Grow Old?

If your spring motto is to have a curve in every bulge, you'll want to try this exercise illustrated by Actress Salley Rawlinson which is given in Josephine Lowman's column today.

By Josephine Lowman

Rather than a chicken in every pot, my spring motto is a curve in every bulge! There is one under that fatty deposit, waiting to be discovered through exercise! Weight distribution is influenced by our glandular make-up but it also falls under the spell of special exercise. Many times in my classes I have watched a pad on the abdomen, thighs or a shelf-like hip line disappear while lovely contour become noticeable.

There is really nothing that gives a woman's figure such a boost as repossession of a girlish figure; the recovery of that sleek, slim and firm feeling. After months or years of self-consciousness and discomfort because of rolls and bulges.

If you wish to become a part of the spring mood and slim down for the new clothes, decide that you will take only a few exercises daily but do those without procrastination.

Today's exercise is reducing to the abdomen and waist. Lie on your back with your legs straight and your arms resting on the floor overhead. Keep your arms in this position as you bend both knees up close to the abdomen. Straighten the knees and return the legs to the floor—HUP! place them on the floor as far toward the right as you can. Again, bend your knees up close to your abdomen. This time, when you straighten your legs, place them on the floor as far to the left as you can. Do not roll over on your side. Remain a few seconds in the stretched position, you will feel the pull through the torso. Continue, alternating right and left. Keep your head on the floor throughout the exercise.

This week I am offering you my leaflet No. 5 "Combination Exercises," each one of which does two or more nice things to your figure. If you wish to have it send a stamped, self-addressed envelope with your request to Josephine Lowman in care of The Edmonton Bulletin.

7500

Household Arts

By Alice Brooks

Lacy square in pineapple design and shell-stitch are lovely for a cloth! Notice how the joining of the squares forms a double design.

Crochet this square for many beautiful accessories. Pattern 7500 has crochet directions.

Our improved pattern — visual with easy to see charts and photos, and complete directions — makes needlework easy.

Send TWENTY-FIVE CENTS in coins for this pattern (stamps cannot be accepted) to The Edmonton Bulletin, Household Arts Dept., 60 Front Street W., Toronto, 1-A, Ont. Please allow a week or ten days for delivery.

Largest Air Force

WASHINGTON, Feb. 25.—(AP)—The United States congressional air policy committee is ready to recommend that the U.S. maintain the world's largest air force, it was reported last night.

DOROTHY DIX SAYS—

Treat Mother-In-Law With Tolerance, Tact

A correspondent says: "Recently you wrote an article giving some suggestions on how a mother, with an only son, should deal with his wife after marriage. Now will you please give some much needed advice to a girl who is about to be married on how to make herself persona grata with her mother-in-law."

Ha! Don't ask me Solomon himself couldn't solve that problem, for there never was a girl in the world that the mother of an only son thought fit to be his wife. The average mother will concede that Arabella is good and pretty and sweet and intelligent and domestic and that she would make a splendid wife for any other man except her Johnny. But Johnny is another pair of sleeves, as the French say, and she is sure that nobody but a deep, dark, designing minx could have lured him to the altar.

Now every girl who gets married has a hard road to travel when she is adjusting herself to her husband's family, but if she has been foolhardy enough to rob Mother of her only son she is certainly qualified for the obstacle race, and she is a wise virgin if she prepares herself beforehand for the difficulties she is going to meet. So a few tips are in order.

The first that any sane person who wished your well would give you is: Don't go to live with your in-laws. When you get married set up for yourself, even if you have to live in a one-room shack with a gas plate to cook on. No house was ever built big enough for two women. Have some place in which you and your husband can fight out your little disagreements without any outsiders butting in. When you marry, cut the apron strings that bound you to your families and go it alone. The secret of getting along in peace with people is not to see too much of them.

Tip Number Two is not to mononpolize your husband, as most brides do. And this warning goes double if he is an only son. Have a heart! Just remember that Johnny has been his mother's idol for some twenty odd years. She has poured out all the devotion of her soul on him. He has meant the world to her, and she is desperate when she finds that from now on

Make the separation as easy as you can. Include her in your plans, and let her feel that he still belongs to her just as much as he did when he was a baby. And above all, have them come together so that they can have mother and son talks without your listening in.

Tip Number Three: Before you marry an only son take a course in diplomacy. Remember your Front Street W., Toronto, 1-A, Ont. mother-in-law's hair. Walk high, wide and handsome around all of her prejudices and habits. Don't argue with her about her religion, or criticize her cooking, or tell her how your mother always does things. And don't be sparing of praise. A little flattery goes a long way with old people because they get so little of it.

And, above all, never cease telling Johnny's mother how wonderful Johnny is and how grateful you are to her for giving him to you as a husband. She will eat that up and love you for it.

DOROTHY DIX.

Patterns

By Anne Adams

New angle to flatter your figure and ego. Such devastating use of stripes and buttons—such easy sewing and fitting. Pattern 4689 is equally effective in a plain fabric.

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 4689 comes in Jr. Miss sizes 11, 12, 13, 14, 15, 16, 17. Size 13 takes 3¾ yds. 39-in. ⅞ yd. contrast.

Send TWENTY-FIVE CENTS (25c) in coins (stamps cannot be accepted) for this pattern. Print plainly SIZE, NAME, ADDRESS, STYLE NUMBER.

Send your order to The Edmonton Bulletin, Pattern Department, 60 Front Street, W., Toronto, 1-A, Ont. Please allow a week or ten days for delivery.

Tip Number Four: When you take a mother's only son away from her, repay her as best you can by giving her a daughter. You know by what tactics you caught Johnny. Mother will respond to the same treatment. If you show her affection and appreciation and make her feel that you love her and are not robbing her of her son, she will open her heart and take you in, too.

Your Baby and Mine

By Myrtle Meyer Eldred

There are babies who do not show any appreciable appetite when they first wake up. In an hour or so they are ready to eat and enjoy their breakfast. Here is a baby who refuses food in the morning but wakens at night to be fed.

Mrs. M. M. writes, "I give her orange juice and vitamin D when she wakens at 7 a.m. Then at 8 a.m. I offer her cereal but she refuses it, though she will take an eight ounce bottle of milk.

"At 1 p.m. she has vegetables and a bottle of milk and at 4 p.m. she either eats or she falls asleep. I usually feed her cereal and fruit and then hold off her bottle until 5:30. She is bathed then and put to bed but wakes about mid-night and takes three ounces of milk.

"How can I get her to take solid food in the morning?"

Your first mistake is in take the sharp edge from her appetite by offering the orange juice and oil. Let her first meal be cereal or banana, and milk. Let her wait a half hour after she wakens before you give this.

Then at 9:30 you can serve the orange juice and vitamin D and at 11 to 11:30 give the noon meal of vegetables, meat or egg yolk, milk pudding and milk to drink. Her main meal now is a very scanty one for a child of her age.

In the middle of the afternoon offer that three ounces of milk she now wants in the middle of the night. Let her take a nap if she is sleepy and then hold off her bedtime until 6:30 or 7 p.m. If she wakens at 7 a.m. her day can end at the same time twelve hours later.

At her dinner meal she may have custard, or cottage cheese, or egg, if she hasn't had it at noon; or a combination of meat and vegetables, plus some fruit sauce and her eight ounces of milk. If these foods are served in the quantities that satisfy her—and she is the best judge of how much she wants—she should have no more night-waking and night-feeding.

Our leaflet No. 23 "Three Meal Schedule" outlines the meals for a child of nine to twelve months. It may be had by sending a stamped, self-addressed envelope with your request to Myrtle Eldred in care of The Edmonton Bulletin.

TOMORROW: "There Are So Many Causes of Sleeplessness!"

Sask. Crown Corp. Made Small Profit

REGINA, Feb. 25.—(CP)—Saskatchewan Industries, a crown corporation operating a tannery, shoe factory and woollen mills, made a net profit of $1,538 in the last nine months of 1947, it was shown yesterday in the annual report tabled in the legislature by Municipal Affairs Minister J. H. Brockelbank.

While the government tannery had a loss of $3,203 the leather-products division had net profits of $320 and the wool products division made a net of $4,421.

True reports on the work of the Red Cross by leading Canadian writers

The case of the 7 strangers

by CLAIRE WALLACE

There is a man in Canada who has the blood of seven total strangers in his veins. Maybe you wince at that idea. He doesn't. Without it, he would be dead.

Two years ago he was seriously injured in a crash. He received desperate head injuries, and a delicate operation was imperative. But shock and loss of blood had so weakened him that he couldn't have survived one. If... seven strangers had not stepped in.

They were Canadian men and women who had each given a blood donation to the Canadian Red Cross National Blood Transfusion Service. When the doctors called for blood to save the life of the accident victim, it was the blood of those seven which pulled him through.

"Were you one of them?"

Today, he is a healthy, happy, useful citizen of Victoria, British Columbia. The only thing that marks him as different from the average man is a rather searching look that sometimes comes into his eyes as he walks along the street. For he often thinks of the seven who saved his life and wonders who they are. As he looks into a stranger's face, he silently asks: "Were you one of them? If so, I thank you from my heart."

Similarly, the mother who gave birth to twins and would have died, except for prompt blood transfusions . . . the baby so anaemic at birth he could be kept alive only by donated blood . . . the maimed . . . the sick . . . the old—all those who owe their lives to blood transfusions say: "Thanks, unknown friend."

Free blood for Canadian hospitals

The Red Cross Blood Transfusion Service plans, as soon as possible, to extend whole blood and plasma free to all patients needing it, in hospitals right across Canada. Already, Red Cross — British Columbia and Alberta—provide this life-saving service. Last year, Alberta and British Columbia distributed 21,044 bottles of whole blood and 2,364 bottles of plasma, resulting in the saving of many lives.

But it takes money as well as blood to save these lives. Remember this, as the Canadian Red Cross appeals to you now for funds. Your money is essential to the Blood Transfusion Service and other phases of Red Cross work. Give generously. A life may depend upon your donation.

Red Cross Services include: Blood Transfusion, Outpost Hospitals, Aid to Sick and Disabled Veterans, Treatment for Crippled Children, Disaster Relief, Nutrition Services, Home Nursing Courses, Swimming and Water Safety, etc.

The work of mercy never ends . . . Give generously to the Canadian Red Cross

MR. AND MRS. EDWARD JOHN BLACK, who were married recently at Eastwood United Church. The bride is the former Nora Beatrice Warne, daughter of Mrs. G. J. Warne and the late Mr. Warne. The bridegroom is the son of Mr. and Mrs. E. J. Black of Sittingbourne, Kent, Eng.

Yolanda Petris, Concert Singer Delighted With City Welcome

By Frances Geddes

"My joy is to sing," confided Yolanda Petris as she arrived in Edmonton yesterday morning. She will be guest artist this evening at a Women's Musical Club celebrity concert at Metropolitan Church.

Miss Petris' joy in singing probably accounts for the fact that she is never nervous before a concert. "I love to sing, and I look forward to it," she said in her quaint English. Speaking fluently in German, Italian, French and Swedish, Miss Petris enthused about Canada. She likes it "much".

Edmonnaise is the word for Miss Petris. Vital and vivacious, she was delighted with the people she has met and the welcomes she has received on this continent. She has been here a few months now and has travelled through the U.S. and Canada, born in Italy and having lived there most of her life, Miss Petris will return to Sweden where she has chosen to make her home.

"If a concert artist ever has a home," she laughed.

Miss Petris loves to travel—she wants to see the world. And that is why she has chosen concert work in preference to the opera, although she has done both. When she leaves Edmonton she will go to Saskatoon, then to Texas and Puerto Rico. She has been in every European country and recently appeared in England where she made several records.

Miss Petris and her accompanist, Otto Seyfert, both agree that Canada is more cosmopolitan than the United States. Mr. Seyfert, her unofficial interpreter, was an opera conductor in Germany. He said Miss Petris think that Canadians keep their homes and buildings much too hot. "And the food, too," added Miss Petris, with a pink tint in her eye, "—so much salt and pepper."

Miss Petris enjoys "everything which is art" but her great love is music. She also admitted that she cooks sometimes but made no claims to her abilities in that line. She studied singing for five years before she went into concert work and made from the very start when her career was interrupted, she has been appearing before audiences for more than five years.

Asked about opportunities for young singers in Europe, Mr. Seyfert was not too cheerful. "They're not too good right now," he said, but he added that the people of Europe love their music so much it would probably be not too long before dormant careers were being taken up again.

Racial Discrimination Outlawed By State

NEW YORK, Feb. 25.—(AP)—A Negro woman recently answered a help wanted ad for a switchboard operator at a New York manufacturing concern.

"Are you a high school graduate?" asked the personnel manager.

"I'm a college graduate."

"Are you married,"

"Yes."

"Ah, in that case, I'm sorry. You see, we don't hire married women. Nor college graduates. Just high school graduates."

Her color was never mentioned, but the woman felt she was getting a raw deal somehow. Two and a half years ago, she might have been turned down with much less subtlety and she couldn't have done anything about it. But the woman in this case eventually got the job, after the employer was reminded of New York state law against discrimination.

Though it is surrounded by conflicting opinions, this first law of its kind is taking on increasing importance as an experiment designed to legislate out of existence at least one fruit of racial and religious prejudice.

From every region of the U.S. and from places as far away as Australia and Hawaii, the New York State Commission Against Discrimination has been getting inquiries as to its operations and effectiveness.

SCAD, (the Commission) thinks the law is proving effective, although the sentiment now ranges from all-out praise to "It's better than no law at all." Among the original opponents, the feeling now extends from complete support to complete condemnation.

In 2½ years SCAD has not found it necessary to go to court once. In every case, it reports, where anyone was found to be using discriminatory methods, he yielded to conciliation and persuasion, backed up by the implied or expressed threat of punishment provided in law.

Since it began, the five-man Commission has handled 1,131 complaints and investigations. Just how the conciliation technique operates is illustrated by the case of the Negro woman turned down for the switchboard job. The Commission found the company had hired married women for similar jobs and that it was consistently turning down Negroes.

The employer denied any racial discrimination. Finally, said he feared his white employees would resent them. The SCAD man told him about a separate telephone company which changed its policy to hire Negro operators. Several weeks later, when one of the older girls was given a wedding shower, the guests included the two Negro girls.

The employer agreed to try the Negro applicant. Six months later, on a re-check, a commission investigator found he had hired another Negro woman with no damage in his employer relations.

Woman Member of Commons Upholds Price Controls

OTTAWA, Feb. 25.—(CP)—Mrs. Gladys Strum, only woman member of the commons, gave male opponents of price controls and subsidies a verbal spanking on behalf of "Canadian mothers and housewives" yesterday and expressed the wish that "you gentlemen would learn the nutritional facts of life."

The blonde farm housewife, C.C.F. member for the Saskatchewan constituency of Qu'Appelle, charged that the government was following a "foolish kind of economy," in refusing to pay subsidies on essential food products. The policy was destroying the health of the country.

She spoke during continued debate on the government's motion for establishment of a committee to investigate reasons for high living costs.

Mrs. Strum said she wished the cabinet ministers could have been replaced during the debate by their wives, who did the shopping. She was amazed by how little a dollar now would buy. Those opposing controls and subsidies could not realize what they were doing in refusing milk to a baby and prunes pre-natal care to mothers.

Mrs. Strum said that the government was preparing for the same sort of statistics which were compiled when Canadian youth was called to fight in the last war. No expense was saved to equip the fight on cancer, nor was food was being denied their children.

"Those who do not know the facts of life should not be allowed to govern," she said.

Mrs. Biollo Convener Of Tea and Bazaar

Members of St. Anthony's Altar Society will hold a tea and bazaar in the Empire Room of the Hudson's Bay Co. store Saturday from 2 to 5 p.m. Mrs. Peter Biollo is convener.

Mrs. F. Munshaw is in charge of the tea table. Mrs. E. Donnelly and Mrs. J. Monaghan will look after the fish pond. Mrs. G. McDonald and Mrs. J. Hogue are in charge of the home cooking and Mrs. J. Pickard and Mrs. Murray will look after the fancy work. The Children of Mary will man the candy booth.

Flare and Femininity Fashion Silhouette

Jewish Juniors Show New-Season Look

Flare, femininity and fullness marked the spring silhouette at the fashion show presented by the National Council of Jewish Juniors at the Trocadero ballroom Wednesday afternoon at 8.30 p.m. Styles from the Fashion Dress Shoppe were featured. The show will be again presented in the evening at 8 p.m.

Spring fashion story is a suit story emphasizing swirling skirts, nipped-in waistlines and a rainbow of warm colors. Gabardines are all-important, particularly the Chesterfield gabardine, a fine English weave.

Pert, vivacious Bernice Stenton was charming in an attractive bemauved version of the ballerina suit that proportioned into spring with lavishly-ruffled skirt and short snug-fitting jacket.

This spring welcomes back the bolero and one model displayed a pretty amber-brown suit with the short crisp cutaway lines of the bolero serving as a foil for the profusely flaring skirt.

Novel widely flaring hip-length cape was introduced as the big ensemble news for the Easter parade. Capes and capelets will win new prestige as a pet "extra little wrap" that finishes off a dress, or a shirtwaist and skirt.

Capes promote well in color combination. They blend with dresses or suits for the one-color-top-to-toe effect; they can be bright over-dark, or pale over dark.

The displayed in the show was navy blue, wide-swinging and flattering. "It was shown as an all-navy blue costume then with a cherry-red suit—very swish and top-of-the-list for smartness.

Navy and red, for instance, coats with a coat for every suit silhouette. The full-length fitted coat with a flare silhouette was shown in the ever-important black. The boxy wrap appeared on the stage in scarlet, grayed-blue and a bright St. Patrick's Day green. Shorties are high on the list as they look well with flared or slim skirts.

One ensemble that drew appreciative sighs from the audience was a mulberry gabardine suit with long jacket and tube-slim skirt and a shortie of blended plaid-shades of mulberry and browns predominating.

The dress-with-its-own-jacket costume is due for a bang-up comeback. A charming model shown was of honey-beige crepe, fashioned with a graciously full skirt and a petit, simple long sleeved jacket. The bodice of the dress was plain with shoulders and cap sleeves draped to perfection.

No fashion show would be complete without a showing of wedding gowns and evening dresses. Audrey Crich was enchanting in a nylon marquisette wedding frock, fashioned on sweetly youthful lines with an off-the-shoulder ruffle, high round-neckline and a fitted bodice tapering to a point in centre front and back. The back interest in the dress was important. A wide ruffle cascaded from the back waistline and continued around the entire circumference of the voluminous skirt.

Bernice Stenton, as bridesmaid wore an Alice blue moire gown with a short puff net yoke. Dropped-shoulder Pilgrim color made the neckline important and a pastel sash with an elegant bustle and full skirt.

Miriam Levine was convener of the show.

Modelling were Mrs. Esmie Pike, Mary and Syvia Coulson, Audrey Crick, Bernice Stenton, Miriam Levine, Zelma Manian, June Avish and Betty Dunlop.

Local Council of Women To Raise Funds For Appeal

Funds for the Canadian Appeal For Children will be raised at a tea to be held by members of the Local Council of Women at the Talmud Torah Hall March 3. Tea will be served in the afternoon from 3 to 5:30 p.m. and in the evening from 8 to 10 p.m.

Mrs. W. J. Rutherford, president of the Council, Mrs. Kate Lyons and Mrs. Joseph Samuels are in charge of arrangements.

Proceeds from the Appeal will be used in Canada to send food and medical supplies to the children of war-devastated countries. It is now being jointly conducted by United Nations Appeal for Children and Canadian Council for Reconstruction through UNESCO.

The aim of the nation-wide campaign is 10 million dollars. Appeal is not political nor religious.

All city women's organizations are co-operating with arrangements for the tea.

His Hon. Lt-Gov. J. C. Bowen and Mrs. Bowen, Major-General H. Penhale and Mrs. Penhale, AVM K. M. Guthrie and Mrs. Guthrie, Cmdr. Rodney Pike and Mrs. Pike, Col. Paul Greiner and Mrs. Greiner, Asst. Cmr. A. T. Ainley will act as patrons.

Mrs. W. E. Stewart, president of the Local Council of Women, who is assisting with arrangements for the tea to be held by the Council in the Talmud Torah hall March 3. Proceeds are to be donated to the Canadian Appeal for Children

Belcher and Mrs. Belcher and Mayor Harry Ainlay and Mrs. Ainlay will act as patrons.

Course in Advanced Obstetrics Planned For District Nurses

The course in advanced practical obstetrics for district nurses will be given again this fall, for the fifth time, at the University of Alberta. While this course was originally planned to meet the needs of public health nurses serving in areas remote from medical care, it is of value to any nurse who is interested in maternity work, and particularly to nurses in charge of obstetric units in small hospitals.

Students receive instruction and experience in all phases of maternity work and care of the newborn child. District nurses refer selected patients to hospital for confinement under the free maternity hospitalization plan. However, owing to distances, comparatively few of the women in these districts are able to see their doctor regularly during pregnancy, and the district nurses are called upon to give most prenatal care.

The district nurses may be called upon to confine women in the home in cases where the patient goes into labor sooner than anticipated. Nurses accordingly must understand all phases of obstetric care, and must be qualified to recognize abnormalities before these develop into serious complications.

The course is of four months' duration, the first ten weeks being spent in lectures, seminars and bedside instruction at the University of Alberta, and the last six weeks in practical experience in selected hospitals in the Province.

A certificate is given upon completion of the course.

Registration will be on September 8, 1948 and application should be submitted to the District School of Nursing, University of Alberta, before August 15th.

Museum Director Addresses CWL

R. W. Hedley, director of the Edmonton Museum of Arts, spoke to the Margaret Duggan subdivision of the Catholic Women's League on art and drawing at the museum Monday evening. Mrs. L. F. La Fleche thanked Mr. Hedley for his address.

Refreshments were served following the meeting. Mrs. D. Wilde, Tuesta Murray and Freda Melbermott were in charge of arrangements.

Catherine McGrath acting president, was in the chair.

SOCIAL and PERSONAL

Spring tea was held by Belton Home and School Association recently. Mrs. J. Kulak and Mrs. F. Hall received guests. A centre piece of spring flowers and tall tapers decorated the tea-table. Mrs. R. S. Sheppard, Mrs. M. E. Butterworth, Mrs. J. King and Mrs. F. Meldrberg poured tea.

John Farina Guest Speaker

John Farina of the Edmonton Recreation Commission was guest speaker at a meeting and social evening held recently by members of the Eastwood Community League. He outlined the operation of the Commission and answered his audience about the obtaining of equipment and support from it.

Mrs. Jack Hardy led community singing and C. Hull was master of ceremonies, assisted by A. D. Bruce. R. Bruce, president of the league, welcomed the guests who were in "hard time" attire.

Mr. Hall and Mr. Bruce were judges at a mock trial charging persons with wearing jewelry. Mr. and Mrs. J. Hughes participated in a cake eating contest.

Music for dancing was provided by Mrs. J. Cunningham, R. Moore and Percy Martin.

Varsity Days Theme of Prom

Freshman, Sophomore and Junior years of varsity life were recalled by senior students of the University of Alberta at their class dance Tuesday evening. The Senior Prom, last class dance of the term, attracted some 400 couples who danced for three hours in Trocadero ballroom.

In keeping with the graduating theme, members of the orchestra wore caps and gowns and suspended from the ceiling was a huge replica of a mortar board especially constructed by the engineers. Dance programs took the shape of mortar boards with the dances being named after memorable varsity incidents of the past three years. Sketches of bears formed the main motif of the prom of the class of '48.

Receiving the guests were Mrs. W. G. Hardy, Mrs. H. T. Sparby, Mrs. Claude Simpson, Miss Constance McFarlane and Gordon Coates, president of the class.

Mr. Coates headed the executive in charge of arrangements which included Beth Tanner, Helen Lilly, Joan Dawson and Gordon Greenwood and Keith Henry.

Dr. W. G. Hardy is honorary president of the class.

FEWER WOMEN THAN MEN

EDINBURGH, — (CP)—Scotland is the only European country with *fewer* marriageable women than men, said Registrar-General J. G. Kyd. In 1946 alone, 16,000 war brides left and Scotland lost more girls this way than young men by war deaths.

EDUCATOR GETS MEDAL

KINGSTON, Jamaica—(CP)—Dr. J. W. Taylor, principal of the University College of the West Indies, has received the American Medal of Freedom with bronze palm for meritorious scientific service performed during wartime. The presentation was made by Malcolm P. Hooper, United States consul at Jamaica.

Night Classes Held For DP's

Twenty of the displaced persons who arrived in Edmonton recently attended the opening class of a series of instructional periods to be held at the St. Mary's high school each Tuesday and Thursday at 8 p.m.

The course is a nation-wide plan sponsored by the Dominion government to prepare these people for citizenship in Canada.

In Edmonton, there are two qualified teachers to conduct the courses.

Before these young people can become full-fledged Canadian citizens they have to be able to pass a Grade 3 exam, as well as a more

BABIES Stop Crying

Your baby doesn't have to cry with pain when he's teething. Just rub on a little Woodward's Gripe Water. It's safe. Woodward's Gripe Water has been famous in England for more than seventy years. Wonderful for colic, Gripe Water is quick to act in healing sting pains.

WOODWARD'S Gripe Water

For Bad Winter Coughs, Mix This Syrup at Home

This well known recipe is used by many thousands of housewives because they have found that it pleases them on effective, dependable medicine for relieving winter coughs. It's so easy to mix—anyone can do it.

From any druggist, get 2½ ounces of Pine Expectorant (or compound) and pour it into a pint bottle. Then add sugar syrup (corn syrup or liquid honey) to fill the bottle. Shake well.

That's the Pinex recipe—it takes but a few minutes to make and you get four times as much cough medicine for your money. It never spoils and tastes very pleasant—children love it.

You'll be surprised by the way it takes hold of severe coughs, giving quick relief. You can feel it take effect as it soothes the irritated membranes, and helps clear those passages. Money refunded if dissatisfied in any way.

Pinex is a highly concentrated compound of proven cough medicines, in tablet form, but you can use corn syrup or liquid honey if you prefer. Ask your druggist for "Pinex" and don't accept anything else.

Pinex Saves You Money. Fast Relief. Easily Mixed.

CANADIAN DOLLAR

NEW YORK, Feb. 25.—(CP)—The Canadian dollar was up ⅛ of a cent at a discount of 11 per cent in mid-day foreign exchange dealings today. The pound sterling was unchanged at $4.03¼.

OIL

The successful completion of Imperial-Leduc No. 33 well gave Imperial Oil its 30th consecutive producer in the Leduc-Woodbend area. The first failure came with the thirty-first completion at Imperial No. 34.

An eight hour test gave No. 33 a daily potential of 432 barrels from the D2 zone. This well is bottomed at 5,110 feet.

The failure of No. 34 came as a surprise since the well is a north offset of East Leduc — South Brazeau No. 1 which found the D3 zone 22 feet higher. Imperial's D3 discovery well, Leduc No. 2, located a half mile north of No. 34, found D3 38 feet higher than the failure.

The discovery of a dip-off of this nature between producers gives D3 zone a highly speculative characteristic not previously suspected.

Failure of Imperial-Leduc No. 34 to come into production has given rise to speculation about previously accepted borders of the field's proven area. The fact that this well is just north of an exceptionally strong producer in East Leduc—South Brazeau No. 1 makes it seem probable that the latter well has tapped a new oil pool in a separate island of the Devonian coral reef.

There now appears to be a distinct possibility that Leduc-Consolidated No. 1 and No. 3, Central Leduc B.A. Pyrcr No. 1 and other failures do not necessarily mark the eastern edge of the field, but that the other islands of a coral chain lie beyond.

According to oilmen it is too early to decide what effect this m[illegible]ve on independents with holdings east of this line but there is a likelihood that more wildcats will be sunk in this area.

* * *

Midalta Petroleums Limited is a new company now being incorporated in Ontario. It has acquired a 14,358 acre lease south east of the present Wainwright field. An exploration program will be started in May.

* * *

The test of Canadian Gulf Pincher Creek well scheduled for today has been postponed due to a stuck drill pipe. The well will be treated with 1,000 gallons of acid in an attempt to loosen the pipe. If the hole is cleared the test will be made on Thursday. Some idea of the importance attached to this discovery with its huge bottom hole pressure may be gained from the fact that top Gulf officials have come from Texas to be on hand for the test.

Livestock

EDMONTON, Feb. 25.—Total receipts: cattle 376, calves 38, hogs 766, sheep 28.

Trading was fairly active on today's cattle market with prices fully steady and in line with the week's advance. Receipts light, and will be well cleared under a good demand. Choice steers quoted 14.75-15.25, the odd extreme top 15.50. Practical top on choice butcher heifers 14.25 with a few choice lightweights topping 14.50. Good cows 10.00-10.50, light heifery kinds 10.75-11.00.

Veal calves. Good to choice handyweights 13.50-14.50. Choice lights 15.50-16.00. Heavy calves 9.00-14.00.

Hogs. Grade A for shipment 28.00. Grade A at plants 27.00. Sows liveweight on yards 15.00. Feeder hogs, 17.00-18.00.

Lambs. Good to choice handyweight locals 14.50-15.00. Good to choice handyweights off cars 15.00-16.00. Medium 10.00-12.00. Yearlings 6.50-7.50. Light ewes 4.50-6.50. Medium ewes 3.00-4.00. Feeders in limited demand at 7.00-9.00.

Stockers and feeders in demand at firm prices. Good stocker steers 11.00-12.00. Plain steers 9.50-10.50. Short keep feeders of good breeding 12.50-13.00. Stock heifers 9.50-10.50. Stock cows 7.50-8.50.

The following are the quotations:

Choice fed calves	$14.00 to 15.00
Choice steers	14.75 to 15.25
Good steers	14.00 to 14.50
Medium steers	13.50 to 14.00
Fair steers	12.00 to 13.00
Common steers	10.00 to 12.00
Choice heifers	13.50 to 14.00
Choice heifers	13.75 to 14.25

AT ST. PAUL

SOUTH ST. PAUL, Feb. 25.—(AP)—Cattle, 3,400. Medium and good steers and yearlings, 23.00-26.00; medium and good heifers, 22.00-25.00; common steers and heifers, 18.00-21.00; good cows, 19.00-21.00; common and medium grades, 16.00-18.50; canners and cutters, 13.50-15.50; medium and good bulls, 19.50-21.50; medium and good stockers, 18.50-22.00.

Calves, 3,000. Choice, 30.00; high, good and choice, 27.00-29.00; medium and good, 21.00-26.00; common, 14.00-20.00; culls, 10.00-13.00.

Hogs, 8,200. No early trading.

Sheep, 2,500. Few early sales good and choice 100 lb. Montana wooled lambs, 21.25; package choice 84 lbs. fed wooled lambs, 22.00.

AT WINNIPEG

WINNIPEG, Feb. 25.—(CP)—Trade was firm and active today on the Winnipeg livestock market, with most killing classes 25 to 50 cents higher for the week. The upturn was attributed to light to moderate deliveries.

Cattle receipts, 640. Steers up to 1,050 lbs., choice $15.75-16.25; good, $14.00-15.50; heifers, choice, $14.50-$15.25; good, $13.00-$14.00; fed calves, choice, $15.00-15.50; good, $14.00-14.50; cows, good, $10.55-12.00; bulls, good, $10.00-$11.00; stocker and feeder steers, good, $10.75-12.50.

Calves, 90. Good and choice veal, $18.00-$23.00.

Hogs, 665. B1 dressed, $27.10.

Sheep and lamb receipts, 15. Good lambs, $16.00-16.50.

AT CALGARY

CALGARY, Feb. 25. — (CP) — Trade active with prices steady to 25 cents stronger for the week.

Tuesday's receipts: 1,090 cattle, 70 calves, 909 hogs, 138 sheep. This morning: 185 cattle, 14 calves, 169 hogs, 56 sheep.

Hogs sold Tuesday at $27.35 for A's at yards and plants. Sows $13.50 live weight.

Good to choice butcher steers 14.75-15.25; common to medium 11.50-14.50.

Good to choice butcher heifers 13.75-14.50; common to medium 10.50-13.50.

Good cows 10.75-11.25; common to medium 8.25-10.50. Canners and cutters 5.50-8.00.

Good bulls 10.00-10.50; common to medium 8.00-9.50. Good stocker and feeder steers 12.00-13.00; common to medium 10.50-11.50.

Edmonton—Total receipts of cars trucked, driven and shipped by rail to local livestock agencies on Feb. 24: cars 6, cattle 609, calves 33, hogs 527, sheep 414.

Shipments on Feb. 23—to British Columbia, 1 car cattle, 2 cars calves, 4 cars hogs.

F. B. Kilbourn, OBE, former executive and general manager of Canada Cement Company, has been elected company president, succeeding J. D. Johnson who has been elected chairman of the board.

—Rice photo

J. M. Breen, B.A.Sc., formerly assistant general manager, has been elected executive vice president, general manager and a director of the cement company.

H. R. Milner, KC, has been elected a director of the company. Mr. Milner is a director of the Royal Bank of Canada and of several corporations in eastern and western Canada.

BUSINESS SPOTLIGHT

Gold Attracts Fresh World-Wide Attention

By The Canadian Press

Gold is attracting fresh attention in developments which extend from France to the Chicago grain pit.

It started in Paris in January when France devalued the franc and opened a free market in dollars and gold coins. The immediate reaction was a favoring of gold over all currencies, with available gold coins selling at a premium of around 100 per cent over free dollars.

This in itself was not remarkable. Most of the world's gold is under government control and all along there has been a steady demand for it in the few free markets which existed; for there always is a strong element which wishes to hoard the yellow metal or put it away for a rainy day.

But what happens in France is much nearer home than what happens in, say, India, and the action there pointed up the faith in gold even in the Western world.

The effect was felt immediately in London and from Jan 22. to Feb. 5 the gold index of South African shares jumped nearly 12 points from 103.1 to 115. It has stayed near that figure, closing yesterday at 114.1, off .5 from Monday.

The gold strength was interpreted as a guard against deflation, with money seeking investment in a medium which becomes more valuable as other prices become lower.

GRAIN PRICES BREAK

Then for a fortnight following Feb. 4 grain prices broke sharply in Chicago, with other commodities falling in sympathy and security exchanges showing nervousness until the effect could be assessed.

It hasn't been assessed yet—deflationary forces, witness grain, meet with inflationary forces, witness steel, with the outcome undetermined—but for the time being the grain action is deflationary.

The big gold mining market in North America is Toronto, and golds there had been pursuing a sad course, discouraged by high prices and dissatisfied with the government assistance program.

As recently as Feb. 12 the Toronto gold index was down to 96.08, a fall of 24.18 points since Nov. 18, and its lowest point since October, 1946. Since Feb. 12, however, golds have recovered 7.43 points to 103.51, with a jump of nearly two points yesterday.

It is reported that a lot of the buying is from New York and, if so, it would indicate that some American money at least is hedging against the possibility of further deflation. Chief interest is in producing mines, indicating that the money coming in is of investment nature rather than speculative. Gold issues listed in New York also were strong yesterday.

Financial Review

TORONTO, Feb. 25. — (CP)—Stocks maintained a steady upward trend in quiet trading on the Toronto Stock Exchange today as key issues in all groups enjoyed quiet accumulation. Trading generally was featureless on fractional advances for the industrials and narrow gains for the mines. Volume was about 850,000 shares.

Papers and oils were active and ahead for the industrials while other groups held firmly.

Senior golds were less active than yesterday with trading today advancing Dome and Lake Shore fractions while Hollinger lost a fraction. The base metals showed good form on gains for Smelters, Eureka, Nickel, Labrador, Noranda, Quemont and Osisko.

* * *

MONTREAL, Feb. 25.—(CP)—Industrials displayed gains ranging from fractions to as much as to two points in quiet trading on the stock exchange and curb market today. Mines were soft in light dealings.

Price advanced 1⅛ points and International Paper ⅝ in papers. Winnipeg Electric moved ahead two points in an improved utility group. Aluminum rose one point while Consolidated Smelting and International Nickel were fractionally better in a quiet metal group.

Minor gains in oils were posted by Imperial Oil and Consolidated Homestead.

O'Brien eased five cents and Bob's Lake 2½ cents in mines, Quebec Manganese and Formaque added ½ each.

* * *

NEW YORK, Feb. 25.—(AP)—Favored industrial stocks sparked a moderate rally in today's market.

Some of the oils were sharply higher. Railroads, motors, steels, and rubbers provided early leadership, although morning gains were not fully maintained in many instances. Volume of dealings expanded somewhat over the previous session, totalling around 800,000 shares.

Canadian issues were higher. McIntyre added ½. Distillers Seagrams was up ¼. Canadian Pacific and Hiram Walker gained ⅛. Dome Mines lost ⅛.

On the curb, Lake Shore eased ⅛.

Grain Futures Drop From Highs

WINNIPEG, Feb. 25.—(CP)—After displaying a firm trend in early trade, oats and barley futures prices declined from their highs near the close today on the Winnipeg Grain Exchange. Shipper demand light offerings contributed to the early gains in oats, while maltster and shipper purchases gave barley a better tone. Offerings, however, increased in the late stages and early advances were erased and losses recorded in most instances.

AT CHICAGO

CHICAGO, Feb. 25. — (AP) — Grains didn't get far in either direction on the Board of Trade today. But the undertone remained firm and cereals were ahead for small gains most of the session. Corn displayed more strength than either wheat or oats.

Large cash and elevator houses bought wheat at one time, sending prices ahead a couple of cents. There also was support from traders on the ground that "crop scares" may appear shortly.

Wheat closed ¼-1⅜ higher, corn was ½-3¼ higher and oats were ⅝ lower to 3½ higher.

Cash wheat: None. Corn: No. 4 yellow 2.14¼-18. Oats: No. 1 white 1.29. Barley nominal: Malting 2.25-30.

Close:

Only Wallace Can Hold Russ Confidence - Shaw

From BUP and AP Dispatches

ANN ARBOR, Mich., Feb. 25.—The University of Michigan daily newspaper quoted George Bernard Shaw in a copyright story today as saying that Henry A. Wallace "is the only presidential candidate whose election will allay Russian suspicion of America."

The student daily quoted from a letter from the Irish wit and playwright solicited by William Chase of Ann Arbor, a Michigan student and member of the local Wallace-for-President committee.

According to the daily, Shaw made his comment on Wallace in answer to the question: "What effect would the election of Wallace have on international relations?"

Shaw went on to say, the newspaper quoted, that the American press has attacked Russia since 1918, except during the late war, and that he didn't "blame Russia for being suspicious of America."

Chase asked Shaw what future he saw for America if Wallace were elected.

HE'S NO PROPHET!

"I'm not a prophet," Shaw reported, "consult old Moore's Almanac . . . if you want the world's fortune told."

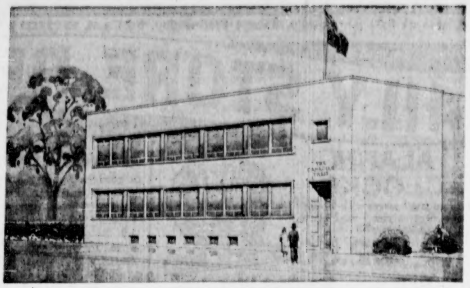

Several other questions were submitted to him.

One was: "Can Mr. Wallace (if elected) restore amicable relations between the United States and Russia without full support of Congress?"

Shaw replied: "Not unless Russia will let him. Congress or no Congress. But Mr. Wallace represents the peoples' votes of Russia and America as not wanting another war and those who imagine that Stalin wants one or could afford one are nitwits two centuries out of date."

Prison Sentence Packing Co. Head

CHICAGO, Feb. 25.—(AP)—Samuel Chapman, 52, head of a Chicago packing company, yesterday was sentenced to a year and a day in prison on charges of accepting $1,862,704 in U.S. government subsidies while his company was violating Federal meat-pricing regulations. Federal Judge Philip L. Sullivan also fined Chapman's firm, the Empire Packing Company, $5,000.

The Canadian Press, national news co-operative, has started construction of a new head office building in Toronto from which world and Canadian news will flow by wire to daily newspapers, including The Bulletin, and radio stations from coast-to-coast. Two storeys, as pictured above, will be completed in August, with provision for two more later. The building on University Ave., near King St., will also house the Canadian Daily Newspapers' association and Press News Limited, CP's radio subsidiary. It is designed by Mathers and Haldenby of Toronto, under the personal direction of Brigadier Eric Haldenby.

Laundry Help Ask New Wage Scale

CALGARY, Feb. 25.—(CP)—A new agreement requesting a 20-cents-an-hour wage increase and a 44-hour week for the employees of six Calgary laundries and dry cleaning plants was presented last night to employers by the Laundry and Dry Cleaning Workers' union (AFL). The union seeks a new agreement providing a minimum hourly wage of 75-cents for men and 50-cents for women.

Seasonal Moves Farm Labor Needed

OTTAWA, Feb. 25.—(CP)—Although an influx of immigrants has helped to relieve a shortage of farm help, seasonal movements of labor to harvest crops will be necessary again this year, Labor Minister Mitchell said yesterday.

He made the statement after tabling in the Commons an order-in-council enabling the Dominion to enter agreements with provinces covering movement of farm labor.

Under previous arrangements, Provincial authorities were urged to use local help to the greatest possible extent during seasonal shortages. However, acute situations developed in certain areas and it was necessary to transfer workers from province to province. In 1947, 5,000 were moved during harvesting seasons.

Have Quick Test For Rot Resistance

WINNIPEG, Feb. 25.—(CP)—A quick test has been developed to determine resistance of cereal crops to root rot fungi in research work by the Dominion department of agriculture at Saskatoon, delegates to the 16th annual meeting of the associate committee on plant diseases of the National Research Council were told Tuesday.

DE MARIGNY SEEKS QUASH WIFE'S SUIT

NEW YORK, Feb. 25.—(CP)—Count Alfred de Marigny yesterday petitioned the New York supreme court to dismiss a suit for annulment started by his wife, Nancy Oakes de Marigny.

De Marigny claimed in the petition, filed by his lawyers, that both he and his wife, daughter of the late Sir Harry Oakes, Canadian millionaire mining magnate, are British subjects. Therefore, he contended, the New York courts have no jurisdiction.

Mrs. de Marigny's suit claims that de Marigny's 1937 Florida divorce from his first wife, the former Lucie-Alice Cahen of Paris, was invalid and that their own marriage therefore was illegal.

De Marigny at present is fighting a legal battle to prevent deportation from Canada to his native Mauritius.

Bermuda Air Field Paves Way for New Trans-Canada Route

WASHINGTON, Feb. 25.—(CP)—A United States-United Kingdom agreement signed here yesterday paves the way for use of Kindley field in Bermuda by Trans-Canada Air Lines.

This ends long-standing negotiations in which the United Kingdom sought the privilege to transfer to TCA its right to use the Bermuda field for civil aviation purposes.

(At Ottawa, Trade Minister Howe said that the Caribbean air base agreement will have the effect of enabling Trans-Canada Air Lines to start a service between Canada and Bermuda, but any announcement would come from the airline officials.)

A new plant able to make 50,000 tons of ammonium sulphate a year is to be installed near Hobart, Tasmania.

EATON'S DAILY STORE NEWS — Thursday February 26th

In Co-operation with the Central Mortgage and Housing Corporation EATON'S *Presents*

Canadian Small Homes Exhibition

Opening Thursday, February 26, Continuing to March 6—Second Floor

A unique exhibit of scale model homes. The 15 top-winning designs in a Dominion Government-sponsored competition organized to interest Canadian architects in planning low cost homes for average Canadian families—now at EATON'S.

✦ You'll see in all 15 CLEVER SCALE MODEL REPRODUCTIONS of intriguing prize-winning bungalows and two-storey houses in stone, stucco, clapboard and brick.

✦ You'll see ARCHITECTS' PLANS and DRAWINGS of other houses selected from the best entries.

✦ A representative of the Central Mortgage and Housing Corporation will be in attendance to give full information and answer questions as to assistance the Dominion Government will provide to those planning new homes.

On Display During Store Hours On Our Second Floor

Official Book "67 Homes for Canadians"

A Book of Attractive House Plans

House plans with the average budget in mind, prepared especially for Canadian requirements! You'll want a copy of this book, if you're planning a new home, and you'll find it's information very helpful in making your plans. Includes the prize winners of the Canadian Small House Competition.
